ESTIMATED NET EFFECT ON LOCAL FUNDS			
FUND AFFECTED	FY 2007	FY 2008	FY 2009
Local Government	\$0	\$0	\$0

FISCAL ANALYSIS

ASSUMPTION

Having reviewed the proposed legislation and having sought the conclusion of the appropriate board(s), officials from the **Department of Economic Development - Division of Professional Registration** assume this proposal will have no fiscal impact to their division.

Officials from the **Department of Health and Senior Services (DOHSS)** state this proposal would not be expected to fiscal impact the operations of DOHSS. If a fiscal impact were to result, funds to support the program would be sought through the appropriations process

Officials from the **Department of Elementary and Secondary Education (DESE)** state this proposal will have no fiscal impact on their agency. However, the proposal may require additional record-keeping duties in school districts. In addition, medication storage may have to be arranged (if not currently available) in a location at which the pupil or school staff has immediate access in the event of an asthma or anaphylaxis emergency.

Officials from the **Lee's Summit and Poplar Bluff School Districts** foresee no significant fiscal implication from this proposed legislation.

Officials from the **Sikeston School District** state that any additional costs, if any, would be nominal.

ASSUMPTION (continued)

A fiscal impact request was sent to the school districts of **Kansas City, Mexico, Maryville and others** who did not respond to a request for fiscal impact of the proposal.

Oversight assumes any additional costs attributable to this proposed legislation would be minimal and could be absorbed with existing resources.

<u>FISCAL IMPACT - State Government</u>	FY 2007	FY 2008	FY 2009
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

<u>FISCAL IMPACT - Local Government</u>	FY 2007 (10 Mo.)	FY 2008	FY 2009
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

Currently, the self-administration of an asthma medication inhaler by students is permissible under certain conditions. This proposed legislation revises the law by broadening permissible self-administered medications to include auto-injectable epinephrine for anaphylactic shock.

The proposal specifies the necessary conditions for self-administration including a written treatment plan, proof that a student has demonstrated the skill required, and a signed liability release for the school.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
