FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of State Courts Administrator** state this proposal has no fiscal impact on the Courts.

Officials from the **Department of Public Safety - Office of the Director** and the **Missouri State Highway Patrol, Department of Social Services**, and the **Department of Health and Senior Services** state there will be no fiscal impact to their respective agencies.

Officials from the **Office of Secretary of State (SOS)** assume many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact to the SOS office for Administrative Rules for this proposal is less than \$2,500. The SOS recognizes this is a small amount and does not expect additional funding would be required to meet these costs. However, SOS also recognizes that many such bills may be passed in a given year and that collectively the costs may be in excess of what the SOS can sustain with their core budget. Any additional required funding would be handled through the budget process.

Officials from the **Department of Elementary and Secondary Education** assume no fiscal impact to their agency and do not anticipate a significant fiscal impact to school districts as a result of the proposal.

Officials from the **Poplar Bluff** and **Marshfield Public School Districts** see very little fiscal impact, if any, resulting from this proposal.

Officials from the **Boone County Sheriff's Department** state there is no fiscal impact to their department.
