

HB 1232 -- Extracurricular Competitive Activities

Sponsor: Cunningham (86)

This bill allows the Department of Elementary and Secondary Education, at the discretion of the State Board of Education, to take over the administration and oversight of the public school extracurricular competitive activities, beginning with the 2008-2009 school year. No public school may participate in an association that regulates these activities unless the association submits its rules and regulations to the Joint Committee on Administrative Rules, which may request the department's recommendations.
