

HB 1397 -- Computer Spyware

Sponsor: Pratt

This bill establishes the Consumer Protection Against Computer Spyware Act making it illegal for an unauthorized user to intentionally modify the settings of a computer belonging to a consumer, collect personally identifiable information from the computer, prevent an authorized user's reasonable efforts to block the installation of or disable installed software, remove or disable security software installed on the computer, or take control of the consumer's computer by transmitted commercial electronic mail or a computer virus from the consumer's computer.
