23 contingent funds until an appropriation is made therefor. No funds from highway user fees or
24 other funds allocated for the operation of the department of transportation shall be used for the
25 compensation of the inspector general and his or her staff. The joint committee inspector general
26 initially appointed pursuant to this section shall take office January 1, 2004, for a term ending

46 investigate a citizen complaint if he or she is directed to do so by a majority of the joint
47 committee on transportation oversight;

65 closed record until the investigation becomes inactive. If the inspector general refers a violation
66 of law to the appropriate prosecuting attorney or the attorney general, such records shall be

67 transmitted with the referral. If the inspector general finds no violation of law or determines not
68 to refer the subject of the investigation to the appropriate prosecuting attorney or the attorney
69 general regarding matters referred to the appropriate prosecuting attorney or the attorney general
70 and the statute of limitations expires without any action being filed, the record shall remain
71 closed. As provided in section 610.100, RSMo, any person may bring an action pursuant to this
72 section in the circuit court having jurisdiction to authorize disclosure of information in the

20 driveaway vehicles shall be registered with the director of revenue as provided for in subsection
21 3 of section 301.030, or with the state highways and transportation commission as otherwise
22 provided in this chapter, but only one license plate shall be issued for each such vehicle.

23 4. The plates issued to manufacturers and dealers shall bear the letters and numbers as
24 prescribed by section 301.560, and the director may place upon the plates other letters or marks
25 to distinguish commercial motor vehicles and trailers and other types of motor vehicles.

26 5. No motor vehicle or trailer shall be operated on any highway of this state unless it
27 shall have displayed thereon the license plate or set of license plates issued by the director of
28 revenue or the state highways and transportation commission and authorized by section 301.140.
29 Each such plate shall be securely fastened to the motor vehicle or trailer in a manner so that all
30 parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof
31 are not impaired. Each such plate may be encased in a transparent cover so long as the plate is
32 plainly visible and its reflective qualities are not impaired. License plates shall be fastened to
33 all motor vehicles except trucks, tractors, truck tractors or truck-tractors licensed in excess of
34 twelve thousand pounds on the front and rear of such vehicles not less than eight nor more than
35 forty-eight inches above the ground, with the letters and numbers thereon right side up. The
36 license plates on trailers, motorcycles, motortricycles and motorscooters shall be displayed on
37 the rear of such vehicles, with the letters and numbers thereon right side up. The license plate
38 on buses, other than school buses, and on trucks, tractors, truck tractors or truck-tractors licensed
39 in excess of twelve thousand pounds shall be displayed on the front of such vehicles not less than
40 eight nor more than forty-eight inches above the ground, with the letters and numbers thereon
41 right side up [or if two plates are issued for the vehicle pursuant to subsection 3 of this section,
42 displayed in the same manner on the front and rear of such vehicles]. The license plate or plates
43 authorized by section 301.140, when properly attached, shall be prima facie evidence that the
44 required fees have been paid.

45 6. (1) **Beginning January 1, 2011**, the director of revenue shall issue annually or
46 biennially a **rear license plate** tab [or set of tabs] **and window sticker, to be placed on the**

47 **front windshield of the motor vehicle**, as provided by law as evidence of the annual payment
48 of registration fees and the current registration of a vehicle in lieu of the set of plates. **The**
49 **window sticker shall not be issued for motorcycle or trailer registrations.** Beginning
50 January 1, [2010] **2012**, the director may prescribe any additional information recorded on the
51 tab or [tabs] **window sticker** to ensure that the [tab or tabs] **information on the tab or sticker**
52 positively [correlate] **correlates** with the license plate or plates issued by the department of
53 revenue for such vehicle. Such tabs **and window stickers** shall be produced in each license
54 bureau office.

55 (2) The vehicle owner to whom a tab [or set of tabs] is issued shall affix and display such
56 tab [or tabs] in the designated area of the **rear** license plate, no more than one per plate **and the**
57 **window sticker shall be placed on the inside front window in an area prescribed by the**
58 **director of the department of revenue.**

59 (3) A tab or [set of tabs] **window sticker** issued by the director of revenue when attached
60 to a vehicle in the prescribed manner shall be prima facie evidence that the registration fee for
61 such vehicle has been paid.

62 (4) Except as otherwise provided in this section, the director of revenue shall issue plates
63 for a period of at least six years.

64 (5) For those commercial motor vehicles and trailers registered pursuant to section
65 301.041, the plate issued by the highways and transportation commission shall be a permanent
66 nonexpiring license plate for which no [tabs] **tab or window sticker** shall be issued. Nothing
67 in this section shall relieve the owner of any vehicle permanently registered pursuant to this
68 section from the obligation to pay the annual registration fee due for the vehicle. The permanent
69 nonexpiring license plate shall be returned to the highways and transportation commission upon
70 the sale or disposal of the vehicle by the owner to whom the permanent nonexpiring license plate
71 is issued, or the plate may be transferred to a replacement commercial motor vehicle when the
72 owner files a supplemental application with the Missouri highways and transportation
73 commission for the registration of such replacement commercial motor vehicle. Upon payment
74 of the annual registration fee, the highways and transportation commission shall issue a
75 certificate of registration or other suitable evidence of payment of the annual fee, and such
76 evidence of payment shall be carried at all times in the vehicle for which it is issued.

77 (6) Upon the sale or disposal of any vehicle permanently registered under this section,
78 or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued
79 for such vehicle shall be returned to the highways and transportation commission and shall not
80 be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle
81 when the owner files a supplemental application with the Missouri highways and transportation
82 commission for the registration of such replacement vehicle. If a vehicle which is permanently

83 registered under this section is sold, wrecked or otherwise disposed of, or the lease terminated,
84 the registrant shall be given credit for any unused portion of the annual registration fee when the
85 vehicle is replaced by the purchase or lease of another vehicle during the registration year.

86 7. The director of revenue and the highways and transportation commission may
87 prescribe rules and regulations for the effective administration of this section. [No rule or
88 portion of a rule promulgated under the authority of this section shall become effective unless
89 it has been promulgated pursuant to the provisions of section 536.024, RSMo.] **Any rule or**
90 **portion of a rule, as that term is defined in section 536.010, RSMo, that is created under**
91 **the authority delegated in this section shall become effective only if it complies with and**
92 **is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028,**
93 **RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers**
94 **vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the**
95 **effective date, or to disapprove and annul a rule are subsequently held unconstitutional,**
96 **then the grant of rulemaking authority and any rule proposed or adopted after August 28,**
97 **2009, shall be invalid and void.**

98 8. Notwithstanding the provisions of any other law to the contrary, owners of motor
99 vehicles other than apportioned motor vehicles or commercial motor vehicles licensed in excess
100 of eighteen thousand pounds gross weight may apply for special personalized license plates.
101 Vehicles licensed for eighteen thousand pounds that display special personalized license plates
102 shall be subject to the provisions of subsections 1 and 2 of section 301.030.

