

HB 1775 -- State College Police Enforcement of Traffic Regulations

Sponsor: Thomson

This bill authorizes state college and university police officers to enforce traffic regulations on college or university property. Motor vehicles on state college or university campuses must obey the general motor vehicle laws of the state. The board of regents or board of governors may establish traffic regulations, and moving violations will be treated in the same manner as a violation of a municipal ordinance. The officers will be required to be certified under the Peace Officer Standards and Training (POST) Program and will have authority under the fresh pursuit doctrine in Section 544.157, RSMo.
