

SECOND REGULAR SESSION

HOUSE BILL NO. 1856

93RD GENERAL ASSEMBLY

INTRODUCED BY REPRESENTATIVES BLAND (Sponsor), CHAPPELLE NADAL, BURNETT, WRIGHT-JONES, RUCKER, KUESSNER, WALTON, LIESE, WILDBERGER, BOYKINS, LOW (39), BRINGER, SANDERS BROOKS, HUBBARD AND BROWN (50) (Co-sponsors).

Read 1st time February 22, 2006 and copies ordered printed.

STEPHEN S. DAVIS, Chief Clerk

4714L.01I

AN ACT

To amend chapter 192, RSMo, by adding thereto one new section relating to obesity, with an emergency clause.

Be it enacted by the General Assembly of the state of Missouri, as follows:

Section A. Chapter 192, RSMo, is amended by adding thereto one new section, to be known as section 192.975, to read as follows:

192.975. 1. As used in this section, the following terms shall mean:

- (1) "Body mass index" or "BMI", the relationship between weight and height used to assess health risk related to excess weight, based on a mathematical formula that is expressed as weight in kilograms divided by height in meters squared ($BMI = kg/m^2$) or weight in pounds divided by height in inches squared and multiplied by 703 ($BMI = lbs/in^2 \times 703$);**
- (2) "Department", the department of health and senior services;**
- (3) "Dietary guidelines for Americans", the current set of recommendations of the federal government that are designed to help people choose diets that will meet nutrient requirements, promote health, support active lives and reduce chronic disease risks;**
- (4) "Nutrition education", a planned sequential instructional program that provides knowledge and teaches skills to help students adopt and maintain lifelong healthy eating patterns;**

EXPLANATION — Matter enclosed in bold-faced brackets [thus] in the above bill is not enacted and is intended to be omitted from the law. Matter in **bold-face** type in the above bill is proposed language.

14 (5) "Obesity", a body mass index of more than 30kg/m² among adults and among
15 children or a body mass index greater than the ninety-fifth percentile for age and sex in six
16 to ten year olds;

17 (6) "Overweight", a body mass index between 25kg/m² and 29.9kg/m² among adults
18 and children or a body mass index greater than the eighty-fifth percentile but less than the
19 ninety-fifth percentile.

20 2. There is hereby created the "Missouri Commission on Prevention and
21 Management of Obesity" within the department of health and senior services to be in
22 existence within sixty days of the effective date of this section until August 28, 2008.

23 3. The functions and duties of the commission shall include, but not be limited to,
24 the following:

25 (1) Collecting and analyzing data regarding the extent to which children and adults
26 in Missouri suffer from obesity, including data already available to the department of
27 health and senior services, the division of medical services within the department of social
28 services and, where feasible, the data available to commercial insurers;

29 (2) Listing programs and services currently available to address the health, mental
30 health, and social services needs of overweight children and adults;

31 (3) Listing moneys dedicated within the state through commercial and self insurers,
32 Medicaid, and other federal and state moneys to maintain such programs and services;

33 (4) Collecting and analyzing data to demonstrate the economic impact on the state
34 of failure to treat obesity;

35 (5) Identifying cultural, environmental, and socioeconomic barriers to the
36 prevention and management of obesity;

37 (6) Identifying specific recommendations that the state must implement to increase
38 obesity prevention and management in children and adults and providing the estimated
39 cost of implementing those recommendations.

40 4. The commission shall coordinate with the United States Department of
41 Agriculture, the United States Department of Health and Human Services, including the
42 Health Resources and Services Administration, the Centers for Medicaid and Medicare
43 Services, and the Centers for Disease Control and Prevention, the Missouri department of
44 elementary and secondary education, the Missouri department of social services, and the
45 Missouri department of mental health to share resources and information to ensure a
46 comprehensive approach to the prevention and treatment of obesity and obesity-related
47 conditions.

48 5. The commission shall submit a report, including proposed legislation if
49 necessary, to the governor and to the house budget committee and the senate

50 appropriations committee, no later than August 28, 2008. The report shall include
51 information about the economic burden of obesity, available programs and services, and
52 the barriers to such programs and services.

