

HB 1438 -- Use of Public Lands

Sponsor: Kelly

This bill specifies that no United States resident will be denied access to any public land owned, managed, or funded by the State of Missouri for the purpose of riding horses or mules if the land has been designated by the state as land upon which horses and mules may be ridden or to any trail or road that has been used for horse or mule riding. However, access may be denied if the use is contraindicated based on available scientific or geological data or is contrary or detrimental to the current usage of the land by the state.
