JOINT RESOLUTION

Submitting to the qualified voters of Missouri an amendment repealing section 27(a) of article IV of the Constitution of Missouri, and adopting three new sections in lieu thereof relating to the commonsense obligation to provide accountability and spending stabilization act.

Be it resolved by the House of Representatives, the Senate concurring therein:

That at the next general election to be held in the state of Missouri, on Tuesday next following the first Monday in November, 2008, or at a special election to be called by the governor for that purpose, there is hereby submitted to the qualified voters of this state, for adoption or rejection, the following amendment to article IV of the Constitution of the state of Missouri:

Section A. Section 27(a), article IV, Constitution of Missouri, is repealed and three new sections adopted in lieu thereof, to be known as sections 23(a), 27(a), and 27(c), to read as follows:

Section 23(a). 1. As used in this section and sections 27(a) and 27(c) of this article:
(1) "Appropriations growth limit", means a percentage figure that is the greater of zero or the sum of the annual rate of inflation and the annual percentage change in the population of Missouri;

EXPLANATION — Matter enclosed in bold-faced brackets [thus] in the above bill is not enacted and is intended to be omitted from the law. Matter in **bold-face** type in the above bill is proposed language.

5 (2) "Emergency", means an event or series of events or a state of affairs that
6 requires the immediate appropriation of moneys for the health, safety, and general welfare
7 of the people;

8 (3) "Inflation", means the rate of inflation as measured by the Consumer Price
9 Index for All Urban Consumers for the United States, semi-annual average of the first six
10 months of the current calendar year;

11 (4) "Net general revenue collections", means all revenue deposited into the general
12 revenue fund less refunds and revenues originally deposited into the general revenue fund
13 but designated by law for a specific distribution or transfer to another state fund as
14 reported by the office of administration;

15 (5) "Population of Missouri", means the number of persons residing in the state of
16 Missouri as determined by the United States Census Bureau in the last decennial census
17 including the most recent calendar year update; and

18 (6) "Total state general revenue appropriations", means the total of appropriations
19 from net general revenue collections for a fiscal year, including supplemental
20 appropriations from any regular, special, or extraordinary session from the previous fiscal
21 year from net general revenue collections, passed by the general assembly and approved
22 by the governor as reported by the office of administration, except reappropriations,
23 appropriations to pay principal and interest on general obligation bonded indebtedness,
24 and appropriations from general revenue for final court judgments and costs in cases to
25 the extent that the state was not the prevailing party.

26 2. Total state general revenue appropriations for any fiscal year shall not exceed
27 total state general revenue appropriations for the immediately preceding fiscal year by
28 more than the appropriations growth limit determined by subsection 1 of this section,
29 except that new or increased tax revenues or fees that meet the exceptions in subsection 1,
30 section 18(e), article X of this constitution or receive voter approval shall be exempted from
31 the calculation of the appropriations growth limit for the year in which they are passed.

32 3. For any fiscal year in which net general revenue collections exceed total state
33 general revenue appropriations allowed under subsection 2 of this section by more than
34 one percent of total state general revenue appropriations allowed, the commissioner of
35 administration shall, by August first following the end of the fiscal year, transfer the excess
36 funds over one percent to the cash operating reserve fund established by section 27(a) of
37 this article and to the budget reserve fund established by section 27(c) of this article,
38 subject to the limits specified in such sections. Any such excess general revenue funds
39 remaining after such transfers shall be tracked by the commissioner of administration and

40 applied to the permanent reduction of all state income tax rates as established in section
41 27(a).

42 4. Total state general revenue appropriations for any fiscal year may exceed total
43 state general revenue appropriations for the immediately preceding fiscal year by more
44 than the appropriations growth limit only under the following conditions:

45 (1) The governor declares an emergency, specifying the nature of the emergency
46 and requesting appropriations to meet the emergency; and

47 (2) The general assembly, by a vote of two-thirds of the members elected to serve
48 in each house, enacts and the governor approves a separate bill or bills appropriating
49 moneys to meet the emergency. Any such appropriation bill or bills shall not be included
50 in total state general revenue appropriations for purposes of compliance with subsection
51 2 of this section for the next succeeding fiscal year.

52 5. The total state general revenue appropriations limit shall not be reduced or
53 increased if the amount of total state revenues, as defined in section 17, article X of this
54 constitution, for the prior fiscal year is less than the amount of total state revenues for the
55 next preceding fiscal year.

