

HB 1717 -- Driver's Licenses

Sponsor: Guest

This bill requires individuals who are 15 to 18 years of age to annually present documentation to the Department of Revenue that he or she is enrolled in a high school, has an attendance rate of at least 90%, has earned a minimum cumulative grade point average of at least 1.75, is making satisfactory progress in an alternative curriculum designed for students who are at risk, or is enrolled and progressing in a special education program in order to obtain and maintain a driver's license or temporary permit. Any person who knowingly submits false information to the department regarding this provision will be guilty of a class C misdemeanor.

Waiver provisions for emancipated minors and certain individuals who have earned a general educational development certificate are included in the bill.
