

HB 1210 -- Exclusions from Public Records

Sponsor: Cooper (158)

This bill excludes any information relating to a private individual that is collected or maintained by a municipality including, but not limited to, the individual's financial information or transactions, medical history, or criminal or employment history from the definition of "public record" in Chapter 610, RSMo. The new definition also excludes any information that contains the individual's name, identifying number, symbol, fingerprint, voice print, or photograph from being a public record.
