

HB 2380 -- Building Regulations and Commissions

Sponsor: Tilley

Currently, the counties of Clay and Jefferson are authorized, without voter approval, to adopt building and construction regulations; require building permits; license certain building contractors; require inspections; establish and collect fees for permits, licenses, and inspections; and appoint a building commission to oversee these regulations, permits, licenses, and inspections. This bill expands that authority to include the adoption of regulations for electrical wiring and installation and the licensing of individuals to make them consistent with the authority granted to all other first and second classification counties.
