

HB 791 -- Health Carrier Claims Information

Sponsor: Wilson (130)

Beginning January 1, 2008, this bill requires health carriers to provide a report of the total number and dollar amount of claims paid in the previous three years within 30 days of an employer's request. When an employer has multiple plans, the total dollar amounts must be aggregated into one report. The information will be furnished in a manner that does not individually identify any employee or other person covered by the health benefit plan and will comply with all applicable federal and state privacy laws regarding the disclosure of health records.