103 9. No later than January 1, 2009, the director of revenue shall commence the reissuance
104 of new license plates of such design as directed by the director consistent with the terms,
105 conditions, and provisions of this section and this chapter. Except as otherwise provided in this
106 section, in addition to all other fees required by law, applicants for registration of vehicles with
107 license plates that expire during the period of reissuance, applicants for registration of trailers
108 or semitrailers with license plates that expire during the period of reissuance and applicants for
109 registration of vehicles that are to be issued new license plates during the period of reissuance
110 shall pay the cost of the plates required by this subsection. The additional cost prescribed in this
111 subsection shall not be charged to persons receiving special license plates issued under section
112 301.073 or 301.443. Historic motor vehicle license plates registered pursuant to section 301.131
113 and specialized license plates are exempt from the provisions of this subsection. Except for new,
114 replacement, and transfer applications, permanent nonexpiring license plates issued to
115 commercial motor vehicles and trailers registered under section 301.041 are exempt from the
116 provisions of this subsection.

301.131. 1. Any motor vehicle over twenty-five years old which is owned solely as a
2 collector's item and which is used and intended to be used for exhibition and educational

3 purposes shall be permanently registered upon payment of a registration fee of twenty-five
4 dollars. Upon the transfer of the title to any such vehicle the registration shall be canceled and
5 the license plates issued therefor shall be returned to the director of revenue.

6 2. The owner of any such vehicle shall file an application in a form prescribed by the
7 director, if such vehicle meets the requirements of this section, and a certificate of registration
8 shall be issued therefor. Such certificate need not specify the horsepower of the motor vehicle.

9 3. The director shall issue to the owner of any motor vehicle registered pursuant to this
10 section the same number of license plates which would be issued with a regular annual
11 registration, containing the number assigned to the registration certificate issued by the director
12 of revenue. Such license plates shall be made with fully reflective material with a common color
13 scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as
14 prescribed by section 301.130.

15 4. Historic vehicles may be driven to and from repair facilities one hundred miles from
16 the vehicle's location, and in addition may be driven up to one thousand miles per year for
17 personal use. The owner of the historic vehicle shall be responsible for keeping a log of the
18 miles driven for personal use each calendar year. Such log must be kept in the historic vehicle
19 when the vehicle is driven on any state road. The historic vehicle's mileage driven in an antique
20 auto tour or event and mileage driven to and from such a tour or event shall not be considered
21 mileage driven for the purpose of the mileage limitations in this section. Violation of this section
22 **[is a class C misdemeanor] shall be punishable under section 301.440** and in addition to any
23 other penalties prescribed by law, upon **[conviction] plea or finding of guilt** thereof, the director
24 of revenue shall revoke the historic motor vehicle license plates of such violator which were
25 issued pursuant to this section.

26 5. Notwithstanding any provisions of this section to the contrary, any person possessing
27 a license plate issued by the state of Missouri that is over twenty-five years old, in which the year
28 of the issuance of such plate is consistent with the year of the manufacture of the vehicle, the
29 owner of the vehicle may register such plate as an historic vehicle plate as set forth in
30 subsections 1 and 2 of this section, provided that the configuration of letters, numbers or
31 combination of letters and numbers of such plate are not identical to the configuration of letters,
32 numbers or combination of letters and numbers of any plates already issued to an owner by the
33 director. Such license plate shall not be required to possess the characteristic features of
34 reflective material and common color scheme and design as prescribed in section 301.130. The
35 owner of the historic vehicle registered pursuant to this subsection shall keep the certificate of
36 registration in the vehicle at all times. The certificate of registration shall be prima facie
37 evidence that the vehicle has been properly registered with the director and that all fees have
38 been paid.

301.140. 1. Upon the transfer of ownership of any motor vehicle or trailer, the certificate
2 of registration and the right to use the number plates **and window sticker** shall expire and the
3 number plates shall be removed by the owner at the time of the transfer of possession, and it shall
4 be unlawful for any person other than the person to whom such number plates were originally
5 issued to have the same in his or her possession whether in use or not, **unless such possession**
6 **is solely for charitable purposes**; except that the buyer of a motor vehicle or trailer who trades
7 in a motor vehicle or trailer may attach the license plates from the traded-in motor vehicle or
8 trailer to the newly purchased motor vehicle or trailer. The operation of a motor vehicle with
9 such transferred plates shall be lawful for no more than thirty days. **The requirement of a**
10 **window sticker shall not be required during the thirty-day time frame.** As used in this
11 subsection, the term "trade-in motor vehicle or trailer" shall include any single motor vehicle or
12 trailer sold by the buyer of the newly purchased vehicle or trailer, as long as the license plates
13 for the trade-in motor vehicle or trailer are still valid.

14 2. In the case of a transfer of ownership the original owner may register another motor
15 vehicle under the same number, upon the payment of a fee of two dollars, if the motor vehicle
16 is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle)
17 seating capacity, not in excess of that originally registered. When such motor vehicle is of
18 greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor
19 vehicle) seating capacity, for which a greater fee is prescribed, applicant shall pay a transfer fee
20 of two dollars and a pro rata portion for the difference in fees. When such vehicle is of less
21 horsepower, gross weight or (in case of a passenger-carrying commercial motor vehicle) seating
22 capacity, for which a lesser fee is prescribed, applicant shall not be entitled to a refund.

23 3. License plates may be transferred from a motor vehicle which will no longer be
24 operated to a newly purchased motor vehicle by the owner of such vehicles. The owner shall pay
25 a transfer fee of two dollars if the newly purchased vehicle is of horsepower, gross weight or (in
26 the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that
27 of the vehicle which will no longer be operated. When the newly purchased motor vehicle is of
28 greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor
29 vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer
30 fee of two dollars and a pro rata portion of the difference in fees. When the newly purchased
31 vehicle is of less horsepower, gross weight or (in the case of a passenger-carrying commercial
32 motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be
33 entitled to a refund.

34 4. Upon the sale of a motor vehicle or trailer by a dealer, a buyer who has made
35 application for registration, by mail or otherwise, may operate the same for a period of thirty days
36 after taking possession thereof, if during such period the motor vehicle or trailer shall have

37 attached thereto, in the manner required by section 301.130, number plates issued to the dealer.
38 Upon application and presentation of **proof of financial responsibility as required under**
39 **subsection 5 of this section and** satisfactory evidence that the buyer has applied for registration,
40 a dealer may furnish such number plates to the buyer for such temporary use. In such event, the
41 dealer shall require the buyer to deposit the sum of ten dollars and fifty cents to be returned to
42 the buyer upon return of the number plates as a guarantee that said buyer will return to the dealer
43 such number plates within thirty days. The director shall issue a temporary permit authorizing
44 the operation of a motor vehicle or trailer by a buyer for not more than thirty days of the date of
45 purchase.

46 5. The temporary permit shall be made available by the director of revenue and may be
47 purchased from the department of revenue upon proof of purchase of a motor vehicle or trailer
48 for which the buyer has no registration plate available for transfer **and upon proof of financial**
49 **responsibility**, or from a dealer upon purchase of a motor vehicle or trailer for which the buyer
50 has no registration plate available for transfer. The director shall make temporary permits
51 available to registered dealers in this state or authorized agents of the department of revenue in
52 sets of ten permits. The fee for the temporary permit shall be seven dollars and fifty cents for
53 each permit or plate issued. No dealer or authorized agent shall charge more than seven dollars
54 and fifty cents for each permit issued. The permit shall be valid for a period of thirty days from
55 the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle
56 or trailer by a dealer for which the purchaser obtains a permit as set out above. **No permit shall**
57 **be issued for a vehicle under this section unless the buyer shows proof of financial**
58 **responsibility.**

59 6. The permit shall be issued on a form prescribed by the director and issued only for the
60 applicant's use in the operation of the motor vehicle or trailer purchased to enable the applicant
61 to legally operate the vehicle while proper title and registration plate are being obtained, and
62 shall be displayed on no other vehicle. Temporary permits issued pursuant to this section shall
63 not be transferable or renewable and shall not be valid upon issuance of proper registration plates
64 for the motor vehicle or trailer. The director shall determine the size and numbering
65 configuration, construction, and color of the permit.

