### FISCAL ANALYSIS

### **ASSUMPTION**

Officials from the **Department of Agriculture** assume the proposal would not fiscally impact their agency.

Officials from the **Department of Revenue** (DOR) assume this proposal would create an exemption from sales and use tax on fencing materials used for agricultural purposes. Exemptions reduce tax due; therefore, the proposal would reduce state revenues.

**Oversight** could find not information regarding annual expenditures on agricultural fencing to formulate an estimate of the fiscal impact of this proposal. Therefore, Oversight will assume an unknown loss of revenue to the various state and local sales tax funds resulting from this proposal.

This proposal would reduce Total State Revenues.
