

HB 1894 -- Sexual Offenders

Sponsor: Scharnhorst

This bill prohibits certain sexual offenders from entering onto property owned by a public school, private school giving instruction in a grade or grades not higher than the twelfth grade, or child care facility unless the person is the parent, legal guardian, or custodian of a student or child attending the facility. A parent, legal guardian, or custodian may enter onto school property if he or she has notified the school in writing at the time of enrolling the child that he or she is a sexual offender; notifies the administration upon entry on the premises; is accompanied by an employee of the school or child care facility; or is dropping off or picking up the child and does not remain at the drop-off or pick-up areas for longer than 15 minutes. A violation of this provision will be a class D felony.

The bill contains an emergency clause.