66 7. The dealer or authorized agent shall insert the date of issuance and expiration date,
67 year, make, and manufacturer's number of vehicle on the permit when issued to the buyer. The
68 dealer shall also insert such dealer's number on the permit. Every dealer that issues a temporary
69 permit shall keep, for inspection of proper officers, a correct record of each permit issued by
70 recording the permit or plate number, buyer's name and address, year, make, manufacturer's
71 vehicle identification number on which the permit is to be used, and the date of issuance.

72 8. Upon the transfer of ownership of any currently registered motor vehicle wherein the
73 owner cannot transfer the license plates due to a change of vehicle category, the owner may
74 surrender the license plates issued to the motor vehicle and receive credit for any unused portion
75 of the original registration fee against the registration fee of another motor vehicle. Such credit
76 shall be granted based upon the date the license plates are surrendered. No refunds shall be made
77 on the unused portion of any license plates surrendered for such credit.

 301.143. 1. As used in this section, the term "vehicle" shall have the same meaning
2 given it in section 301.010, and the term "physically disabled" shall have the same meaning
3 given it in section 301.142.

4 2. Political subdivisions of the state may by ordinance or resolution designate parking
5 spaces for the exclusive use of vehicles which display a distinguishing license plate or card
6 issued pursuant to section 301.071 or 301.142. Owners of private property used for public
7 parking shall also designate parking spaces for the exclusive use of vehicles which display a
8 distinguishing license plate or card issued pursuant to section 301.071 or 301.142. Whenever
9 a political subdivision or owner of private property so designates a parking space, the space shall
10 be indicated by a sign upon which shall be inscribed the international symbol of accessibility and
11 shall also include any appropriate wording to indicate that the space is reserved for the exclusive
12 use of vehicles which display a distinguishing license plate or card. The sign described in this
13 subsection shall also state, or an additional sign shall be posted below or adjacent to the sign
14 stating, the following: "\$50 to \$300 fine."

15 3. Any political subdivision, by ordinance or resolution, and any person or corporation
16 in lawful possession of a public off-street parking facility or any other owner of private property
17 may designate reserved parking spaces for the exclusive use of vehicles which display a
18 distinguishing license plate or card issued pursuant to section 301.071 or 301.142 as close as
19 possible to the nearest accessible entrance. Such designation shall be made by posting
20 immediately adjacent to, and visible from, each space, a sign upon which is inscribed the
21 international symbol of accessibility, and may also include any appropriate wording to indicate
22 that the space is reserved for the exclusive use of vehicles which display a distinguishing license
23 plate or card.

24 4. The local police or sheriff's department may cause the removal of any vehicle not
25 displaying a distinguishing license plate or card on which is inscribed the international symbol
26 of accessibility and the word "disabled" issued pursuant to section 301.142 or a "disabled
27 veteran" license plate issued pursuant to section 301.071 or a distinguishing license plate or card
28 issued by any other state from a space designated for physically disabled persons if there is
29 posted immediately adjacent to, and readily visible from, such space a sign on which is inscribed
30 the international symbol of accessibility and may include any appropriate wording to indicate that

31 the space is reserved for the exclusive use of vehicles which display a distinguishing license plate
32 or card. Any person who parks in a space reserved for physically disabled persons and is not
33 displaying distinguishing license plates or a card is guilty of an infraction and upon conviction
34 thereof shall be punished by a fine of not less than fifty dollars nor more than three hundred
35 dollars. Any vehicle which has been removed and which is not properly claimed within thirty
36 days thereafter shall be considered to be an abandoned vehicle.

37 5. Spaces designated for use by vehicles displaying the distinguishing "disabled" license
38 plate issued pursuant to section 301.142 or 301.071 shall meet the requirements of the federal
39 Americans with Disabilities Act, as amended, and any rules or regulations established pursuant
40 thereto. Notwithstanding the other provisions of this section, on-street parking spaces designated
41 by political subdivisions in residential areas for the exclusive use of vehicles displaying a
42 distinguishing license plate or card issued pursuant to section 301.071 or 301.142 shall meet the
43 requirements of the federal Americans with Disabilities Act pursuant to this subsection and any
44 such space shall have clearly and visibly painted upon it the international symbol of accessibility
45 and any curb adjacent to the space shall be clearly and visibly painted blue.

46 6. Any person who, without authorization, uses a distinguishing license plate or card
47 issued pursuant to section 301.071 or 301.142 to park in a parking space reserved under authority
48 of this section shall be guilty of a class B misdemeanor.

49 7. Law enforcement officials may enter upon private property open to public use to
50 enforce the provisions of this section and section 301.142, including private property designated
51 by the owner of such property for the exclusive use of vehicles which display a distinguishing
52 license plate or card issued pursuant to section 301.071 or 301.142.

53 8. Nonconforming signs or spaces otherwise required pursuant to this section which are
54 in use prior to August 28, 1997, shall not be in violation of this section during the useful life of
55 such signs or spaces. Under no circumstances shall the useful life of the nonconforming signs
56 or spaces be extended by means other than those means used to maintain any sign or space on
57 the owner's property which is not used for vehicles displaying a disabled license plate.

58 **9. Beginning August 28, 2009, all new signs erected under this section shall not**
59 **contain the words "Handicap Parking".**

301.150. 1. License plates issued to owners of motor vehicles registered pursuant to the
2 monthly series system of registration as provided in section 301.030 shall be removed on the sale
3 or transfer of ownership of such vehicles. The plates, if still current, may thereafter be retained
4 and preserved by the person to whom issued, to be fastened to such other motor vehicles as such
5 person shall thereafter register in the person's name.

6 2. If application for registration of another motor vehicle is not made to the director of
7 revenue within one year following the sale or transfer of ownership of a motor vehicle, the

8 license plates held by the person who sold or transferred ownership of such motor vehicle shall
9 be declared void, and new license plates bearing the same numbers may be issued to another
10 registrant.

11 3. It shall be unlawful to fasten voided plates to any motor vehicle. Violation of this
12 section shall be [deemed a class C misdemeanor] **punishable under section 301.440.**

301.160. Upon approval of the application for registration of a motor vehicle or trailer
2 and when the required fee has been paid to the department of revenue, the department shall
3 forward or deliver to the applicant the registration receipt and the number of license plates
4 prescribed for the vehicle or trailer by section 301.130, or renewal tabs **and window stickers**
5 if appropriate. The attachment to the motor vehicle or trailer specified in the application of
6 current license plates shall be prima facie evidence that the fees have been paid for such license.

