## **FISCAL ANALYSIS**

### **ASSUMPTION**

Officials from the **Department of Public Safety – Missouri State Highway Patrol** assume the proposal would have no fiscal impact on their agency.

Officials from the **Office of State Courts Administrator** assume the proposed legislation would have no fiscal impact on the courts.

Officials from the **Department of Corrections (DOC)** assume the proposal seeks to create an additional element to the unlawful use of weapons. An individual that possesses a felony amount of illegal drugs and is in possession of a firearm can be charged with a class D felony for unlawful use of weapons. Most felony possessions of illegal drugs are class C felonies. Passage of this bill may allow defense attorneys to plead down felony drug possession charges to a class D felony for unlawful use of weapons. In turn, this may result in less time served and an appearance of fewer incarcerations for drug offenses.

DOC cannot currently predict the number of new commitments which may result from the creation of the offense(s) outlined in this proposal. An increase in commitments depends on the utilization by prosecutors and the actual sentences imposed by the court.

If additional persons are sentenced to the custody of the DOC due to the provisions of this legislation, the DOC will incur a corresponding increase of direct offender costs either through incarceration (FY08 average of \$15.64 per offender per day, or an annual cost of \$5,709 per inmate) or through supervision provided by the Board of Probation and Parole (FY08 average of \$2.47 per offender per day, or an annual cost of \$902 per offender).

The following factors contribute to DOC's minimal assumption:

- DOC assumes the narrow scope of the crime will not encompass a large number of offenders;
- The low felony status of the crime enhances the possibility of plea-bargaining or imposition of a probation sentence; and
- The probability exists that offenders would be charged with a similar but more serious offense or that sentences may run concurrent to one another.

ASSUMPTION (continued)

In summary, supervision by the DOC through probation or incarceration would result in some additional costs, but it is assumed the impact would be \$0 or a minimal amount that could be absorbed within existing resources.

Officials from the **Office of the State Public Defender (SPD)** assume increasing penalties on existing crimes, or creating new crimes, will require more SPD resources. While the number of new cases (or cases with increased penalties) may be too few or uncertain to request additional appropriations for this specific bill, the SPD will continue to request sufficient appropriations to provide competent and effective representation in all its cases.

**Oversight** assumes the Office of the State Public Defender (SPD) could absorb the costs of the proposed legislation within existing resources. Oversight assumes any significant increase in the workload of the SPD would be reflected in future budget requests.

**Officials from the Office of Prosecution Services did not respond to Oversight's request for fiscal impact.**

<u>FISCAL IMPACT - State Government</u>	FY 2010 (10 Mo.)	FY 2011	FY 2012
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

<u>FISCAL IMPACT - Local Government</u>	FY 2010 (10 Mo.)	FY 2011	FY 2012
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

**FISCAL DESCRIPTION**

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program, and would not require additional capital improvements or rental space.
