## FISCAL ANALYSIS

### ASSUMPTION

Officials from the **Department of Corrections - Missouri Vocational Enterprises, Department of Transportation, and the Office of State Treasurer** state this proposed legislation will have no fiscal impact on their respective agencies.

Officials from the **Department of Revenue** state they will have to revise procedures and related applications, but that any cost can be absorbed with existing resources.

Officials from the **Office of Secretary of State (SOS)** assume many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact to the SOS office for Administrative Rules for this proposal is less than \$2,500. The SOS recognizes this is a small amount and does not expect additional funding would be required to meet these costs. However, SOS also recognizes that many such bills may be passed in a given year and that collectively the costs may be in excess of what the SOS can sustain with their core budget. Any additional required funding would be handled through the budget process.

Officials from the **Missouri Senate** that this proposal either has no fiscal impact as it relates to their agency or minimal costs which can be absorbed by present appropriations.

**Officials from the Missouri House of Representatives did not respond to a request for fiscal note.**

FISCAL DESCRIPTION

The proposed legislation appears to have no fiscal impact.

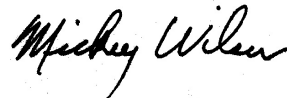

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
