FISCAL ANALYSIS

ASSUMPTION

Officials from the **Secretary of State's Office** assume most joint resolutions are considered by the General Assembly that would require the Secretary of State's office to pay for publishing in local newspapers the full text of each statewide ballot measure as directed by Article XII, Section 2(b) of the Missouri Constitution and Section 116.230-116.290, RSMo. The Secretary of State's office is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. Funding for this item is adjusted each year depending upon the election cycle with \$1.6 million historically appropriated in even numbered fiscal years and \$100,000 appropriated in odd numbered fiscal years to meet these requirements. The appropriation has historically been an estimated appropriation because the final cost is dependent upon the number of ballot measures approved by the General Assembly and the initiative petitions certified for the ballot. In FY 2007, at the August and November elections, there were 6 statewide Constitutional Amendments or ballot propositions that cost \$1.2 million to publish (an average of \$193,000 per issue). Therefore, the Secretary of State's Office assumes, for the purposes of this fiscal note, that it should have the full appropriation authority it needs to meet the publishing requirements. However, because these requirements are mandatory, we reserve the right to requires funding to meet the cost of our publishing requirements if the Governor and the General Assembly change the amount or eliminate the estimated nature of our appropriation.

Officials from the **Missouri House of Representatives** assume the fiscal impact (savings) is out of the time frame provided in a fiscal note. The estimated savings for members, had the proposal been in effect for the current session would be as follows:

Salaries	\$31,351	(current figure)
LA Salary	\$27,687	(current figure)
Per diem	\$ 6,976	(\$87.20 x 80 day session = \$6,976
mileage	\$ 2,511.60	(\$.455 x 276 ave. roundtrip mileage x 20 week session = \$2,511.60)

Total savings would be \$68,525.60 per member x 26 members = \$1,774,567.60.

Oversight assumes there could be additional savings for House administrative staff, printing costs, and telecommunications and data processing expenses. There also could be costs for capital improvements (e.g. reconfiguring office space in the Capitol).

<u>FISCAL IMPACT - State Government</u>	FY 2009 (10 Mo.)	FY 2010	FY 2011
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

<u>FISCAL IMPACT - Local Government</u>	FY 2009 (10 Mo.)	FY 2010	FY 2011
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

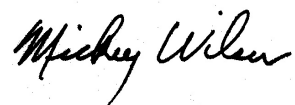

FISCAL DESCRIPTION

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
