FISCAL ANALYSIS

ASSUMPTION

Officials at the **Office of the State Courts Administrator, Department of Conservation and Budget and Planning** assume that there is no fiscal impact to their departments from this proposal.

Officials at the **Office of the Attorney General** assume that any potential costs arising from this proposal can be absorbed with existing resources.

Officials at the **Office of the Secretary of State (SOS)** assume many joint resolutions are considered by the General Assembly that would require the SOS to pay for publishing in local newspapers the full text of each statewide ballot measure as directed by Article XII, Section 2(b) of the Missouri Constitution and Section 116.230-116.290, RSMo. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. Funding for this item is adjusted each year depending upon the election cycle with \$1.6 million historically appropriated in even numbered fiscal years and \$100,000 appropriated in odd numbered fiscal years to meet these requirements. The appropriation has historically been an estimated appropriation because the final cost is dependent upon the number of ballot measures approved by the General Assembly and the initiative petitions certified for the ballot. In FY 2007 at the August and November elections there were 6 statewide Constitutional Amendments or ballot propositions that cost \$1.2 million to publish (an average of \$193,000 per issue). Therefore, the SOS assumes, for the purposes of this fiscal note, that it should have the full appropriation authority it needs to meet the publishing requirements. However, because these requirements are mandatory, we reserve the right to request funding to meet the cost of our publishing requirements if the Governor and the General Assembly change the amount or eliminate the estimated nature of our appropriation.

Oversight assumes the SOS could absorb the costs of advertising the statewide ballot measure related to this proposal within their current appropriation level. If multiple bills pass or if multiple ballot initiatives are validated which require similar advertising at substantial costs, the SOS could request funding through the appropriation process.