301.165. 1. Notwithstanding any other provision of law to the contrary, any
2 **member of the Brain Tumor Awareness Organization, after an annual payment of an**
3 **emblem-use fee to the Brain Tumor Awareness Organization, may receive special license**
4 **plates for any vehicle the member owns, either solely or jointly, other than an apportioned**
5 **motor vehicle or a commercial motor vehicle licensed in excess of eighteen thousand**
6 **pounds gross weight. The Brain Tumor Awareness Organization hereby authorizes the**
7 **use of its official emblem to be affixed on multi-year personalized license plates as provided**
8 **in this section. Any contribution to the Brain Tumor Awareness Organization derived**
9 **from this section, except reasonable administrative costs, shall be used solely for the**
10 **purposes of the Brain Tumor Awareness Organization. Any member of the Brain Tumor**
11 **Awareness Organization may annually apply for the use of the emblem.**

12 **2. Upon annual application and payment of a twenty-five dollar emblem-use**
13 **contribution to the Brain Tumor Awareness Organization, the Brain Tumor Awareness**
14 **Organization shall issue to the vehicle owner, without further charge, an emblem-use**
15 **authorization statement, which shall be presented by the vehicle owner to the director of**
16 **revenue at the time of registration. Upon presentation of the annual statement and**
17 **payment of a twenty-five dollar fee in addition to the regular registration fees, and**
18 **presentation of any documents which may be required by law, the director of revenue shall**
19 **issue to the vehicle owner a special license plate which shall bear the emblem of the Brain**
20 **Tumor Awareness Organization. Such license plates shall be made with fully reflective**
21 **material with a common color scheme and design, shall be clearly visible at night, and shall**
22 **be aesthetically attractive, as prescribed by section 301.130. In addition, upon such set of**
23 **license plates shall be inscribed, in lieu of the words "SHOW-ME STATE", the words**
24 **"BRAINTUMORWARENESS.ORG". Notwithstanding the provisions of section**

25 **301.144, no additional fee shall be charged for the personalization of license plates issued**
26 **pursuant to this section.**

27 **3. A vehicle owner who was previously issued a plate with the Brain Tumor**
28 **Awareness Organization's emblem authorized by this section, but who does not provide**
29 **an emblem-use authorization statement at a subsequent time of registration, shall be issued**
30 **a new plate which does not bear the Brain Tumor Awareness Organization's emblem, as**
31 **otherwise provided by law. The director of revenue shall make necessary rules and**
32 **regulations for the enforcement of this section, and shall design all necessary forms**
33 **required by this section.**

34 **4. Prior to the issuance of a Brain Tumor Awareness Organization specialty plate**
35 **authorized under this section the department of revenue must be in receipt of an**
36 **application, as prescribed by the director, which shall be accompanied by a list of at least**
37 **two hundred potential applicants who plan to purchase the specialty plate, the proposed**
38 **art design for the specialty license plate, and an application fee, not to exceed five thousand**
39 **dollars, to defray the department's cost for issuing, developing, and programming the**
40 **implementation of the specialty plate. Once the plate design is approved, the director of**
41 **revenue shall not authorize the manufacture of the material to produce such specialized**
42 **license plates with the individual seal, logo, or emblem until such time as the director has**
43 **received two hundred applications, the twenty-five dollar specialty plate fee per**
44 **application, and emblem use statements, if applicable, and other required documents or**
45 **fees for such plates.**

301.190. 1. No certificate of registration of any motor vehicle or trailer, or number plate
2 therefor, shall be issued by the director of revenue unless the applicant therefor shall make
3 application for and be granted a certificate of ownership of such motor vehicle or trailer, or shall
4 present satisfactory evidence that such certificate has been previously issued to the applicant for
5 such motor vehicle or trailer. Application shall be made within thirty days after the applicant
6 acquires the motor vehicle or trailer upon a blank form furnished by the director of revenue and
7 shall contain the applicant's identification number, a full description of the motor vehicle or
8 trailer, the vehicle identification number, and the mileage registered on the odometer at the time
9 of transfer of ownership, as required by section 407.536, RSMo, together with a statement of the
10 applicant's source of title and of any liens or encumbrances on the motor vehicle or trailer,
11 provided that for good cause shown the director of revenue may extend the period of time for
12 making such application. **When an owner wants to add or delete a name or names on an**
13 **application for certificate of ownership of a motor vehicle or trailer that would cause it to**
14 **be inconsistent with the name or names listed on the notice of lien, the owner shall provide**

15 **the director with documentation evidencing the lienholder's authorization to add or delete**
16 **a name or names on an application for certificate of ownership.**

17 2. The director of revenue shall use reasonable diligence in ascertaining whether the facts
18 stated in such application are true and shall, to the extent possible without substantially delaying
19 processing of the application, review any odometer information pertaining to such motor vehicle
20 that is accessible to the director of revenue. If satisfied that the applicant is the lawful owner of
21 such motor vehicle or trailer, or otherwise entitled to have the same registered in his name, the
22 director shall thereupon issue an appropriate certificate over his signature and sealed with the
23 seal of his office, procured and used for such purpose. The certificate shall contain on its face
24 a complete description, vehicle identification number, and other evidence of identification of the
25 motor vehicle or trailer, as the director of revenue may deem necessary, together with the
26 odometer information required to be put on the face of the certificate pursuant to section
27 407.536, RSMo, a statement of any liens or encumbrances which the application may show to
28 be thereon, and, if ownership of the vehicle has been transferred, the name of the state issuing
29 the transferor's title and whether the transferor's odometer mileage statement executed pursuant
30 to section 407.536, RSMo, indicated that the true mileage is materially different from the number
31 of miles shown on the odometer, or is unknown.

32 3. The director of revenue shall appropriately designate on the current and all subsequent
33 issues of the certificate the words "Reconstructed Motor Vehicle", "Motor Change Vehicle",
34 "Specially Constructed Motor Vehicle", or "Non-USA-Std Motor Vehicle", as defined in section
35 301.010. Effective July 1, 1990, on all original and all subsequent issues of the certificate for
36 motor vehicles as referenced in subsections 2 and 3 of section 301.020, the director shall print
37 on the face thereof the following designation: "Annual odometer updates may be available from
38 the department of revenue.". On any duplicate certificate, the director of revenue shall reprint
39 on the face thereof the most recent of either:

40 (1) The mileage information included on the face of the immediately prior certificate and
41 the date of purchase or issuance of the immediately prior certificate; or

42 (2) Any other mileage information provided to the director of revenue, and the date the
43 director obtained or recorded that information.

44 4. The certificate of ownership issued by the director of revenue shall be manufactured
45 in a manner to prohibit as nearly as possible the ability to alter, counterfeit, duplicate, or forge
46 such certificate without ready detection. In order to carry out the requirements of this subsection,
47 the director of revenue may contract with a nonprofit scientific or educational institution
48 specializing in the analysis of secure documents to determine the most effective methods of
49 rendering Missouri certificates of ownership nonalterable or noncounterfeitable.

50 5. The fee for each original certificate so issued shall be eight dollars and fifty cents, in
51 addition to the fee for registration of such motor vehicle or trailer. If application for the
52 certificate is not made within thirty days after the vehicle is acquired by the applicant, a
53 delinquency penalty fee of twenty-five dollars for the first thirty days of delinquency and
54 twenty-five dollars for each thirty days of delinquency thereafter, not to exceed a total of two
55 hundred dollars, but such penalty may be waived by the director for a good cause shown. If the
56 director of revenue learns that any person has failed to obtain a certificate within thirty days after
57 acquiring a motor vehicle or trailer or has sold a vehicle without obtaining a certificate, he shall
58 cancel the registration of all vehicles registered in the name of the person, either as sole owner
59 or as a co-owner, and shall notify the person that the cancellation will remain in force until the
60 person pays the delinquency penalty fee provided in this section, together with all fees, charges
61 and payments which the person should have paid in connection with the certificate of ownership
62 and registration of the vehicle. The certificate shall be good for the life of the motor vehicle or
63 trailer so long as the same is owned or held by the original holder of the certificate and shall not
64 have to be renewed annually.

