EXPLANATION — Matter enclosed in bold-faced brackets [thus] in the above bill is not enacted and is intended to be omitted from the law. Matter in **bold-face** type in the above bill is proposed language.

14 (7) Coverage that is provided through a state-operated health plan that does not
15 receive any federal financial assistance.

16 2. The health plans listed in subsection 1 of this section shall only be considered
17 qualified as a state-qualified health coverage option if such plans meet the following
18 criteria:

19 (1) Qualifying individuals are guaranteed enrollment in the health plan regardless
20 of their medical status and are permitted to remain enrolled so long as they pay the
21 premium;

22 (2) No preexisting condition restriction is imposed on qualifying individuals;

23 (3) The premium charged for a qualifying individual is not greater than the
24 premium for a similarly situated person who is not receiving the tax credit; and

25 (4) Benefits are the same or substantially the same under coverage provided to
26 similarly situated individuals who are not qualifying individuals.

27 3. The department of insurance shall facilitate and coordinate the filing of
28 appropriate documentation by state agencies, including state elections letters, necessary
29 to qualify the health plans listed in subsection 1 of this section as a state-qualified health
30 coverage option for persons who are eligible for the federal health coverage tax credit
31 established by the Trade Act of 2002.

32 4. The department of insurance may promulgate rules to implement the provisions
33 of this section. Any rule or portion of a rule, as that term is defined in section 536.010,
34 RSMo, that is created under the authority delegated in this section shall become effective
35 only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and,
36 if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are
37 nonseverable and if any of the powers vested with the general assembly pursuant to
38 chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule
39 are subsequently held unconstitutional, then the grant of rulemaking authority and any
40 rule proposed or adopted after August 28, 2006, shall be invalid and void.
