77 the board of trustees shall formulate and adopt rules and regulations for the government of its
78 own proceedings and for the administration of the retirement system.

91 536.150, RSMo, and the judgment or order of such circuit court shall be binding upon the parties
92 and the board shall carry out such judgment or order unless an appeal is taken from such decision
93 of the circuit court. Appeals may be had from the circuit court by the employer, member, retired
94 member, beneficiary, survivor or the board, in the manner provided by the civil code.

95 16. The board of trustees shall keep a record of all its proceedings, which shall be open
96 to public inspection. It shall prepare annually a comprehensive annual financial report, the
97 financial section of which shall be prepared in accordance with applicable accounting standards

105 service tables and for the compilation of such other information as shall be required for the

106 valuation of the system's assets and liabilities. All individually identifiable information
107 pertaining to members, retirees, beneficiaries and survivors shall be confidential.

108 18. The board of trustees shall meet regularly at least twice each year, with the dates of
109 such meetings to be designated in the rules and regulations adopted by the board. Such other
110 meetings as are deemed necessary may be called by the chairman of the board or by any four
111 members acting jointly.

112 19. The headquarters of the retirement system shall be in Jefferson City, where suitable
113 office space, utilities and other services and equipment necessary for the operation of the system
114 shall be provided by the board of trustees and all costs shall be paid from funds of the system.

51 its account, eligible securities in a central depository system or clearing corporation or in a
52 federal reserve bank under a book entry system as defined in the Uniform Commercial Code,
53 sections 400.8-102 and 400.8-109, RSMo. When such eligible securities of the retirement
54 system are so deposited with a central depository system they may be merged and held in the
55 name of the nominee of such securities depository and title to such securities may be transferred
56 by bookkeeping entry on the books of such securities depository or federal reserve bank without
57 physical delivery of the certificates or documents representing such securities.

58 [4.] 6. With appropriate safeguards against loss by the system in any contingency, the
59 board may designate a bank or trust company to serve as a depository of system funds and
60 intermediary in the investment of those funds and payment of system obligations.

61 [5.] 7. All retirement allowances or other periodic payments paid by the board shall be
62 paid to recipients of such payments by electronic funds transfer, unless another method has been
63 determined by the board to be appropriate. Each recipient of retirement allowances or other
64 periodic payments shall designate a financial institution or other authorized payment agent and
65 provide the board information necessary for the recipient to receive electronic funds transfer
66 payments through the institution or agent designated. This subsection shall apply to retirement
67 allowances and other periodic payments first paid on or after January 1, 1998, and shall apply
68 to all retirement allowances and other periodic payments on and after January 1, 1999.

69 [6.] 8. The board of trustees may deliberate about, or make tentative or final decisions
70 on, investments or other financial matters in a closed meeting under chapter 610, RSMo, if
71 disclosure of the deliberations or decisions would jeopardize the ability to implement a decision
72 or to achieve investment objectives. A record of the retirement system that discloses
73 deliberations about, or a tentative decision on, investments or other financial matters is not a
74 public record under chapter 610, RSMo, to the extent and so long as its disclosure would
75 jeopardize the ability to implement a decision or to achieve investment objectives.

169.056. 1. Members who have accrued at least one year of membership service credit
2 for employment in a position covered by this retirement system and who have covered
3 employment with this retirement system following the service for which credit is being
4 purchased may purchase membership service credit under the circumstances, terms and
5 conditions provided in this section. With respect to each such purchase authorized by this
6 section the following provisions apply:

7 (1) The purchase shall be effected by the member paying to the retirement system the
8 amount the member would have contributed and the amount the employer would have
9 contributed had such member been an employee for the number of years for which the member
10 is electing to purchase credit, and had the member's compensation during such period been the
11 highest annual salary rate on record with the retirement system on the date of election to purchase
12 credit. For purposes of this section, "annual salary rate" means the annual salary rate for
13 full-time service for the position of employment. The contribution rate used in determining the
14 amount to be paid shall be the contribution rate in effect on the date of election to purchase
15 credit. Notwithstanding the provisions of this subsection, for all elections to purchase credit
16 received by the retirement system on or after January 1, 2006, the member shall receive credit
17 based on the amount paid by the member for such credit and received by the retirement system
18 by the close of business on June thirtieth of each year. In lieu of charging the member interest
19 on such purchase of credit, the amount to be paid by the member for any remaining credit the
20 member has elected to purchase but has not paid for by [June] **September** thirtieth of each year
21 shall be recalculated on the following [July] **October** first using the contribution rate in effect
22 on that July first and the highest salary of record for the member as of that July first. For all
23 elections to purchase credit received by the retirement system prior to January 1, 2006, the
24 retirement system shall determine the cost of such purchase using the calculation method in
25 effect for elections to purchase credit received by the retirement system on or after January 1,
26 2006, provided that the member shall have a one-time, irrevocable option to continue to have the
27 cost of such purchase be determined using the calculation method in effect at the time of such
28 election to purchase such credit. To be effective, such option must be elected by the member on
29 a form approved by the retirement system and such form must be received by the retirement
30 system by the close of business on June 30, 2006. The retirement system [reserves the right to]
31 **may prohibit a purchase, impose additional requirements for making a purchase, or** limit
32 the amount of credit purchased [by the member in any year if the amounts paid by the member
33 in that year would exceed any applicable contribution limits set forth in] **if necessary for the**
34 **retirement system to comply with federal law, including but not limited to the provisions**
35 **of Section 415 of Title 26 of the United States Code. The board of trustees may promulgate**
36 **rules and regulations not inconsistent with the provisions of this section as shall deem**
37 **necessary for its proper administration under the provisions of this chapter. Any rule or**
38 **portion of a rule, as that term is defined in section 536.010, RSMo, that is created under**
39 **the authority delegated in this section shall become effective only if it complies with and**
40 **is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028,**
41 **RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers**
42 **vested with the general assembly under chapter 536, RSMo, to review, to delay the effective**

43 **date, or to disapprove and annul a rule are subsequently held unconstitutional, then the**
44 **grant of rulemaking authority and any rule proposed or adopted after August 28, 2008,**
45 **shall be invalid and void;**

46 (2) Membership service credit purchased pursuant to this section shall be deemed to be
47 membership service in Missouri for purposes of subsection [7] 8 of section 169.070;

48 (3) An election to purchase membership service credit pursuant to this section and
49 payment for the purchase shall be completed prior to termination of membership with the
50 retirement system with interest on the unpaid balance;

51 (4) Members may purchase membership service credit in increments of one-tenth of a
52 year, and multiple elections to purchase may be made;

53 (5) Additional terms and conditions applicable to purchase made pursuant to this section
54 including, but not limited to, minimum payments, payment schedules and provisions applicable
55 when a member fails to complete payment may be set by rules of the board.

56 2. Membership service credit shall not be allowed pursuant to this section or sections
57 169.570 and 169.577 which exceeds in length the member's membership service credit for
58 employment in a position covered by this system, and in no event may the member receive
59 membership service credit with both this system and another public retirement system for the
60 same service.

61 3. A member who was employed for at least twenty hours per week on a regular basis
62 by a public school district, public junior college, public community college, public college, or
63 public university, either inside or outside of this state, may elect to purchase equivalent
64 membership service credit.

65 4. A member who has served in the armed forces of the United States of America and
66 who was discharged or separated from the armed forces by other than a dishonorable discharge
67 may elect to purchase membership service for the period of active duty service in the armed
68 forces.

69 5. Any member granted unpaid maternity or paternity leave for a period, from a position
70 covered by the retirement system, who returned to employment in such a position, may elect to
71 purchase membership service credit for the period of leave.

