

HB 1151 -- Teacher Salary Incentives

Sponsor: Icet

This bill gives school districts the right to use hiring incentives and create salary schedule modifications, which can include credit for all prior years of service in another district, to attract and retain teachers. Teachers must be certificated in subject areas that have a demonstrated teacher shortage. Districts can also grant incentives or modifications for teachers with qualities or credentials that are suited to a district's academic needs. Teachers may be required to teach in the district offering the incentive for up to three years.
