FISCAL ANALYSIS

ASSUMPTION

Officials from the **County Employees' Retirement System, Department of Insurance, Financial and Professional Regulation, and Missouri State Employee Retirement System** assume the proposal will have no fiscal impact on their organizations.

Officials from the **Joint Committee on Public Employee Retirement** state the proposed legislation would not create a "substantial proposed change" in future plan benefits as defined in Section 105.660(5). Therefore, an actuarial cost statement is not required.

Officials from the **Office of Secretary of State (SOS)** state the fiscal impact for this proposal is less than \$2,500. The SOS does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the SOS can sustain within its core budget. Therefore, the SOS reserves the right to request funding for the costs of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the Governor.