72 6. Any member who is or was certified as a vocational-technical teacher on the basis of
73 having a college degree or who was required to have a period of work experience of at least two
74 years in the area of the subject being taught in order to qualify for such certification may, upon
75 written application to the board, purchase equivalent membership service credit for such work
76 experience which shall not exceed the two years necessary for certification if the work
77 experience was in the area that the member taught or is teaching and was completed in two years.

78 7. Any member who had membership service credit with the public education employee

79 retirement system of Missouri governed by sections 169.600 to 169.715 but which membership
80 service credit was forfeited by withdrawal or refund may elect to purchase credit for such service.
81 The public education employee retirement system of Missouri shall transfer to this system an
82 amount equal to the employer contributions for the forfeited service being purchased, plus
83 interest, which shall be applied to reduce the amount the member would otherwise pay for the
84 purchase, provided that the amount transferred shall not exceed one-half of the purchase cost.

85 8. A member may elect to purchase membership service credit for service rendered while
86 on leave from an employer, as defined in section 169.010, for a not-for-profit corporation or
87 agency whose primary purpose is support of education or education research, if the member was
88 employed by that organization to serve twenty or more hours per week on a regular basis.

89 9. A member who was employed by a private school, private junior college, private
90 community college, private college, or private university, either inside or outside of this state,
91 for at least twenty hours per week on a regular basis, may elect to purchase equivalent
92 membership service credit for such service rendered.

93 10. A member who was employed in nonfederal public employment for at least twenty
94 hours a week on a regular basis shall be permitted to purchase equivalent creditable service in
95 the retirement system for such employment subject to provisions of this section.

96 11. A member who, while eighteen years of age or older, was employed in a position
97 covered by Social Security for at least twenty hours a week on a regular basis shall be permitted
98 to purchase equivalent creditable service in the retirement system for such employment subject
99 to provisions of this section.

169.070. 1. The retirement allowance of a member whose age at retirement is sixty years
2 or more and whose creditable service is five years or more, or whose sum of age and creditable
3 service equals eighty years or more, or who has attained age fifty-five and whose creditable
4 service is twenty-five years or more or whose creditable service is thirty years or more regardless
5 of age, may be the sum of the following items, not to exceed one hundred percent of the
6 member's final average salary:

7 (1) Two and five-tenths percent of the member's final average salary for each year of
8 membership service;

9 (2) Six-tenths of the amount payable for a year of membership service for each year of
10 prior service not exceeding thirty years.

11

12 In lieu of the retirement allowance otherwise provided in subdivisions (1) and (2) of this
13 subsection, a member may elect to receive a retirement allowance of:

14 (3) Between July 1, 1998, and July 1, 2013, two and four-tenths percent of the member's
15 final average salary for each year of membership service, if the member's creditable service is

16 twenty-nine years or more but less than thirty years, and the member has not attained age
17 fifty-five;

18 (4) Between July 1, 1998, and July 1, 2013, two and thirty-five-hundredths percent of
19 the member's final average salary for each year of membership service, if the member's creditable
20 service is twenty-eight years or more but less than twenty-nine years, and the member has not
21 attained age fifty-five;

22 (5) Between July 1, 1998, and July 1, 2013, two and three-tenths percent of the member's
23 final average salary for each year of membership service, if the member's creditable service is
24 twenty-seven years or more but less than twenty-eight years, and the member has not attained
25 age fifty-five;

26 (6) Between July 1, 1998, and July 1, 2013, two and twenty-five-hundredths percent of
27 the member's final average salary for each year of membership service, if the member's creditable
28 service is twenty-six years or more but less than twenty-seven years, and the member has not
29 attained age fifty-five;

30 (7) Between July 1, 1998, and July 1, 2013, two and two-tenths percent of the member's
31 final average salary for each year of membership service, if the member's creditable service is
32 twenty-five years or more but less than twenty-six years, and the member has not attained age
33 fifty-five;

34 (8) Between July 1, 2001, and July 1, 2013, two and fifty-five hundredths percent of the
35 member's final average salary for each year of membership service, if the member's creditable
36 service is thirty-one years or more regardless of age.

37 2. In lieu of the retirement allowance provided in subsection 1 of this section, a member
38 whose age is sixty years or more on September 28, 1975, may elect to have the member's
39 retirement allowance calculated as a sum of the following items:

40 (1) Sixty cents plus one and five-tenths percent of the member's final average salary for
41 each year of membership service;

42 (2) Six-tenths of the amount payable for a year of membership service for each year of
43 prior service not exceeding thirty years;

44 (3) Three-fourths of one percent of the sum of subdivisions (1) and (2) of this subsection
45 for each month of attained age in excess of sixty years but not in excess of age sixty-five.

46 3. (1) In lieu of the retirement allowance provided either in subsection 1 or 2 of this
47 section, collectively called "option 1", a member whose creditable service is twenty-five years
48 or more or who has attained the age of fifty-five with five or more years of creditable service may
49 elect in the member's application for retirement to receive the actuarial equivalent of the
50 member's retirement allowance in reduced monthly payments for life during retirement with the
51 provision that:

52 Option 2. Upon the member's death the reduced retirement allowance shall be continued
53 throughout the life of and paid to such person as has an insurable interest in the life of the
54 member as the member shall have nominated in the member's election of the option, and
55 provided further that if the person so nominated dies before the retired member, the retirement
56 allowance will be increased to the amount the retired member would be receiving had the retired
57 member elected option 1;

58 OR

59 Option 3. Upon the death of the member three-fourths of the reduced retirement
60 allowance shall be continued throughout the life of and paid to such person as has an insurable
61 interest in the life of the member and as the member shall have nominated in an election of the
62 option, and provided further that if the person so nominated dies before the retired member, the
63 retirement allowance will be increased to the amount the retired member would be receiving had
64 the member elected option 1;

65 OR

66 Option 4. Upon the death of the member one-half of the reduced retirement allowance
67 shall be continued throughout the life of, and paid to, such person as has an insurable interest in
68 the life of the member and as the member shall have nominated in an election of the option, and
69 provided further that if the person so nominated dies before the retired member, the retirement
70 allowance shall be increased to the amount the retired member would be receiving had the
71 member elected option 1;

72 OR

73 Option 5. Upon the death of the member prior to the member having received one
74 hundred twenty monthly payments of the member's reduced allowance, the remainder of the one
75 hundred twenty monthly payments of the reduced allowance shall be paid to such beneficiary as
76 the member shall have nominated in the member's election of the option or in a subsequent
77 nomination. If there is no beneficiary so nominated who survives the member for the remainder
78 of the one hundred twenty monthly payments, the total of the remainder of such one hundred
79 twenty monthly payments shall be paid to the **surviving spouse, surviving children in equal**
80 **shares, surviving parents in equal shares, or to the** estate of the last person to receive a
81 monthly allowance **in a lump sum payment**. If the total of the one hundred twenty payments
82 paid to the retired individual and the beneficiary of the retired individual is less than the total of
83 the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump
84 sum;

85 OR

86 Option 6. Upon the death of the member prior to the member having received sixty
87 monthly payments of the member's reduced allowance, the remainder of the sixty monthly

88 payments of the reduced allowance shall be paid to such beneficiary as the member shall have
89 nominated in the member's election of the option or in a subsequent nomination. If there is no
90 beneficiary so nominated who survives the member for the remainder of the sixty monthly
91 payments, the total of the remainder of such sixty monthly payments shall be paid to the
92 **surviving spouse, surviving children in equal shares, surviving parents in equal shares, or**
93 **to the** estate of the last person to receive a monthly allowance **in a lump sum payment**. If the
94 total of the sixty payments paid to the retired individual and the beneficiary of the retired
95 individual is less than the total of the member's accumulated contributions, the difference shall
96 be paid to the beneficiary in a lump sum.

