

HB 1148 -- School Funding Reductions

Sponsor: Hunter

Beginning January 1, 2008, the Director of the Department of Corrections and the commissioners of the Office of Administration and Elementary and Secondary Education will determine the average daily cost of maintaining a prisoner in state custody and the number of prisoners who most recently attended a Missouri public school in either the Kansas City or St. Louis school district. The Department of Elementary and Secondary Education is authorized to calculate a deduction from the state school aid of the district for each prisoner to be transferred to the Department of Corrections.
