

HB 2494 -- Electric Cooperative Boards

Sponsor: Pollock

This bill requires a regional electric cooperative that provides service to two or more municipalities within Missouri to allow the municipalities to appoint at least two members to its governing board. Appointments will be made by majority vote of the mayors of the municipalities served by the cooperative, and the individuals appointed will have the same rights and benefits as other members of the board. The provisions of the bill may be enforced by an injunction prohibiting any regional electric cooperative who fails to comply with any of the requirements of the bill from operating within Missouri.
