

HB 1793 -- State Board of Health and Senior Services

Sponsor: Cooper (155)

This bill establishes the State Board of Health and Senior Services to advise the Department of Health and Senior Services on the development of department rules, formulation of the department budget, and the planning for and operation of the department as well as annually evaluate all boards, councils, authorities, and advisory bodies of the department.

The bill also abolishes the State Board of Health and the State Board of Senior Services.
