FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Public Safety – Missouri State Highway Patrol, – Missouri Veterans Commission, – Office of the Adjutant General,** and the – **Director’s Office** assume the proposal would have no fiscal impact on their agencies.

Officials from the **Office of State Courts Administrator** assume the proposed legislation would have no fiscal impact on the courts.

Officials from the **Department of Corrections (DOC)** assume they cannot predict the number of new commitments which may result from the creation of the offense(s) outlined in this proposal. An increase in commitments depends on the utilization by prosecutors and the actual sentences imposed by the court.

If additional persons are sentenced to the custody of the DOC due to the provisions of this legislation, the DOC will incur a corresponding increase in operational cost either through incarceration (FY06 average of \$39.43 per inmate per day, or an annual cost of \$14,394 per inmate) or through supervision provided by the Board of Probation and Parole (FY06 average of \$2.52 per offender per day, or an annual cost of \$920 per offender).

The following factors contribute to DOC’s minimal assumption:

- DOC assumes the narrow scope of the crime will not encompass a large number of offenders;
- The low felony status of the crime enhances the possibility of plea-bargaining or imposition of a probation sentence; and
- The probability exists that offenders would be charged with a similar but more serious offense or that sentences may run concurrent to one another.

In summary, supervision by the DOC through probation or incarceration would result in some additional costs, but it is assumed the impact would be \$0 or a minimal amount that could be absorbed within existing resources.

ASSUMPTION (continued)

Officials from the **Office of Prosecution Services (OPS)** assume this proposed legislation includes provisions for new criminal acts which in turn would create new and additional obligations for prosecuting attorneys. Any increase in the number of cases referred for criminal prosecution and any new statutory obligations for prosecutors will have an additional fiscal impact on county prosecutors. However, officials from the OPS are not aware of any estimates of the number of additional criminal cases that would be referred to county prosecutors for charges because of this proposed legislation. Additionally, the OPS is not otherwise able to establish a workable estimate of the number of additional criminal cases that would be referred to county prosecutors for charges or how many additional hours the proposed statutory obligations would require of prosecutors. Therefore, it is not possible to determine the extent to which this proposal would have a direct fiscal impact on county prosecutors or the OPS.

Oversight assumes the Office of Prosecution Services (OPS) and county prosecutors could absorb any costs associated with the proposal within existing resources. If the OPS and county prosecutors experience an increase that would require additional funding, they could request the funding through the appropriation process.

Officials from the **Office of the State Public Defender (SPD)** assume this new crime will require more SPD resources. While the number of new cases (or cases with increased penalties) may be too few or uncertain to request additional appropriations for this specific bill, the SPD will continue to request sufficient appropriations to provide competent and effective representation in all its cases.

Oversight assumes the Office of the State Public Defender (SPD) could absorb the costs of the proposed legislation within existing resources. Oversight assumes any significant increase in the workload of the SPD would be reflected in future budget requests.

| <u>FISCAL IMPACT - State Government</u> | FY 2008 (10 Mo.) | FY 2009 | FY 2010 |

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

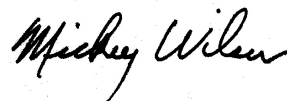

FISCAL DESCRIPTION

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
