

HB 1587 -- Firearm Permits

Sponsor: Dougherty

This bill requires sheriffs to immediately issue a permit to acquire handguns to anyone who possesses a valid concealed carry permit if the person has not undergone any change in status that would make him or her ineligible from receiving a permit to acquire handguns.

If a person with a valid concealed carry permit has undergone a change in status that would affect his or her ability to receive a permit to acquire a handgun, he or she must go through the same application process as anyone who does not possess a concealed carry permit.
