

HB 2000 -- Minimum Ambulance Staffing in Lafayette and Saline
Counties

Sponsor: McGhee

This bill adds the counties of Lafayette and Saline to the list of counties that are required to have a minimum ambulance staffing requirement. At least one licensed emergency medical technician (EMT), registered nurse, or physician must be with a patient in the patient compartment when transporting a patient. At all other times when an ambulance is in use as an ambulance, there must be a minimum of one EMT and one other crew member.
