

HB 1962 -- Erica and Zayquon's Law

Sponsor: LeVota

Currently, the crime of murder in the first degree, a class A felony, occurs if a person knowingly causes the death of another person after deliberation upon the matter. This bill, which establishes Erica and Zayquon's Law, expands the crime to include when a person knowingly causes the death of a child younger than 18 years of age and a heinous element is involved in the commission of the crime.
