

HB 1944 -- Social Security Numbers

Sponsor: Harris (110)

This bill requires Social Security numbers collected in any application for a marriage license or included on petitions for dissolution of marriage or legal separation to be forwarded to the appropriate state agency responsible for enforcing child support orders. Any Social Security number recorded by the state agency must be stored by a non-identifying numeric code. Social Security numbers stored under these requirements are exempt from the examination and copying provisions of the Open Meetings and Records Law, commonly known as the Sunshine Law.
