FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Corrections (DOC)** assume parole intervention fees collected from offenders would be lost due to passage of this proposal. The annual amount per offender is \$360 or \$30 per month. There are currently approximately 16,000 parolees and although the collection rate isn't 100%, the potential exists for a substantial fiscal impact.

In summary, the potential fiscal impact for the DOC is unknown, but expected to easily exceed \$100,000 per annum.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

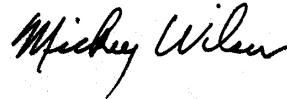

FISCAL DESCRIPTION

The proposed legislation removes the payment of an intervention fee as a condition of parole.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