65 6. Any applicant for a certificate of ownership requesting the department of revenue to
66 process an application for a certificate of ownership in an expeditious manner requiring special
67 handling shall pay a fee of five dollars in addition to the regular certificate of ownership fee.

68 7. It is unlawful for any person to operate in this state a motor vehicle or trailer required
69 to be registered under the provisions of the law unless a certificate of ownership has been applied
70 for as provided in this section.

71 8. Before an original Missouri certificate of ownership is issued, an inspection of the
72 vehicle and a verification of vehicle identification numbers shall be made by the Missouri state
73 highway patrol on vehicles for which there is a current title issued by another state if a Missouri
74 salvage certificate of title has been issued for the same vehicle but no prior inspection and
75 verification has been made in this state, except that if such vehicle has been inspected in another
76 state by a law enforcement officer in a manner comparable to the inspection process in this state
77 and the vehicle identification numbers have been so verified, the applicant shall not be liable for
78 the twenty-five dollar inspection fee if such applicant submits proof of inspection and vehicle
79 identification number verification to the director of revenue at the time of the application. The
80 applicant, who has such a title for a vehicle on which no prior inspection and verification have
81 been made, shall pay a fee of twenty-five dollars for such verification and inspection, payable
82 to the director of revenue at the time of the request for the application, which shall be deposited
83 in the state treasury to the credit of the state highways and transportation department fund.

84 9. Each application for an original Missouri certificate of ownership for a vehicle which
85 is classified as a reconstructed motor vehicle, specially constructed motor vehicle, kit vehicle,

86 motor change vehicle, non-USA-std motor vehicle, or other vehicle as required by the director
87 of revenue shall be accompanied by a vehicle examination certificate issued by the Missouri state
88 highway patrol, or other law enforcement agency as authorized by the director of revenue. The
89 vehicle examination shall include a verification of vehicle identification numbers and a
90 determination of the classification of the vehicle. The owner of a vehicle which requires a
91 vehicle examination certificate shall present the vehicle for examination and obtain a completed
92 vehicle examination certificate prior to submitting an application for a certificate of ownership
93 to the director of revenue. The fee for the vehicle examination application shall be twenty-five
94 dollars and shall be collected by the director of revenue at the time of the request for the
95 application and shall be deposited in the state treasury to the credit of the state highways and
96 transportation department fund. If the vehicle is also to be registered in Missouri, the safety
97 inspection required in chapter 307, RSMo, and the emissions inspection required under chapter
98 643, RSMo, shall be completed and the fees required by section 307.365, RSMo, and section
99 643.315, RSMo, shall be charged to the owner.

100 10. When an application is made for an original Missouri certificate of ownership for a
101 motor vehicle previously registered or titled in a state other than Missouri or as required by
102 section 301.020, it shall be accompanied by a current inspection form certified by a duly
103 authorized official inspection station as described in chapter 307, RSMo. The completed form
104 shall certify that the manufacturer's identification number for the vehicle has been inspected, that
105 it is correctly displayed on the vehicle and shall certify the reading shown on the odometer at the
106 time of inspection. The inspection station shall collect the same fee as authorized in section
107 307.365, RSMo, for making the inspection, and the fee shall be deposited in the same manner
108 as provided in section 307.365, RSMo. If the vehicle is also to be registered in Missouri, the
109 safety inspection required in chapter 307, RSMo, and the emissions inspection required under
110 chapter 643, RSMo, shall be completed and only the fees required by section 307.365, RSMo,
111 and section 643.315, RSMo, shall be charged to the owner. This section shall not apply to
112 vehicles being transferred on a manufacturer's statement of origin.

113 11. Motor vehicles brought into this state in a wrecked or damaged condition or after
114 being towed as an abandoned vehicle pursuant to another state's abandoned motor vehicle
115 procedures shall, in lieu of the inspection required by subsection 10 of this section, be inspected
116 by the Missouri state highway patrol in accordance with subsection 9 of this section. If the
117 inspection reveals the vehicle to be in a salvage or junk condition, the director shall so indicate
118 on any Missouri certificate of ownership issued for such vehicle. Any salvage designation shall
119 be carried forward on all subsequently issued certificates of title for the motor vehicle.

120 12. When an application is made for an original Missouri certificate of ownership for a
121 motor vehicle previously registered or titled in a state other than Missouri, and the certificate of

ownership has been appropriately designated by the issuing state as a reconstructed motor vehicle, motor change vehicle, specially constructed motor vehicle, or prior salvage vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the name of the issuing state and such prior designation. The absence of any prior designation shall not relieve a transferor of the duty to exercise due diligence with regard to such certificate of ownership prior to the transfer of a certificate. If a transferor exercises any due diligence with regard to a certificate of ownership, the legal transfer of a certificate of ownership without any designation that is subsequently discovered to have or should have had a designation shall be a transfer free and clear of any liabilities of the transferor associated with the missing designation.

13. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as non-USA-std motor vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the words "Non-USA-Std Motor Vehicle".

14. The director of revenue and the superintendent of the Missouri state highway patrol shall make and enforce rules for the administration of the inspections required by this section.

(2) Photocopies of receipts, bills of sale establishing ownership, or titles, and the source of all major component parts used to rebuild the vehicle;

(3) A fee of one hundred fifty dollars in addition to the fees described in subsection 5 of this section. Such fee shall be deposited in the state treasury to the credit of the state highways and transportation department fund; and

(4) An inspection certificate, other than a motor vehicle examination certificate required under subsection 9 of this section, completed and issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The inspection performed by the highway patrol or other authorized local law enforcement agency shall include a check for stolen vehicles. The department of revenue shall issue the owner a certificate of ownership designated with the words "Reconstructed Motor Vehicle" and deliver such certificate of ownership in accordance with the provisions of this chapter. Notwithstanding subsection 9

157 of this section, no owner of a reconstructed motor vehicle described in this subsection shall be
158 required to obtain a vehicle examination certificate issued by the Missouri state highway patrol.

18 salvage vehicles for export outside of the United States. Operators of salvage pools or salvage
19 disposal sales shall keep a record, for three years, of sales of salvage vehicles with the
20 purchasers' name and address, and the year, make, and vehicle identification number for each

60 abandoned property is moved from the immediate vicinity shall complete a crime inquiry and
61 inspection report. Any state or federal government agency other than a law enforcement agency
62 authorizing a tow pursuant to this section in which the abandoned property is moved away from
63 the immediate vicinity in which it was abandoned shall report the towing to the state highway
64 patrol or water patrol within two hours of the tow along with a crime inquiry and inspection
65 report as required in this section. Any local government agency, other than a law enforcement

66 agency, authorizing a tow pursuant to this section where property is towed away from the
67 immediate vicinity shall report the tow to the local law enforcement agency within two hours
68 along with a crime inquiry and inspection report.

69 4. Neither the law enforcement officer, government agency official nor anyone having
70 custody of abandoned property under his direction shall be liable for any damage to such
71 abandoned property occasioned by a removal authorized by this section or by ordinance of a
72 county or municipality licensing and regulating the sale of abandoned property by the
73 municipality, other than damages occasioned by negligence or by willful or wanton acts or
74 omissions.

