

HB 2042 -- Alcohol Breath Tests

Sponsor: Bringer

Currently, full information concerning alcohol breath tests is made available to the person who is tested, upon his or her request. This bill specifies that full information means the type of test administered and the procedures followed; the time of the collection of the blood or breath sample analyzed; the numerical results of the test indicating the alcohol content of the blood and breath; the type and status of any permit which was held by the person who performed the test; and the date of the most recent required maintenance of any breath testing instrument used for the test.