56 6. The general assembly may enact laws implementing this section.

Section 27(a). 1. On July first following the adoption of this section, there is hereby
2 established within the state treasury a fund to be known as the "[Budget] **Cash Operating**
3 Reserve Fund". [The balances in the cash operating reserve fund and the budget stabilization
4 fund shall be transferred to the budget reserve fund.] **Sixty-seven percent of the balance in the**
5 **budget reserve fund on July first following the adoption of this section shall be transferred**
6 **to the cash operating reserve fund.**

7 2. The commissioner of administration may, throughout any fiscal year, transfer amounts
8 from the [budget] **cash operating** reserve fund to the general revenue fund or any other state
9 fund without other legislative action if he **or she** determines that such amounts are necessary for
10 the cash requirements of this state. Such transfers shall be deemed "cash operating transfers".

11 3. The commissioner of administration shall transfer from the general revenue fund or
12 other recipient fund to the [budget] **cash operating** reserve fund an amount equal to the cash
13 operating transfer received by such fund pursuant to subsection 2 of this section, together with
14 the interest that would have been earned on such amount, prior to May sixteenth of the fiscal year
15 in which the transfer was made. No cash operating transfers out of the [budget] **cash operating**
16 reserve fund may be made after May fifteenth of any fiscal year.

17 4. Funds in the [budget] **cash operating** reserve fund shall be invested by the treasurer
18 in the same manner as other state funds are invested. Interest earned on such investments shall
19 be credited to the [budget] **cash operating** reserve fund. Subject to the provisions of subsection

20 [7] 5 of this section, the unexpended balance in the [budget] **cash operating** reserve fund at the
21 close of any fiscal year shall remain in the fund.

22 5. [In any fiscal year in which the governor reduces the expenditures of the state or any
23 of its agencies below their appropriations in accordance with section 27 of this article, or in
24 which there is a budget need due to a disaster, as proclaimed by the governor to be an emergency,
25 the general assembly, upon a request by the governor for an emergency appropriation and by a
26 two-thirds vote of the members elected to each house, may appropriate funds from the budget
27 reserve fund to fulfill the expenditures authorized by any of the existing appropriations which
28 were affected by the governor's decision to reduce expenditures pursuant to section 27 of this
29 article or to meet budget needs due to the disaster. Such expenditures shall be deemed to be for
30 "budget stabilization purposes". The maximum amount which may be appropriated at any one
31 time for such budget stabilization purposes shall be one-half of the sum of the balance in the
32 fund and any amounts appropriated or otherwise owed to the fund, less all amounts owed to the
33 fund for budget stabilization purposes but not yet appropriated for repayment to the fund.

34 6. One-third of the amount transferred or expended from the budget reserve fund for
35 budget stabilization purposes during any fiscal year, together with interest that would otherwise
36 have been earned on such amount, shall stand appropriated to the budget reserve fund during
37 each of the next three fiscal years, and such amount, and any additional amounts which may be
38 appropriated for that purpose, shall be transferred from the fund which received such transfer to
39 the budget reserve fund by the fifteenth day of the fiscal year for each of the next three fiscal
40 years or until the full amount, plus interest, has been returned to the budget reserve fund. The
41 maximum amount which may be outstanding at any one time and subject to repayment to the
42 budget reserve fund for budget stabilization purposes shall be one-half of the sum of the balance
43 in the fund and all outstanding amounts appropriated or otherwise owed to the fund.

44 7. If the balance in the budget reserve fund at the close of any fiscal year exceeds seven
45 and one-half percent of the net general revenue collections for the previous fiscal year, the
46 commissioner of administration shall transfer that excess amount to the general revenue fund
47 unless such excess balance is as a result of direct appropriations made by the general assembly
48 for the purpose of increasing the balance of the fund; provided, however, that if the balance in
49 the fund at the close of any fiscal year exceeds ten percent of the net general revenue collections
50 for the previous fiscal year, the commissioner of administration shall transfer the excess amount
51 to the general revenue fund notwithstanding any specific appropriations made to the fund. For
52 purposes of this section, "net general revenue collections" means all revenue deposited into the
53 general revenue fund less refunds and revenues originally deposited into the general revenue
54 fund but designated by law for a specific distribution or transfer to another state fund.