75 5. The owner of abandoned property removed as provided in this section or in section
76 304.157 shall be responsible for payment of all reasonable charges for towing and storage of
77 such abandoned property as provided in section 304.158.

78 6. Upon the towing of any abandoned property pursuant to this section or under authority
79 of a law enforcement officer or local government agency pursuant to section 304.157, the law
80 enforcement agency that authorized such towing or was properly notified by another government
81 agency of such towing shall promptly make an inquiry with the national crime information center
82 and any statewide Missouri law enforcement computer system to determine if the abandoned
83 property has been reported as stolen and shall enter the information pertaining to the towed
84 property into the statewide law enforcement computer system. If the abandoned property is not
85 claimed within ten working days of the towing, the tower who has online access to the
86 department of revenue's records shall make an inquiry to determine the abandoned property
87 owner and lienholder, if any, of record. In the event that the records of the department of
88 revenue fail to disclose the name of the owner or any lienholder of record, the tower shall comply
89 with the requirements of subsection 3 of section 304.156. If the tower does not have online
90 access, the law enforcement agency shall submit a crime inquiry and inspection report to the
91 director of revenue. A towing company that does not have online access to the department's
92 records and that is in possession of abandoned property after ten working days shall report such
93 fact to the law enforcement agency with which the crime inquiry and inspection report was filed.
94 The crime inquiry and inspection report shall be designed by the director of revenue and shall
95 include the following:

- 96 (1) The year, model, make and property identification number of the property and the
97 owner and any lienholders, if known;
98 (2) A description of any damage to the property noted by the officer authorizing the tow;
99 (3) The license plate or registration number and the state of issuance, if available;
100 (4) The storage location of the towed property;

- 101 (5) The name, telephone number and address of the towing company;
102 (6) The date, place and reason for the towing of the abandoned property;
103 (7) The date of the inquiry of the national crime information center, any statewide
104 Missouri law enforcement computer system and any other similar system which has titling and
105 registration information to determine if the abandoned property had been stolen. This
106 information shall be entered only by the law enforcement agency making the inquiry;
107 (8) The signature and printed name of the officer authorizing the tow; [and]
108 (9) The name of the towing company, the signature and printed name of the towing
109 operator, and an indicator disclosing whether the tower has online access to the department's
110 records; **and**
111 (10) Any additional information the director of revenue deems appropriate.
- 112 7. One copy of the crime inquiry and inspection report shall remain with the agency
113 which authorized the tow. One copy shall be provided to and retained by the storage facility and
114 one copy shall be retained by the towing facility in an accessible format in the business records
115 for a period of three years from the date of the tow or removal.
- 116 8. The owner of such abandoned property, or the holder of a valid security interest of
117 record, may reclaim it from the towing company upon proof of ownership or valid security
118 interest of record and payment of all reasonable charges for the towing and storage of the
119 abandoned property.
- 120 9. Any person who removes abandoned property at the direction of a law enforcement
121 officer or an officer of a government agency where that agency's real property is concerned as
122 provided in this section shall have a lien for all reasonable charges for the towing and storage of
123 the abandoned property until possession of the abandoned property is voluntarily relinquished
124 to the owner of the abandoned property or to the holder of a valid security interest of record.
125 Any personal property within the abandoned property need not be released to the owner thereof
126 until the reasonable or agreed charges for such recovery, transportation or safekeeping have been
127 paid or satisfactory arrangements for payment have been made, except that any medication
128 prescribed by a physician shall be released to the owner thereof upon request. The company
129 holding or storing the abandoned property shall either release the personal property to the owner
130 of the abandoned property or allow the owner to inspect the property and provide an itemized
131 receipt for the contents. The company holding or storing the property shall be strictly liable for
132 the condition and safe return of the personal property. Such lien shall be enforced in the manner
133 provided under section 304.156.
- 134 10. Towing companies shall keep a record for three years on any abandoned property
135 towed and not reclaimed by the owner of the abandoned property. Such record shall contain

136 information regarding the authorization to tow, copies of all correspondence with the department
137 of revenue concerning the abandoned property, including copies of any online records of the
138 towing company accessed and information concerning the final disposition of the possession of
139 the abandoned property.

140 11. If a lienholder repossesses any motor vehicle, trailer, all-terrain vehicle, outboard
141 motor or vessel without the knowledge or cooperation of the owner, then the reposessor shall
142 notify the local law enforcement agency where the repossession occurred within two hours of
143 the repossession and shall further provide the local law enforcement agency with any additional
144 information the agency deems appropriate. The local law enforcement agency shall make an
145 inquiry with the national crime information center and the Missouri statewide law enforcement
146 computer system and shall enter the repossessed vehicle into the statewide law enforcement
147 computer system.

148 12. Notwithstanding the provisions of section 301.227, RSMo, any towing company who
149 has complied with the notification provisions in section 304.156 including notice that any
150 property remaining unredeemed after thirty days may be sold as scrap property may then dispose
151 of such property as provided in this subsection. Such sale shall only occur if at least thirty days
152 has passed since the date of such notification, the abandoned property remains unredeemed with
153 no satisfactory arrangements made with the towing company for continued storage, and the
154 owner or holder of a security agreement has not requested a hearing as provided in section
155 304.156. The towing company may dispose of such abandoned property by selling the property
156 on a bill of sale as prescribed by the director of revenue to a scrap metal operator or licensed
157 salvage dealer for destruction purposes only. The towing company shall forward a copy of the
158 bill of sale provided by the scrap metal operator or licensed salvage dealer to the director of
159 revenue within two weeks of the date of such sale. The towing company shall keep a record of
160 each such vehicle sold for destruction for three years that shall be available for inspection by law
161 enforcement and authorized department of revenue officials. The record shall contain the year,
162 make, identification number of the property, date of sale, and name of the purchasing scrap metal
163 operator or licensed salvage dealer and copies of all notifications issued by the towing company
164 as required in this chapter. Scrap metal operators or licensed salvage dealers shall keep a record
165 of the purchase of such property as provided in section 301.227, RSMo. Scrap metal operators
166 and licensed salvage dealers may obtain a junk certificate as provided in section 301.227, RSMo,
167 on vehicles purchased on a bill of sale pursuant to this section.

**304.161. Storage charges for any towed vehicle shall not exceed twenty-five dollars
2 per day.**

304.170. 1. No vehicle operated upon the highways of this state shall have a width, including load, in excess of one hundred two inches, except clearance lights, rearview mirrors or other accessories required by federal, state or city law or regulation. Provided however, a recreational vehicle as defined in section 700.010, RSMo, may exceed the foregoing width limits if the appurtenances on such recreational vehicle extend no further than the rearview mirrors. Such mirrors may only extend the distance necessary to provide the required field of view before the appurtenances were attached.

2. No vehicle operated upon the interstate highway system or upon any route designated by the chief engineer of the state transportation department shall have a height, including load, in excess of fourteen feet. On all other highways, no vehicle shall have a height, including load, in excess of thirteen and one-half feet, except that any vehicle or combination of vehicles transporting automobiles or other motor vehicles may have a height, including load, of not more than fourteen feet.

3. No single motor vehicle operated upon the highways of this state shall have a length, including load, in excess of forty-five feet, except as otherwise provided in this section.

