

HB 1999 -- Controlled Substances Near Care Facilities

Sponsor: Boykins

This bill revises the crime of distribution of a controlled substance near schools to include the distribution or delivery of any controlled substance to a person in, on, or within 2,000 feet of a residence of an in-home child care provider who receives compensation for caring for three or more children, a child care facility as defined in Section 210.201, RSMo, or any long-term care facility.
