

House Concurrent Resolution No. 42

94TH GENERAL ASSEMBLY

1220L.021

Whereas, children deserve a healthy and safe beginning in life:

2

3 (1) Prior to the age of three, 85% of a child's brain structure is formed;

4

5 (2) The quality of early childhood programs affect the social, emotional, and academic
6 outcomes of children; and

7

8 **Whereas**, families are the first and most important teachers in a child's life. Sixty-
9 four percent of mothers with children under the age of six and sixty percent of mothers with
10 children under the age of two are employed outside the home:

11

12 (1) Early childhood education programs allow parents to work and support their families;

13

14 (2) Working families support Missouri's economy;

15

16 (3) On average, children from birth to eight years of age spend 40 hours a week in early
17 childhood programs;

18

19 (4) The working poor cannot bear the cost of early education alone. An adequately
20 funded child care subsidy program is necessary to support families' ability to secure early
21 childhood services for their children; and

22

23 **Whereas**, early childhood programs have a significant impact on the State's current
24 and future economy, parents' ability to work, and the healthy development and school readiness
25 of Missouri's young children:

26

27 (1) Early childhood programs employ 34,000 people in 5,000 small businesses and
28 supports 120,000 workers in other industries. Combined gross annual receipts total \$635 million
29 and 181,000 children are being prepared for long-term workplace success;

30

31 (2) High-quality early childhood programs provide children with a safe, nurturing, and
32 stimulating environment, which helps them gain the skills needed for school and to become
33 productive adults;

34

35 (3) Research indicates a savings of \$17 for every \$1 spent on supporting children and
36 families with well-designed programming; and

37

38 **Whereas**, well-trained and adequately compensated early childhood professionals
39 are critical to the provision of quality early learning experiences:

40

41 (1) Teacher education is a vital aspect of quality early childhood programs, however,
42 approximately 65% of Missouri's early childhood professionals do not have adequate formal
43 education;

44

45 (2) A stable workforce is crucial to ensure that young children's well being and
46 development is supported through consistent teacher-child relationships. Therefore, measures
47 must be taken to reduce the alarming 23% teacher turnover rate:

48

49 **Now, therefore, be it resolved** that the members of the House of
50 Representatives of the Ninety-fourth General Assembly, First Regular Session, the Senate
51 concurring therein, hereby support efforts to begin investing in children now because an
52 investment in children and early childhood programs is an investment in Missouri's future.