4. No bus, recreational motor vehicle or trackless trolley coach operated upon the highways of this state shall have a length in excess of forty-five feet, except that such vehicles may exceed the forty-five feet length when such excess length is caused by the projection of a front safety bumper or a rear safety bumper or both. Such safety bumper shall not cause the length of the bus or recreational motor vehicle to exceed the forty-five feet length limit by more than one foot in the front and one foot in the rear. The term "safety bumper" means any device which may be fitted on an existing bumper or which replaces the bumper and is so constructed, treated, or manufactured that it absorbs energy upon impact.

5. No combination of truck-tractor and semitrailer or truck-tractor equipped with dromedary and semitrailer operated upon the highways of this state shall have a length, including load, in excess of sixty feet; except that in order to comply with the provisions of Title 23 of the United States Code (Public Law 97-424), no combination of truck-tractor and semitrailer or truck-tractor equipped with dromedary and semitrailer operated upon the interstate highway system of this state shall have an overall length, including load, in excess of the length of the truck-tractor plus the semitrailer or truck-tractor equipped with dromedary and semitrailer. The length of such semitrailer shall not exceed fifty-three feet.

6. In order to comply with the provisions of Title 23 of the United States Code (Public Law 97-424), no combination of truck-tractor, semitrailer and trailer operated upon the interstate highway system of this state shall have an overall length, including load, in excess of the length of the truck-tractor plus the semitrailer and trailer, neither of which semitrailer or trailer shall

36 exceed twenty-eight feet in length, except that any existing semitrailer or trailer up to
37 twenty-eight and one-half feet in length actually and lawfully operated on December 1, 1982,
38 within a sixty-five foot overall length limit in any state, may continue to be operated upon the
39 interstate highways of this state. On those primary highways not designated by the state
40 highways and transportation commission as provided in subsection 10 of this section, no
41 combination of truck-tractor, semitrailer and trailer shall have an overall length, including load,
42 in excess of sixty-five feet; provided, however, the state highways and transportation commission
43 may designate additional routes for such sixty-five foot combinations.

44 7. Automobile transporters, boat transporters, truck-trailer boat transporter combinations,
45 stinger-steered combination automobile transporters and stinger-steered combination boat
46 transporters having a length not in excess of seventy-five feet may be operated on the interstate
47 highways of this state and such other highways as may be designated by the highways and
48 transportation commission for the operation of such vehicles plus a distance not to exceed ten
49 miles from such interstate or designated highway. All length provisions regarding automobile
50 or boat transporters, truck-trailer boat transporter combinations and stinger-steered combinations
51 shall include a semitrailer length not to exceed fifty-three feet and are exclusive of front and rear
52 overhang, which shall be no greater than a three-foot front overhang and no greater than a
53 four-foot rear overhang.

54 8. Driveaway saddlemount combinations having a length not in excess of ninety-seven
55 feet may be operated on the interstate highways of this state and such other highways as may be
56 designated by the highways and transportation commission for the operation of such vehicles
57 plus a distance not to exceed ten miles from such interstate or designated highway. Saddlemount
58 combinations must comply with the safety requirements of Section 393.71 of Title 49 of the
59 Code of Federal Regulations and may contain no more than three saddlemounted vehicles and
60 one fullmount.

61 9. No truck-tractor semitrailer-semitrailer combination vehicles operated upon the
62 interstate and designated primary highway system of this state shall have a semitrailer length in
63 excess of twenty-eight feet or twenty-eight and one-half feet if the semitrailer was in actual and
64 lawful operation in any state on December 1, 1982, operating in a truck-tractor
65 semitrailer-semitrailer combination. The B-train assembly is excluded from the measurement
66 of semitrailer length when used between the first and second semitrailer of a truck-tractor
67 semitrailer-semitrailer combination, except that when there is no semitrailer mounted to the
68 B-train assembly, it shall be included in the length measurement of the semitrailer.

69 10. The highways and transportation commission is authorized to designate routes on
70 the state highway system other than the interstate system over which those combinations of

71 vehicles of the lengths specified in subsections 5, 6, 7, 8 and 9 of this section may be operated.
72 Combinations of vehicles operated under the provisions of subsections 5, 6, 7, 8 and 9 of this
73 section may be operated at a distance not to exceed ten miles from the interstate system and such
74 routes as designated under the provisions of this subsection.

75 11. Except as provided in subsections 5, 6, 7, 8, 9 and 10 of this section, no other
76 combination of vehicles operated upon the primary or interstate highways of this state plus a
77 distance of ten miles from a primary or interstate highway shall have an overall length, unladen
78 or with load, in excess of sixty-five feet or in excess of fifty-five feet on any other highway,
79 except the state highways and transportation commission may designate additional routes for use
80 by sixty-five foot combinations, seventy-five foot stinger-steered combinations or seventy-five
81 foot saddlemount combinations. Any vehicle or combination of vehicles transporting
82 automobiles, boats or other motor vehicles may carry a load which extends no more than three
83 feet beyond the front and four feet beyond the rear of the transporting vehicle or combination of
84 vehicles.

85 12. (1) Except as hereinafter provided, these restrictions shall not apply to agricultural
86 implements operating occasionally on the highways for short distances[,] **including tractor**
87 **parades for fund-raising activities or special events, provided the tractors are driven by**
88 **licensed drivers during daylight hours only and with the approval of the superintendent**
89 **of the Missouri state highway patrol;** or to self-propelled hay-hauling equipment or to
90 implements of husbandry, or to the movement of farm products as defined in section [400.9-109]
91 **400.9-102**, RSMo, or to vehicles temporarily transporting agricultural implements or implements
92 of husbandry or roadmaking machinery, or road materials or towing for repair purposes vehicles
93 that have become disabled upon the highways; or to implement dealers delivering or moving
94 farm machinery for repairs on any state highway other than the interstate system.

95 (2) Implements of husbandry and vehicles transporting such machinery or equipment and
96 the movement of farm products as defined in section 400.9.109, RSMo, may be operated
97 occasionally for short distances on state highways when operated between the hours of sunrise
98 and sunset by a driver licensed as an operator or chauffeur.

99 13. As used in this chapter the term "implements of husbandry" means all self-propelled
100 machinery operated at speeds of less than thirty miles per hour, specifically designed for, or
101 especially adapted to be capable of, incidental over-the-road and primary offroad usage and used
102 exclusively for the application of commercial plant food materials or agricultural chemicals, and
103 not specifically designed or intended for transportation of such chemicals and materials.

104 14. Sludge disposal units may be operated on all state highways other than the interstate
105 system. Such units shall not exceed one hundred thirty-eight inches in width and may be

106 equipped with over-width tires. Such units shall observe all axle weight limits. The chief
107 engineer of the state transportation department shall issue special permits for the movement of
108 such disposal units and may by such permits restrict the movements to specified routes, days and
109 hours.

304.260. Farm tractors when using the highways in traveling from one field or farm to
2 another, or to or from places of delivery or repair, **or when participating in activities or events**
3 **permitted under subsection 12 of section 304.170** are exempt from the provisions of the law
4 relating to registration and display of number plates, but shall comply with all the other
5 provisions hereof. The state highways and transportation commission shall have the power and
6 authority to prescribe the type of road upon which such tractors may be used and may exclude
7 the use of such tractors or the use of trucks of any particular weight from the use of certain
8 designated roads or types of roads, by the posting of signs along or upon such roads or any part
9 thereof.