97 (2) The election of an option may be made only in the application for retirement and such
98 application must be filed prior to the date on which the retirement of the member is to be
99 effective. If either the member or the person nominated to receive the survivorship payments
100 dies before the effective date of retirement, the option shall not be effective, provided that:

101 (a) If the member or a person retired on disability retirement dies after acquiring
102 twenty-five or more years of creditable service or after attaining the age of fifty-five years and
103 acquiring five or more years of creditable service and before retirement, except retirement with
104 disability benefits, and the person named by the member as the member's beneficiary has an
105 insurable interest in the life of the deceased member, the designated beneficiary may elect to
106 receive either survivorship benefits under option 2 or a payment of the accumulated contributions
107 of the member. If survivorship benefits under option 2 are elected and the member at the time
108 of death would have been eligible to receive an actuarial equivalent of the member's retirement
109 allowance, the designated beneficiary may further elect to defer the option 2 payments until the
110 date the member would have been eligible to receive the retirement allowance provided in
111 subsection 1 or 2 of this section;

112 (b) If the member or a person retired on disability retirement dies before attaining age
113 fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the
114 person named as the member's beneficiary has an insurable interest in the life of the deceased
115 member, the designated beneficiary may elect to receive either a payment of the member's
116 accumulated contributions, or survivorship benefits under option 2 to begin on the date the
117 member would first have been eligible to receive an actuarial equivalent of the member's
118 retirement allowance, or to begin on the date the member would first have been eligible to
119 receive the retirement allowance provided in subsection 1 or 2 of this section.

120 4. If the total of the retirement or disability allowance paid to an individual before the
121 death of the individual is less than the accumulated contributions at the time of retirement, the
122 difference shall be paid to the beneficiary of the individual, or to the [(1)] surviving spouse, [(2)]
123 surviving children in equal shares, [(3)] surviving parents in equal shares, or [(4)] estate of the

124 individual in that order of precedence. If an optional benefit as provided in option 2, 3 or 4 in
125 subsection 3 of this section had been elected, and the beneficiary dies after receiving the optional
126 benefit, and if the total retirement allowance paid to the retired individual and the beneficiary of
127 the retired individual is less than the total of the contributions, the difference shall be paid to the
128 [(1)] surviving spouse, [(2)] surviving children in equal shares, [(3)] surviving parents in equal
129 shares, or [(4)] estate of the beneficiary, in that order of precedence, unless the retired individual
130 designates a different recipient with the board at or after retirement.

131 **5. If a member dies and his or her financial institution is unable to accept the final**
132 **payment or payments due to the member, the final payment or payments shall be paid to**
133 **the beneficiary of the member or, if there is no beneficiary, to the surviving spouse,**
134 **surviving children in equal shares, surviving parents in equal shares, or to the estate of the**
135 **member in that order of precedence, unless otherwise stated. If the beneficiary of a**
136 **deceased member dies and his or her financial institution is unable to accept the final**
137 **payment or payments, the final payment or payments shall be paid to the surviving spouse,**
138 **surviving children in equal shares, surviving parents in equal shares, or to the estate of the**
139 **member in that order of precedence, unless otherwise stated.**

140 **6.** If a member dies before receiving a retirement allowance, the member's accumulated
141 contributions at the time of the death of the member shall be paid to the beneficiary of the
142 member or, if there is no beneficiary, to the [(1)] surviving spouse, [(2)] surviving children in
143 equal shares, [(3)] surviving parents in equal shares, or [(4)] to the estate of the member in that
144 order of precedence; except that, no such payment shall be made if the beneficiary elects option
145 2 in subsection 3 of this section, unless the beneficiary dies before having received benefits
146 pursuant to that subsection equal to the accumulated contributions of the member, in which case
147 the amount of accumulated contributions in excess of the total benefits paid pursuant to that
148 subsection shall be paid to the [(1)] surviving spouse, [(2)] surviving children in equal shares,
149 [(3)] surviving parents in equal shares, or [(4)] estate of the beneficiary, in that order of
150 precedence.

151 [6.] **7.** If a member ceases to be a public school employee as herein defined and certifies
152 to the board of trustees that such cessation is permanent, or if the membership of the person is
153 otherwise terminated, the member shall be paid the member's accumulated contributions with
154 interest.

155 [7.] **8.** Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary,
156 if a member ceases to be a public school employee after acquiring five or more years of
157 membership service in Missouri, the member may at the option of the member leave the
158 member's contributions with the retirement system and claim a retirement allowance any time
159 after reaching the minimum age for voluntary retirement. When the member's claim is presented

160 to the board, the member shall be granted an allowance as provided in sections 169.010 to
161 169.141 on the basis of the member's age, years of service, and the provisions of the law in effect
162 at the time the member requests the member's retirement to become effective.

163 [8.] **9.** The retirement allowance of a member retired because of disability shall be
164 nine-tenths of the allowance to which the member's creditable service would entitle the member
165 if the member's age were sixty, or fifty percent of one-twelfth of the annual salary rate used in
166 determining the member's contributions during the last school year for which the member
167 received a year of creditable service immediately prior to the member's disability, whichever is
168 greater, except that no such allowance shall exceed the retirement allowance to which the
169 member would have been entitled upon retirement at age sixty if the member had continued to
170 teach from the date of disability until age sixty at the same salary rate.

171 [9.] **10.** Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary,
172 from October 13, 1961, the contribution rate pursuant to sections 169.010 to 169.141 shall be
173 multiplied by the factor of two-thirds for any member of the system for whom federal Old Age
174 and Survivors Insurance tax is paid from state or local tax funds on account of the member's
175 employment entitling the person to membership in the system. The monetary benefits for a
176 member who elected not to exercise an option to pay into the system a retroactive contribution
177 of four percent on that part of the member's annual salary rate which was in excess of four
178 thousand eight hundred dollars but not in excess of eight thousand four hundred dollars for each
179 year of employment in a position covered by this system between July 1, 1957, and July 1, 1961,
180 as provided in subsection 10 of this section as it appears in RSMo, 1969, shall be the sum of:

181 (1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for
182 years of membership service;

183 (2) For years of membership service after July 1, 1946, in which the full contribution rate
184 was paid, full benefits under the formula in effect at the time of the member's retirement;

185 (3) For years of membership service after July 1, 1957, and prior to July 1, 1961, the
186 benefits provided in this section as it appears in RSMo, 1959; except that if the member has at
187 least thirty years of creditable service at retirement the member shall receive the benefit payable
188 pursuant to that section as though the member's age were sixty-five at retirement;

189 (4) For years of membership service after July 1, 1961, in which the two-thirds
190 contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of
191 the member's retirement.

192 [10.] **11.** The monetary benefits for each other member for whom federal Old Age and
193 Survivors Insurance tax is or was paid at any time from state or local funds on account of the
194 member's employment entitling the member to membership in the system shall be the sum of:

195 (1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for
196 years of membership service;

197 (2) For years of membership service after July 1, 1946, in which the full contribution rate
198 was paid, full benefits under the formula in effect at the time of the member's retirement;

199 (3) For years of membership service after July 1, 1957, in which the two-thirds
200 contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of
201 the member's retirement.

