DESCRIPTION

Currently, full information concerning alcohol breath tests is made available to the person who is tested, upon his or her request. The proposed legislation specifies that full information means the type of test administered and the procedures followed, the time of the collection of the blood or breath sample analyzed, the numerical results of the test indicating the alcohol content of the blood and breath, the type and status of any permit which was held by the person who performed the test, and the date of the most recent required maintenance of any breath testing instrument used for the test. Full information does not include manuals, schematics, software of the instrument used, or information in the possession of the manufacturer.

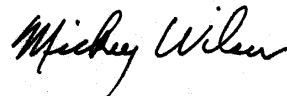

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