53 6. The commission shall be composed of at a minimum, the following twenty-two
54 members with consideration given to equal representation by ethnic groups and by
55 geographic area:

56 (1) The director of the department of health and senior services, or the director's
57 designee;

58 (2) The commissioner of the department of elementary and secondary education,
59 or the commissioner's designee;

60 (3) The director of the department of mental health, or the director's designee;

61 (4) The director of the department of social services, or the director's designee;

62 (5) The director of the department of insurance, or the director's designee;

63 (6) The commissioner of the department of higher education, or the commissioner's
64 designee;

65 (7) A member of the house of representatives, appointed by the speaker of the
66 house of representatives;

67 (8) A member of the senate, appointed by the president pro tem of the senate;

68 (9) Two public members, to be appointed by the director of the department of
69 health and senior services;

70 (10) A representative appointed by the Missouri State Medical Association;

71 (11) A representative appointed by the Missouri Chapter of the American Academy
72 of Pediatrics;

73 (12) A representative appointed by the Missouri Nurses Association;

74 (13) Two persons from the University of Missouri-Columbia with professional
75 knowledge and experience from the fields of medicine, nursing, or dietetics or nutrition
76 sciences, jointly appointed by the deans of the University of Missouri Sinclair School of
77 Nursing, the School of Medicine, and the College of Human and Environmental Sciences;

78 (14) A representative appointed by the Missouri Dietetic Association;

79 (15) A representative appointed by the Missouri Restaurant Association;

80 (16) A representative appointed by the Food Processors' Association;

81 (17) A representative appointed by the Food Manufacturers' Association;

82 (18) A representative appointed by the School Food Service Association;

83 (19) A Missouri representative appointed by the Association of American Medical
84 Colleges; and

85 (20) A Missouri representative appointed by the American Heart Association.

86 7. The commission shall have its first meeting no later than October 1, 2006. The
87 director of the department of health and senior services shall serve as chair of the
88 commission. The department shall establish the procedures necessary for the organization
89 and operation of the commission. The commission shall meet and conduct business at least
90 quarterly. Meetings of the commission shall comply with sections 610.010 to 610.030,
91 RSMo.

92 8. Members of the commission shall receive no compensation.

93 9. The department shall establish and maintain a resource databank containing
94 information about obesity and obesity-related subjects. Such databank shall be:

95 (1) Available to educational and research institutions, physicians, hospitals, policy
96 makers, and members of the general public;

97 (2) Accessible through the department's web site and through printed materials.
98 The department may assess reasonable charges for duplication or sale of materials; and

99 (3) Implemented by January 1, 2007.

100 10. The department of health and senior services may provide technical assistance
101 to schools and school districts to create healthy school nutrition environments. For
102 purposes of this subsection, a "healthy school nutrition environment" means an
103 environment in which nutrition and physical activity are taught and supported in the
104 classroom, the dining room, and throughout the school to provide positive messages that
105 help students develop healthy eating and physical activity habits. A healthy school
106 nutrition environment may include:

107 (1) A commitment to nutrition and physical activity;

108 (2) Quality school meals that contain the required nourishment to foster learning
109 and growth based upon the United States Department of Agriculture dietary guidelines for
110 Americans;

111 (3) Other healthy food options that include sales of foods and beverages that are
112 based on nutrition goals, not profit-making;

113 (4) Pleasant eating experiences so that children can relax, eat, and socialize without
114 feeling rushed;

115 (5) Nutrition education to build nutrition knowledge and skills into the curriculum
116 to help children make healthy eating and physical activity choices; and

117 (6) Marketing to motivate parents, teachers, administrators, and the community
118 to work towards a healthy school nutrition environment.

Section B. Because immediate action is necessary to address the needs of overweight
2 children and adults in this state, section A of this act is deemed necessary for the immediate
3 preservation of the public health, welfare, peace, and safety, and is hereby declared to be an

4 emergency act within the meaning of the constitution, and section A of this act shall be in full
5 force and effect upon its passage and approval.