202 [11.] **12.** Any retired member of the system who was retired prior to September 1, 1972,
203 or beneficiary receiving payments under option 1 or option 2 of subsection 3 of this section, as
204 such option existed prior to September 1, 1972, will be eligible to receive an increase in the
205 retirement allowance of the member of two percent for each year, or major fraction of more than
206 one-half of a year, which the retired member has been retired prior to July 1, 1975. This
207 increased amount shall be payable commencing with January, 1976, and shall thereafter be
208 referred to as the member's retirement allowance. The increase provided for in this subsection
209 shall not affect the retired member's eligibility for compensation provided for in section 169.580
210 or 169.585, nor shall the amount being paid pursuant to these sections be reduced because of any
211 increases provided for in this section.

212 [12.] **13.** If the board of trustees determines that the cost of living, as measured by
213 generally accepted standards, increases two percent or more in the preceding fiscal year, the
214 board shall increase the retirement allowances which the retired members or beneficiaries are
215 receiving by two percent of the amount being received by the retired member or the beneficiary
216 at the time the annual increase is granted by the board with the provision that the increases
217 provided for in this subsection shall not become effective until the fourth January first following
218 the member's retirement or January 1, 1977, whichever later occurs, or in the case of any member
219 retiring on or after July 1, 2000, the increase provided for in this subsection shall not become
220 effective until the third January first following the member's retirement, or in the case of any
221 member retiring on or after July 1, 2001, the increase provided for in this subsection shall not
222 become effective until the second January first following the member's retirement. Commencing
223 with January 1, 1992, if the board of trustees determines that the cost of living has increased five
224 percent or more in the preceding fiscal year, the board shall increase the retirement allowances
225 by five percent. The total of the increases granted to a retired member or the beneficiary after
226 December 31, 1976, may not exceed eighty percent of the retirement allowance established at
227 retirement or as previously adjusted by other subsections. If the cost of living increases less than
228 five percent, the board of trustees may determine the percentage of increase to be made in
229 retirement allowances, but at no time can the increase exceed five percent per year. If the cost

230 of living decreases in a fiscal year, there will be no increase in allowances for retired members
231 on the following January first.

232 [13.] **14.** The board of trustees may reduce the amounts which have been granted as

169.073. 1. Any member eligible for a retirement allowance pursuant to section 169.070
2 and who has not previously received a retirement allowance, including an allowance under
3 disability retirement under section 169.070, and whose sum of age and creditable service equals
4 eighty-six years or more or whose creditable service is thirty-three years or more or whose age

5 is sixty-three years or more and who has eight years or more of creditable service may elect a
6 distribution under the partial lump sum option plan provided in this section if the member
7 notifies the retirement system on the application for retirement.

8 2. A member entitled to make an election pursuant to this section may elect to receive
9 a lump sum distribution in addition to the member's monthly retirement allowance pursuant to
10 section 169.070, as reduced pursuant to this section. Such member may elect the amount of the
11 member's lump sum distribution from one, but not more than one, of the following options:

12 (1) A lump sum amount equal to twelve times the retirement allowance the member
13 would receive if no election were made pursuant to this section and the member had chosen
14 option 1 pursuant to section 169.070;

15 (2) A lump sum amount equal to twenty-four times the retirement allowance the member
16 would receive if no election were made pursuant to this section and the member had chosen
17 option 1 pursuant to section 169.070; or

18 (3) A lump sum amount equal to thirty-six times the retirement allowance the member
19 would receive if no election were made pursuant to this section and the member had chosen
20 option 1 pursuant to section 169.070.

21 3. When a member makes an election to receive a lump sum distribution pursuant to this
22 section, the retirement allowance that the member would have received in the absence of the
23 election shall be reduced on an actuarially equivalent basis to reflect the payment of the lump
24 sum distribution and the reduced retirement allowance shall be the member's retirement
25 allowance thereafter for all purposes in relation to retirement allowance amounts pursuant to
26 section 169.070. A retirement allowance increased due to the death of a person nominated by
27 the member to receive benefits pursuant to the provisions of option 2, 3, or 4 of subsection 3 of
28 section 169.070 shall be increased pursuant to such provisions to the amount the retired member
29 would be receiving had the retired member elected option 1 as actuarially reduced due to the
30 lump sum distribution made pursuant to this section. Any payment of accumulated contributions
31 pursuant to the provisions of sections 169.010 to 169.141 shall be reduced by the amount of any
32 lump sum distribution made pursuant to this section in addition to any other reductions required
33 by sections 169.010 to 169.141.

34 4. If the member dies before receiving a lump sum distribution pursuant to this section,
35 the lump sum distribution shall be paid in accordance with rules adopted by the board of trustees.

36 5. Benefits paid pursuant to this section, in addition to all other provisions of the public
37 school retirement system of Missouri, shall not exceed the limitations of Section 415 of Title 26
38 of the United States Code except as provided in subsection [16] 17 of section 169.070.

169.075. 1. Certain survivors specified in this section and meeting the requirements of
2 this section may elect to forfeit any payments payable pursuant to subsection 3 or [5] 6 of section

3 169.070 and to receive certain other benefits described in this section upon the death of a
4 member prior to retirement, except retirement with disability benefits, whose period of creditable
5 service in districts included in the retirement system is (1) five years or more, or (2) two years
6 but less than five years and who dies (a) while teaching in a district included in the retirement
7 system, or (b) as a result of an injury or sickness incurred while teaching in such a district and
8 within one year of the commencement of such injury or sickness, or (c) while eligible for a
9 disability retirement allowance hereunder.

10 2. Upon an election pursuant to subsection 1 of this section, a surviving spouse sixty
11 years of age, or upon attainment of age sixty, or a surviving spouse who has been totally and
12 permanently disabled for not less than five years immediately preceding the death of a member
13 if designated as the sole beneficiary, and if married to the member at least three years, and if
14 living with such member at the time of the member's death, shall be entitled to a monthly
15 payment equal to twenty percent of one-twelfth of the annual salary rate on which the member
16 contributed for the member's last full year of creditable service as a teacher in a district included
17 in the retirement system until death or recovery prior to age sixty from the disability which
18 qualified the spouse for the benefit, whichever first occurs; provided that the monthly payment
19 shall not be less than five hundred seventy-five dollars or more than eight hundred sixty dollars.
20 A surviving spouse, who is eligible for benefits pursuant to this subsection and also pursuant to
21 subsection 3 of this section may receive benefits only pursuant to subsection 3 of this section as
22 long as the surviving spouse remains eligible pursuant to both subsections, but shall not be
23 disqualified for the benefit provided in this subsection because the surviving spouse may have
24 received payments pursuant to subsection 3 of this section. Beginning August 28, 2001, a
25 surviving spouse who otherwise meets the requirements of this subsection but who remarried
26 prior to August 28, 1995, shall be entitled, upon an election pursuant to subsection 1 of this
27 section, to any remaining benefits that would otherwise have been received had the surviving
28 spouse not remarried before the change in law permitting remarried surviving spouses to
29 continue receiving benefits. Such surviving spouses may, upon application, become special
30 consultants whose benefit will be to receive the remaining benefits described in this subsection.
31 No benefit shall be paid to such surviving spouse unless he or she files a valid application for
32 such benefit with the retirement system postmarked on or before June 30, 2002. In no event shall
33 any retroactive benefits be paid.