55 8.] If the balance in the cash operating reserve fund at the close of any fiscal year
56 exceeds five percent of the net general revenue collections for the previous fiscal year, the
57 commissioner of administration shall transfer the excess amounts to the general revenue
58 fund notwithstanding any specific appropriations made to the cash operating reserve fund.
59 Excess amounts transferred under this subsection and subsection 5 of section 27(c) of this
60 article shall be tracked by the commissioner of administration and immediately applied to
61 the permanent reduction of all state income tax rates rounded to the nearest one quarter
62 of one percent. The commissioner of administration shall notify the director of revenue to
63 reduce such rates accordingly and to adjust corresponding income tax returns to reflect
64 the reduction. This subsection shall be self-enforcing, and the general assembly may enact
65 laws implementing this subsection.

66 6. If the sum of the ending balance of the [budget] cash operating reserve fund in any
67 fiscal year [and any amounts owed to the fund pursuant to subsection 6 of this section] , after
68 any transfers made under subsection 3 of section 23(a) of this article, is less than [seven and
69 one-half] five percent of the net general revenue collections for the same year, the difference
70 shall stand appropriated and shall be transferred from the general revenue fund to the budget
71 reserve fund by the fifteenth day of the succeeding fiscal year.

 Section 27(c). 1. On July first following the adoption of this section, there is hereby
2 established within the state treasury a fund to be known as the "Budget Reserve Fund".
3 Thirty-three percent of the balance in the budget reserve fund, as formerly established by
4 section 27(a) of this article, as it exists on July first following the adoption of this section,
5 shall remain in the budget reserve fund as established by this section.

6 2. In any fiscal year in which the governor reduces the expenditures of the state or
7 any of its agencies below their appropriations in accordance with section 27 of this article,
8 the general assembly, upon a proclamation by the governor that the reductions need to be
9 restored and that no other funds are available for such restoration and upon his or her
10 request for an emergency appropriation supported by a vote of two-thirds of the members
11 elected to and serving in each house, may appropriate funds from the budget reserve fund
12 to fulfill the expenditures authorized by any of the existing appropriations.

13 3. In any fiscal year in which there are appropriation needs due to an emergency
14 proclaimed by the governor, and affirming that no other funds are available to meet such
15 needs, the general assembly, upon a request by the governor for an emergency
16 appropriation and by a vote of two-thirds of the members elected to and serving in each
17 house, may appropriate funds from the budget reserve fund to meet the appropriation
18 needs due to the emergency.

19 **4. Funds in the budget reserve fund shall be invested by the state treasurer in the**
20 **same manner as other state funds are invested. Interest earned on such investments shall**
21 **be credited to the budget reserve fund. Subject to the provisions of subsection 5 of this**
22 **section, the unexpended balance in the budget reserve fund at the close of any fiscal year**
23 **shall remain in the fund.**

24 **5. If the balance in the budget reserve fund at the close of any fiscal year exceeds**
25 **seven percent of the net general revenue collections for the previous fiscal year, the**
26 **commissioner of administration shall transfer the excess amount to the general revenue**
27 **fund notwithstanding any specific appropriations made to the fund.**

28 **6. If the sum of the ending balance of the budget reserve fund in any fiscal year,**
29 **after any transfers made under subsection 3 of section 23(a) of this article, is less than**
30 **seven percent of the net general revenue collections for the same year, the difference shall**
31 **stand appropriated and shall be transferred from the general revenue fund to the budget**
32 **reserve fund by the fifteenth day of the succeeding fiscal year, except that if the actual**
33 **balance of the Budget Reserve fund remaining in the fund in accordance with this section**
34 **is less than seven percent of net general revenue collections for the fiscal year prior to the**
35 **adoption of this section, then the commissioner of administration shall transfer amounts**
36 **necessary to reach seven percent of the previous year's net general revenue collections no**
37 **later than five years from July first following the adoption of this section. The provisions**
38 **of this subsection shall not apply following any fiscal year in which net general revenue**
39 **collections are less than in the previous fiscal year.**

40 **7. The full amount of any funds appropriated and expended from the budget**
41 **reserve fund under subsection 2 or 3 of this section shall be paid back to the fund no later**
42 **than five years from the date of the original transfer.**