35 designated as the sole beneficiary, who has in the surviving spouse's care a dependent unmarried
36 child, including a stepchild or adopted child, of the deceased member, under eighteen years of
37 age, shall be entitled to a monthly payment equal to twenty percent of one-twelfth of the annual
38 salary rate on which the member contributed for the member's last full year of creditable service

39 as a teacher in a district included in the retirement system until the surviving spouse's death, or
40 the first date when no such dependent unmarried child under age eighteen, or age twenty-four
41 if the child is enrolled in school on a full-time basis, remains in the surviving spouse's care,
42 whichever first occurs; provided that the monthly payment shall not be less than five hundred
43 seventy-five dollars or more than eight hundred sixty dollars. In addition the surviving spouse
44 shall be entitled to a monthly payment equal to one-half this amount, provided that the monthly
45 payment shall not be less than three hundred dollars, for each such dependent unmarried child
46 under eighteen years of age, or age twenty-four if the child is enrolled in school on a full-time
47 basis, who remains in the surviving spouse's care. Further, in addition to the monthly payment
48 to the surviving spouse as provided for in this subsection, each dependent unmarried child under
49 the age of eighteen years of the deceased member not in the care of such surviving spouse shall
50 be entitled to a monthly payment equal to one-half of the surviving spouse's monthly payment
51 which shall be paid to the child's primary custodial parent or legal guardian; provided that the
52 payment because of an unmarried dependent child shall be made until the child attains age
53 twenty-four if the child is enrolled in school on a full-time basis; provided, however, that the
54 total of all monthly payments to the surviving spouse, primary custodial parent or legal guardian,
55 including payments for such dependent unmarried children, shall in no event exceed two
56 thousand one hundred sixty dollars, the amount of the children's share to be allocated equally as
57 to each dependent unmarried child eligible to receive payments pursuant to this subsection.

59 is a dependent unmarried child as defined in this section or automatically upon the death of a
60 surviving spouse receiving benefits pursuant to subsection 3 of this section, each surviving
61 dependent unmarried child, including a stepchild or adopted child, of the deceased member,
62 under eighteen years of age, or such a child under age twenty-four if the child is enrolled in
63 school on a full-time basis, shall be entitled to a monthly payment equal to sixteen and two-thirds
64 percent of one-twelfth of the annual salary rate on which the member contributed for the
65 member's last full year of creditable service as a teacher in a district included in the retirement
66 system until death, marriage, adoption, or attainment of age eighteen or age twenty-four if
67 enrolled in school on a full-time basis, whichever first occurs; provided that the monthly
68 payment shall not be less than five hundred dollars or more than seven hundred twenty dollars,
69 and provided further that any child of the deceased member who is disabled before attainment
70 of age eighteen because of a physical or mental impairment which renders the child unable to
71 engage in any substantial gainful activity and which disability continues after the child has
72 attained age eighteen shall be entitled to a like monthly payment, until death, marriage, adoption,
73 or recovery from the disability, whichever first occurs; provided, however, that the total of all

74 monthly payments to the surviving dependent unmarried children shall in no event exceed two
75 thousand one hundred sixty dollars.

76 5. In lieu of receiving any benefit or lump sum from the retirement system, the
77 designated beneficiary may elect under subsection 1 of this section to direct that each surviving
78 dependent unmarried child, including a stepchild or adopted child, of the deceased member,
79 under eighteen years of age, or such a child under age twenty-four if the child is enrolled in
80 school on a full-time basis, shall be entitled to a monthly payment equal to sixteen and two-thirds
81 percent of one-twelfth of the annual salary rate on which the member contributed for the
82 member's last full year of creditable service as a teacher in a district included in the retirement
83 system until death, marriage, adoption, or attainment of age eighteen or age twenty-four if
84 enrolled in school on a full-time basis, whichever first occurs; provided that the monthly
85 payment shall not be less than five hundred dollars or more than seven hundred twenty dollars,
86 and provided further that any child of the deceased member who is disabled before attainment
87 of age eighteen because of a physical or mental impairment which renders the child unable to
88 engage in any substantial gainful activity and which disability continues after the child has
89 attained age eighteen shall be entitled to a like monthly payment, until death, marriage, adoption,
90 or recovery from the disability, whichever first occurs; provided, however, that the total of all
91 monthly payments to the surviving dependent unmarried children shall in no event exceed two
92 thousand one hundred sixty dollars.

93 6. Upon an election pursuant to subsection 1 of this section, a surviving dependent parent
94 of the deceased member, over sixty-five years of age or upon attainment of age sixty-five if
95 designated as the sole beneficiary, provided such dependent parent was receiving at least one-half
96 of the parent's support from such member at the time of the member's death and provided the
97 parent files proof of such support within two years of such death, shall be entitled to a monthly
98 payment equal to sixteen and two-thirds percent of one-twelfth of the annual salary rate on which
99 the member contributed for the member's last full year as a teacher in a district included in the
100 retirement system until death; provided that the monthly payment shall not be less than five
101 hundred dollars or more than seven hundred twenty dollars. If the other parent also is a
102 dependent, as defined in this section, the same amount shall be paid to each until death.

103 7. All else in this section to the contrary notwithstanding, a survivor may not be eligible
104 to benefit pursuant to this section because of more than one terminated membership, and be it
105 further provided that the board of trustees shall determine and decide all questions of doubt as
106 to what constitutes dependency within the meaning of this section.

107 8. The provisions added to subsection 3 of this section in 1991 are intended to clarify the
108 scope and meaning of this section as originally enacted and shall be applied in all cases in which
109 such an election has occurred or will occur.

110 9. After July 1, 2000, all benefits payable pursuant to subsections 1 to 8 of this section
111 shall be payable to eligible current and future survivor beneficiaries in accordance with this
112 section.

113 10. The system shall pay a monthly retirement allowance for the month in which a retired
114 member, beneficiary or survivor receiving a retirement allowance or survivor benefit dies.

115 11. If the total of all payments made under this section is less than the total of the
116 member's accumulated contributions, the difference shall be paid to the person making the
117 election under subsection 1 of this section. If such person does not survive until all payments
118 are made under this section, such difference shall be paid in accordance with section 169.076.

169.090. Neither the funds belonging to the retirement system nor any benefit accrued
2 or accruing to any person under the provisions of sections 169.010 to 169.130 shall be subject

15 **of such proceeding to the board of trustees.**

 169.630. 1. All funds arising from the operation of sections 169.600 to 169.715 shall
2 belong to the retirement system created in sections 169.600 to 169.715 and shall be controlled
3 by the board of trustees and that board shall provide for the collection of these funds, see that
4 they are safely preserved, and shall permit their disbursement only for the purposes authorized
5 in sections 169.600 to 169.715. These funds are declared and shall be deemed to be the moneys
6 and funds of this retirement system and not general funds of the state and shall not be
7 commingled with any state funds or other retirement funds. Solely for the purpose of investing
8 the funds of the retirement system, the funds may be combined with the funds of the public

9 school retirement system of Missouri, but the funds of each system shall be accounted for
10 separately and for all other purposes shall be separate.

11 2. The board shall invest all funds under its control which are in excess of a safe
12 operating balance. The investment shall be made only in securities authorized and pursuant to
13 the same standards set for investment by section 169.040.

14 3. **Notwithstanding the provisions of section 105.662, RSMo, the board may set up**
15 **and maintain a public school and education employee retirement systems of Missouri**
16 **investment fund account in which investment and reinvestment of all or part of the moneys**
17 **of the system may be placed and be available for investment purposes. For the purpose of**
18 **investing the funds of the public education employee retirement system, the funds may be**
19 **combined with the funds of the public school retirement system of Missouri, but the funds**
20 **of each system shall be accounted for separately and for all other reporting purposes shall**
21 **be separate.**

22 4. **The board of trustees may promulgate rules and regulations not inconsistent**
23 **with the provisions of section 169.040 as shall deem necessary for its proper administration**
24 **under the provisions of this chapter. Any rule or portion of a rule, as that term is defined**
25 **in section 536.010, RSMo, that is created under the authority delegated in this section shall**
26 **become effective only if it complies with and is subject to all of the provisions of chapter**
27 **536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536,**
28 **RSMo, are nonseverable and if any of the powers vested with the general assembly under**
29 **chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule**
30 **are subsequently held unconstitutional, then the grant of rulemaking authority and any**
31 **rule proposed or adopted after August 28, 2008, shall be invalid and void.**

32 5. No investment transaction authorized by the board shall be handled by any company
33 or firm in which a member of the board has an interest, nor shall any member of the board profit
34 directly or indirectly from any such investment. All investments shall be made for the account
35 of the retirement system, and any securities or other properties obtained by the board of trustees
36 may be held by a custodian in the name of the retirement system, or in the name of a nominee
37 in order to facilitate the expeditious transfer of such securities or other property. Such securities
38 or other properties which are not available in registered form may be held in bearer form or in
39 book entry form. The retirement system is further authorized to deposit, or have deposited for
40 its account, eligible securities in a central depository system or clearing corporation or in a
41 federal reserve bank under a book entry system as defined in the Uniform Commercial Code,
42 sections 400.8-102 and 400.8-108, RSMo. When such eligible securities of the retirement
43 system are so deposited with a central depository system, the securities may be merged and held
44 in the name of the nominee of such securities depository and title to such securities may be

45 transferred by bookkeeping entry on the books of such securities depository or federal reserve
46 bank without physical delivery of the certificates or documents representing such securities.

47 [4.] 6. With appropriate safeguards against loss by the system in any contingency, the
48 board may designate a bank or trust company to serve as a depository of system funds and
49 intermediary in the investment of those funds and payment of system obligations.

50 [5.] 7. All retirement allowances or other periodic payments paid by the board shall be
51 paid to recipients of such payments by electronic funds transfer, unless another method has been
52 determined by the board to be appropriate. Each recipient of retirement allowances or other
53 periodic payments shall designate a financial institution or other authorized payment agent and
54 provide the board information necessary for the recipient to receive electronic funds transfer
55 payments through the institution or agent designated. This subsection shall apply to retirement
56 allowances and other periodic payments first paid on or after January 1, 1998, and shall apply
57 to all retirement allowances and other periodic payments on and after January 1, 1999.

58 [6.] 8. The board of trustees may deliberate about, or make tentative or final decisions
59 on, investments or other financial matters in a closed meeting under chapter 610, RSMo, if
60 disclosure of the deliberations or decisions would jeopardize the ability to implement a decision
61 or to achieve investment objectives. A record of the retirement system that discloses
62 deliberations about, or a tentative or final decision on, investments or other financial matters is
63 not a public record under chapter 610, RSMo, to the extent and so long as its disclosure would
64 jeopardize the ability to implement a decision or to achieve investment objectives.

169.650. 1. On and after October 13, 1965, all employees as defined in section 169.600
2 of districts included in this retirement system shall be members of the system by virtue of their
3 employment, and all persons who had five years of prior service who were employees of districts
4 included in sections 169.600 to 169.710 during the school year next preceding October 13, 1965,
5 but who ceased to be employees prior to October 13, 1965, because of physical disability, shall
6 be members of this system by virtue of that prior service. Individuals who qualify as
7 independent contractors under the common law and are treated as such by their employer shall
8 not be considered employees for purposes of membership in or contributions to the retirement
9 system.

10 2. Any member who rendered service prior to November 1, 1965, as an employee as
11 defined in section 169.600 in a district or junior college district included in the system may claim
12 credit for that service by filing with the board of trustees a complete and detailed record of the
13 service for which the credit is claimed, together with such supporting evidence as the board may
14 require for verification of the record. To the extent that the board finds the record correct, it shall
15 credit the claimant with prior service and shall notify the claimant of its decision.

16 3. Membership shall be terminated by failure of a member to earn any membership
17 service credit as a public school employee under this system for five consecutive school years,
18 by death, withdrawal of contributions, or retirement.

19 4. If a member withdraws or is refunded the member's contributions, the member shall
20 thereby forfeit any creditable service the member may have; provided, however, if such person
21 again becomes a member of the system, the member may elect prior to retirement to reinstate any
22 creditable service forfeited at the times of previous withdrawals or refunds. The reinstatement
23 shall be effected by the member paying to the retirement system, with interest, the amount of
24 accumulated contributions withdrawn by the member or refunded to the member with respect
25 to the service being reinstated. A member may reinstate less than the total service previously
26 forfeited, in accordance with rules promulgated by the board of trustees. The payment shall be
27 completed prior to termination of membership with the retirement system with interest on the
28 unpaid balance; provided, however, that if a member is retired on disability before completing
29 such payments, the balance due, with interest, shall be deducted from the member's disability
30 retirement allowance.

31 5. Any person who is an employee of any statewide nonprofit educational association
32 or organization serving the active membership of the public education employee retirement
33 system of Missouri and who works at least twenty hours per week on a regular basis in a position
34 which is not covered by the public school retirement system of Missouri may be a member of the
35 public education employee retirement system of Missouri. Certificated employees of such
36 statewide nonprofit educational association or organization may not be members of the public
37 school retirement system of Missouri unless such association or organization makes separate
38 application pursuant to subsection 4 of section 169.130. The contributions required to be made
39 by the employee will be deducted from salary and matched by the association or organization.
40 **After June 30, 2009, no additional nonprofit educational associations or organizations may**
41 **have its employees become members of the public school retirement system or the public**
42 **education employee retirement system of Missouri.**

169.655. 1. Members who have accrued at least one year of membership service credit
2 for employment in a position covered by this retirement system and who have covered
3 employment with this retirement system following the service for which credit is being
4 purchased may purchase membership service credit under the circumstances, terms and
5 conditions provided in this section. With respect to each such purchase authorized by this
6 section the following provisions apply:

7 (1) The purchase shall be effected by the member paying to the retirement system the
8 amount the member would have contributed and the amount the employer would have
9 contributed had such member been an employee for the number of years for which the member

10 is electing to purchase credit, and had the member's compensation during such period been the
11 highest annual salary rate on record with the retirement system on the date of election to purchase
12 credit. The contribution rate used in determining the amount to be paid shall be the contribution
13 rate in effect on the date of election to purchase credit. Notwithstanding the provisions of this
14 subsection, for all elections to purchase credit received by the retirement system on or after
15 January 1, 2006, the member shall receive credit based on the amount paid by the member for
16 such credit and received by the retirement system by the close of business on June thirtieth of
17 each year. In lieu of charging the member interest on such purchase of credit, the amount to be
18 paid by the member for any remaining credit the member has elected to purchase but has not paid
19 for by [June] **September** thirtieth of each year shall be recalculated on the following [July]
20 **October** first using the contribution rate in effect on that July first and the highest salary of
21 record for the member as of that July first. For all elections to purchase credit received by the
22 retirement system prior to January 1, 2006, the retirement system shall determine the cost of such
23 purchase using the calculation method in effect for elections to purchase credit received by the
24 retirement system on or after January 1, 2006, provided that the member shall have a one-time,
25 irrevocable option to continue to have the cost of such purchase be determined using the
26 calculation method in effect at the time of such election to purchase such credit. To be effective,
27 such option must be elected by the member on a form approved by the retirement system and
28 such form must be received by the retirement system by the close of business on June 30, 2006.
29 The retirement system reserves the right to **prohibit a purchase, impose additional**
30 **requirements for making a purchase, or** limit the amount of credit purchased [by the member
31 in any year if the amounts paid by the member in that year would exceed any applicable
32 contribution limits set forth in] **if necessary for the retirement system to comply with federal**
33 **law, including but not limited to the provisions of** Section 415 of Title 26 of the United States
34 Code;

35 (2) Membership service credit purchased pursuant to this section shall be deemed to be
36 membership service as defined in subdivision (10) of section 169.600;

37 (3) An election to purchase membership service credit pursuant to this section and
38 payment for the purchase shall be completed prior to termination of membership with the
39 retirement system with interest on the unpaid balance;

40 (4) Members may purchase membership service credit in increments of one-tenth of a
41 year, and multiple elections to purchase may be made;

42 (5) Additional terms and conditions applicable to purchases made pursuant to this
43 section including, but not limited to, minimum payments, payment schedules and provisions
44 applicable when a member fails to complete payment may be set by rules of the board.

45 2. Membership service credit shall not be allowed pursuant to this section or sections
46 169.570 and 169.577 which exceeds in length the member's membership service credit for
47 employment in a position covered by this system, and in no event may the member receive
48 membership service credit with both this system and another public retirement system for the
49 same service.

50 3. A member who was employed for at least twenty hours per week on a regular basis
51 by a public school district, public junior college, public community college, public college, or
52 public university, either inside or outside of this state, may elect to purchase equivalent
53 membership service credit.

54 4. A member who has served in the armed forces of the United States of America and
55 who was discharged or separated from the armed forces by other than a dishonorable discharge
56 may elect to purchase membership service credit for the period of active duty service in the
57 armed forces.

58 5. Any member granted unpaid maternity or paternity leave for a period, from a position
59 covered by the retirement system, who returned to employment in such a position, may elect to
60 purchase membership service credit for the period of leave.

61 6. Any member who is or was certified as a vocational-technical teacher on the basis of
62 having a college degree or who was required to have a period of work experience of at least two
63 years in the area of the subject being taught in order to qualify for such certification may, upon
64 written application to the board, purchase equivalent membership service credit for such work
65 experience which shall not exceed the two years necessary for certification if the work
66 experience was in the area that the member taught or is teaching and was completed in two years.

67 7. Any member who had membership service credit with the public school retirement
68 system of Missouri governed by sections 169.010 to 169.141 but which membership service
69 credit was forfeited by withdrawal or refund may elect to purchase credit for such service. The
70 public school retirement system of Missouri shall transfer to this system an amount equal to the
71 employer contributions for the forfeited service being purchased, plus interest, which shall be
72 applied to reduce the amount the member would otherwise pay for the purchase, provided that
73 the amount transferred shall not exceed one-half of the purchase cost.

74 8. A member may elect to purchase membership service credit for service rendered while
75 on leave from an employer, as defined in section 169.600, for a not-for-profit corporation or
76 agency whose primary purpose is support of education or education research if the member was
77 employed by that organization to serve twenty or more hours per week on a regular basis.

78 9. A member who was employed by a private school, private junior college, private
79 community college, private college, or private university, either inside or outside of this state,

80 for at least twenty or more hours per week on a regular basis, may elect to purchase membership
81 service credit for such service rendered.

82 10. A member who was employed in nonfederal public employment for at least twenty
83 hours a week on a regular basis shall be permitted to purchase equivalent creditable service in
84 the retirement system for such employment subject to provisions of this section.

85 11. A member who, while eighteen years of age or older, was employed in a position
86 covered by Social Security for at least twenty hours a week on a regular basis shall be permitted
87 to purchase equivalent creditable service in the retirement system for such employment subject
88 to provisions of this section.

169.670. 1. The retirement allowance of a member whose age at retirement is sixty years
2 or more and whose creditable service is five years or more, or whose sum of age and creditable
3 service equals eighty years or more, or whose creditable service is thirty years or more regardless
4 of age, shall be the sum of the following items:

5 (1) For each year of membership service, one and sixty-one hundredths percent of the
6 member's final average salary;

7 (2) Six-tenths of the amount payable for a year of membership service for each year of
8 prior service;

9 (3) Eighty-five one-hundredths of one percent of any amount by which the member's
10 average compensation for services rendered prior to July 1, 1973, exceeds the average monthly
11 compensation on which federal Social Security taxes were paid during the period over which
12 such average compensation was computed, for each year of membership service credit for
13 services rendered prior to July 1, 1973, plus six-tenths of the amount payable for a year of
14 membership service for each year of prior service credit;

15 (4) In lieu of the retirement allowance otherwise provided by subdivisions (1) to (3) of
16 this subsection, between July 1, 2001, and July 1, 2013, a member may elect to receive a
17 retirement allowance of:

18 (a) One and fifty-nine hundredths percent of the member's final average salary for each
19 year of membership service, if the member's creditable service is twenty-nine years or more but
20 less than thirty years and the member has not attained the age of fifty-five;

21 (b) One and fifty-seven hundredths percent of the member's final average salary for each
22 year of membership service, if the member's creditable service is twenty-eight years or more but
23 less than twenty-nine years, and the member has not attained the age of fifty-five;

24 (c) One and fifty-five hundredths percent of the member's final average salary for each
25 year of membership service, if the member's creditable service is twenty-seven years or more but
26 less than twenty-eight years and the member has not attained the age of fifty-five;

27 (d) One and fifty-three hundredths percent of the member's final average salary for each
28 year of membership service, if the member's creditable service is twenty-six years or more but
29 less than twenty-seven years and the member has not attained the age of fifty-five;

30 (e) One and fifty-one hundredths percent of the member's final average salary for each
31 year of membership service, if the member's creditable service is twenty-five years or more but
32 less than twenty-six years and the member has not attained the age of fifty-five; and

33 (5) In addition to the retirement allowance provided in subdivisions (1) to (3) of this
34 subsection, a member retiring on or after July 1, 2001, whose creditable service is thirty years
35 or more or whose sum of age and creditable service is eighty years or more, shall receive a
36 temporary retirement allowance equivalent to eight-tenths of one percent of the member's final
37 average salary multiplied by the member's years of service until such time as the member reaches
38 the minimum age for Social Security retirement benefits.

39 2. If the board of trustees determines that the cost of living, as measured by generally
40 accepted standards, increases five percent or more in the preceding fiscal year, the board shall
41 increase the retirement allowances which the retired members or beneficiaries are receiving by
42 five percent of the amount being received by the retired member or the beneficiary at the time
43 the annual increase is granted by the board; provided that, the increase provided in this
44 subsection shall not become effective until the fourth January first following a member's
45 retirement or January 1, 1982, whichever occurs later, and the total of the increases granted to
46 a retired member or the beneficiary after December 31, 1981, may not exceed eighty percent of
47 the retirement allowance established at retirement or as previously adjusted by other provisions
48 of law. If the cost of living increases less than five percent, the board of trustees may determine
49 the percentage of increase to be made in retirement allowances, but at no time can the increase
50 exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no
51 increase in allowances for retired members on the following January first.

52 3. The board of trustees may reduce the amounts which have been granted as increases
53 to a member pursuant to subsection 2 of this section if the cost of living, as determined by the
54 board and as measured by generally accepted standards, is less than the cost of living was at the
55 time of the first increase granted to the member; provided that, the reductions shall not exceed
56 the amount of increases which have been made to the member's allowance after December 31,
57 1981.

58 4. (1) In lieu of the retirement allowance provided in subsection 1 of this section, called
59 "option 1", a member whose creditable service is twenty-five years or more or who has attained
60 age fifty-five with five or more years of creditable service may elect, in the application for
61 retirement, to receive the actuarial equivalent of the member's retirement allowance in reduced
62 monthly payments for life during retirement with the provision that:

63 Option 2. Upon the member's death, the reduced retirement allowance shall be continued
64 throughout the life of and paid to such person as has an insurable interest in the life of the
65 member as the member shall have nominated in the member's election of the option, and
66 provided further that if the person so nominated dies before the retired member, the retirement
67 allowance will be increased to the amount the retired member would be receiving had the
68 member elected option 1;

69 OR

70 Option 3. Upon the death of the member three-fourths of the reduced retirement
71 allowance shall be continued throughout the life of and paid to such person as has an insurable
72 interest in the life of the member and as the member shall have nominated in an election of the
73 option, and provided further that if the person so nominated dies before the retired member, the
74 retirement allowance will be increased to the amount the retired member would be receiving had
75 the member elected option 1;

76 OR

77 Option 4. Upon the death of the member one-half of the reduced retirement allowance
78 shall be continued throughout the life of, and paid to, such person as has an insurable interest in
79 the life of the member and as the member shall have nominated in an election of the option, and
80 provided further that if the person so nominated dies before the retired member, the retirement
81 allowance shall be increased to the amount the retired member would be receiving had the
82 member elected option 1;

83 OR

84 Option 5. Upon the death of the member prior to the member having received one
85 hundred twenty monthly payments of the member's reduced allowance, the remainder of the one
86 hundred twenty monthly payments of the reduced allowance shall be paid to such beneficiary as
87 the member shall have nominated in the member's election of the option or in a subsequent
88 nomination. If there is no beneficiary so nominated who survives the member for the remainder
89 of the one hundred twenty monthly payments, the reserve for the remainder of such one hundred
90 twenty monthly payments shall be paid to the **surviving spouse, surviving children in equal**
91 **shares, surviving parents in equal shares, or to the** estate of the last person to receive a
92 monthly allowance **in a lump sum payment**. If the total of the one hundred twenty payments
93 paid to the retired individual and the beneficiary of the retired individual is less than the total of
94 the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump
95 sum;

96 OR

97 Option 6. Upon the death of the member prior to the member having received sixty
98 monthly payments of the member's reduced allowance, the remainder of the sixty monthly

99 payments of the reduced allowance shall be paid to such beneficiary as the member shall have
100 nominated in the member's election of the option or in a subsequent nomination. If there is no
101 beneficiary so nominated who survives the member for the remainder of the sixty monthly
102 payments, the reserve for the remainder of such sixty monthly payments shall be paid to the
103 **surviving spouse, surviving children in equal shares, surviving parents in equal shares, or**
104 **to the** estate of the last person to receive a monthly allowance **in a lump sum payment**. If the
105 total of the sixty payments paid to the retired individual and the beneficiary of the retired
106 individual is less than the total of the member's accumulated contributions, the difference shall
107 be paid to the beneficiary in a lump sum;

108 OR

109 Option 7. A plan of variable monthly benefit payments which provides, in conjunction
110 with the member's retirement benefits under the federal Social Security laws, level or near-level
111 retirement benefit payments to the member for life during retirement, and if authorized, to an
112 appropriate beneficiary designated by the member. Such a plan shall be actuarially equivalent
113 to the retirement allowance under option 1 and shall be available for election only if established
114 by the board of trustees under duly adopted rules.

115 (2) The election of an option may be made only in the application for retirement and such
116 application must be filed prior to the date on which the retirement of the member is to be
117 effective. If either the member or the person nominated dies before the effective date of
118 retirement, the option shall not be effective, provided that:

119 (a) If the member or a person retired on disability retirement dies after attaining age
120 fifty-five and acquiring five or more years of creditable service or after acquiring twenty-five or
121 more years of creditable service and before retirement, except retirement with disability benefits,
122 and the person named by the member as the member's beneficiary has an insurable interest in the
123 life of the deceased member, the designated beneficiary may elect to receive either survivorship
124 payments under option 2 or a payment of the member's accumulated contributions. If
125 survivorship benefits under option 2 are elected and the member at the time of death would have
126 been eligible to receive an actuarial equivalent of the member's retirement allowance, the
127 designated beneficiary may further elect to defer the option 2 payments until the date the member
128 would have been eligible to receive the retirement allowance provided in subsection 1 of this
129 section.

130 (b) If the member or a person retired on disability retirement dies before attaining age
131 fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the
132 person named as the beneficiary has an insurable interest in the life of the deceased member or
133 disability retiree, the designated beneficiary may elect to receive either a payment of the person's
134 accumulated contributions or survivorship benefits under option 2 to begin on the date the

135 member would first have been eligible to receive an actuarial equivalent of the person's
136 retirement allowance, or to begin on the date the member would first have been eligible to
137 receive the retirement allowance provided in subsection 1 of this section.

138 5. If the total of the retirement or disability allowances paid to an individual before the
139 person's death is less than the person's accumulated contributions at the time of the person's
140 retirement, the difference shall be paid to the person's beneficiary or, if there is no beneficiary,
141 to the [(1)] surviving spouse, [(2)] surviving children in equal shares, [(3)] surviving parents in
142 equal shares, or [(4)] person's estate in that order of precedence; provided, however, that if an
143 optional benefit, as provided in option 2, 3 or 4 in subsection 4 **of this section**, had been elected
144 and the beneficiary dies after receiving the optional benefit, then, if the total retirement
145 allowances paid to the retired individual and the individual's beneficiary are less than the total
146 of the contributions, the difference shall be paid to the [(1)] surviving spouse, [(2)] surviving
147 children in equal shares, [(3)] surviving parents in equal shares, or [(4)] estate of the beneficiary,
148 in that order of precedence, unless the retired individual designates a different recipient with the
149 board at or after retirement.

150 **6. If a member dies and his or her financial institution is unable to accept the final**
151 **payment or payments due to the member, the final payment or payments shall be paid to**
152 **the beneficiary of the member or, if there is no beneficiary, to the surviving spouse,**
153 **surviving children in equal shares, surviving parents in equal shares, or to the estate of the**
154 **member in that order of precedence, unless otherwise stated. If the beneficiary of a**
155 **deceased member dies and his or her financial institution is unable to accept the final**
156 **payment or payments, the final payment or payments shall be paid to the surviving spouse,**
157 **surviving children in equal shares, surviving parents in equal shares, or to the estate of the**
158 **member in that order of precedence, unless otherwise stated.**

159 7. If a member dies before receiving a retirement allowance, the member's accumulated
160 contributions at the time of the member's death shall be paid to the member's beneficiary or, if
161 there is no beneficiary, to the [(1)] surviving spouse, [(2)] surviving children in equal shares,
162 [(3)] surviving parents in equal shares, or [(4)] to the member's estate; provided, however, that
163 no such payment shall be made if the beneficiary elects option 2 in subsection 4 of this section,
164 unless the beneficiary dies before having received benefits pursuant to that subsection equal to
165 the accumulated contributions of the member, in which case the amount of accumulated
166 contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the
167 [(1)] surviving spouse, [(2)] surviving children in equal shares, [(3)] surviving parents in equal
168 shares, or [(4)] estate of the beneficiary, in that order of precedence.

169 [.] **8.** If a member ceases to be an employee as defined in section 169.600 and certifies
170 to the board of trustees that such cessation is permanent or if the person's membership is

171 otherwise terminated, the person shall be paid the person's accumulated contributions with
172 interest.