304.582. 1. Upon the first conviction or plea of guilty by any person for a moving
2 violation as defined in section 302.010, RSMo, or any offense listed in section 302.302, RSMo,
3 the court shall assess a fine of thirty-five dollars in addition to any other fine authorized to be
4 imposed by law, if the offense occurred within a construction zone or a work zone. Upon a
5 second or subsequent such conviction or plea of guilty, the court shall assess a fine of
6 seventy-five dollars in addition to any other fine authorized to be imposed by law.

7 2. Upon the first conviction or plea of guilty by any person for a speeding violation under
8 either section 304.009 or 304.010, or a passing violation under subsection 4 of this section, the
9 court shall assess a fine of two hundred fifty dollars in addition to any other fine authorized by
10 law if the offense occurred within a construction zone or a work zone and at the time the
11 speeding or passing violation occurred there was any highway worker in such zone. Upon a
12 second or subsequent such conviction or plea of guilty, the court shall assess a fine of three
13 hundred dollars in addition to any other fine authorized by law. However, no person assessed
14 an additional fine under this subsection shall also be assessed an additional fine under subsection
15 1 of this section, and no person shall be assessed an additional fine under this subsection if no
16 signs have been posted under subsection 3 of this section.

17 3. The penalty authorized by subsection 2 of this section shall only be assessed by the
18 court if the department of transportation or a contractor or subcontractor performing work for
19 the department of transportation has erected signs upon or around a construction zone or work
20 zone which are clearly visible from the highway and which state substantially the following
21 message: "Warning: Minimum \$250 fine for speeding or passing in this work zone when
22 workers are present."

23 4. The driver of a motor vehicle may not overtake or pass another motor vehicle within
24 a work zone or construction zone as provided in this subsection. Violation of this subsection is
25 a class C misdemeanor.

26 (1) This subsection applies to a construction zone or work zone located upon a highway
27 divided into two or more marked lanes for traffic moving in the same direction and for which
28 motor vehicles are instructed to merge from one lane into another lane and not pass by
29 appropriate signs or traffic control devices erected by the department of transportation or a
30 contractor or subcontractor performing work for the department of transportation.

31 (2) This subsection also prohibits the operator of a motor vehicle from passing or
32 attempting to pass another motor vehicle in a work zone or construction zone located upon a
33 two-lane highway when highway workers or equipment are working and when appropriate signs
34 or traffic control devices have been erected by the department of transportation or a contractor
35 or subcontractor performing work for the department of transportation.

36 5. The additional fines imposed by this section shall not be construed to enhance the
37 assessment of court costs or the assessment of points under section 302.302, RSMo.

38 **6. Notwithstanding any provision of this section to the contrary, no person shall be**
39 **cited for a violation of this section or any local ordinance when no highway workers are**
40 **located or working within the construction zone or work zone at the time the alleged**
41 **violation occurred.**

304.870. No person, except law enforcement personnel, shall climb on, or stand or
2 **work atop any tanker trailer stopped along any highway of this state unless proper safety**
3 **precautions are taken, including use of safety tie-off apparatus or other supporting**
4 **structure. Any person who fails to comply with the requirements of this section is guilty**
5 **of an infraction and upon conviction thereof shall be punished by a fine of not less than**
6 **fifty dollars nor more than one hundred dollars.**

 307.010. 1. All motor vehicles, and every trailer and semitrailer operating upon the
2 public highways of this state and carrying goods or material or farm products which may
3 reasonably be expected to become dislodged and fall from the vehicle, trailer or semitrailer as
4 a result of wind pressure or air pressure and/or by the movement of the vehicle, trailer or
5 semitrailer shall have a protective cover or be sufficiently secured so that no portion of such
6 goods or material can become dislodged and fall from the vehicle, trailer or semitrailer while
7 being transported or carried.

8 2. Operation of a motor vehicle, trailer or semitrailer in violation of this section shall be
9 [a class C misdemeanor] **an infraction**, and any person [convicted] **who pleads or is found**
10 **guilty** thereof shall be punished as provided by law.

307.015. 1. Trucks, semitrailers, and trailers, except utility trailers, without rear fenders, attached to a commercial motor vehicle registered for over twenty-four thousand pounds shall be equipped with mud flaps for the rear wheels when operated on the public highways of this state. If mud flaps are used, they shall be wide enough to cover the full tread width of the tire or tires being protected; shall be so installed that they extend from the underside of the vehicle body in a vertical plane behind the rear wheels to within eight inches of the ground; and shall be constructed of a rigid material or a flexible material which is of a sufficiently rigid character to provide adequate protection when the vehicle is in motion. No provisions of this section shall apply to a motor vehicle in transit and in process of delivery equipped with temporary mud flaps, to farm implements, or to any vehicle which is not required to be registered.

The term "person" as used in sections 307.020 to 307.120 shall mean and include any individual, association, joint stock company, copartnership or corporation.

307.125. 1. Any person who shall place or drive or cause to be placed or driven upon or along any state or supplementary state highway of this state any animal-driven vehicle whatsoever, whether in motion or at rest, shall after sunset to one-half hour before sunrise have attached to every such vehicle at the rear thereof a red taillight or a red reflecting device of not less than three inches in diameter of effective area or its equivalent in area. When such device shall consist of reflecting buttons there shall be no less than seven of such buttons covering an area equal to a circle with a three-inch diameter. The total subtended effective angle of reflection of every such device shall be no less than sixty degrees and the spread and efficiency of the reflected light shall be sufficient for the reflected light to be visible to the driver of any motor vehicle approaching such animal-drawn vehicle from the rear of a distance of not less than five hundred feet.

2. In addition, any person who operates any such animal-driven vehicle during the hours between sunset and one-half hour before sunrise shall have at least one light flashing at all times the vehicle is on any highway of this state. Such light or lights shall be amber in the front and

15 red in the back and shall be placed on the left side of the vehicle at a height of no more than six
16 feet from the ground and shall be visible from the front and the back of the vehicle at a distance
17 of at least five hundred feet. Any person violating the provisions of this section shall be guilty
18 of [a class C misdemeanor] **an infraction.**

19 3. Any person operating an animal-driven vehicle during the hours between sunset and
20 one-half hour before sunrise may, in lieu of the requirements of subsection 2 of this section, use
21 lamps or lanterns complying with the rules promulgated by the director of the department of
22 public safety.

23 4. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that
24 is created under the authority delegated in this section shall become effective only if it complies
25 with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section
26 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers
27 vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the
28 effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the
29 grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be
30 invalid and void.

**307.128. 1. A headlamp on a motorcycle may be wired to modulate either the upper
2 beam or the lower beam from its maximum intensity to a lesser intensity provided that:**

3 **(1) The rate of modulation shall be two hundred forty plus or minus forty cycles**
4 **per minute;**

5 **(2) The headlamp shall be operated at a maximum power for fifty to seventy**
6 **percent of each cycle;**

7 **(3) The lowest intensity at any test point shall not be less than seventeen percent of**
8 **the maximum intensity measured at the same point;**

9 **(4) The modulator switch shall be wired in the power lead of the beam filament**
10 **being modulated and not in the ground side of the circuit;**

11 **(5) Means shall be provided so that both the lower beam and the upper beam**
12 **remain operable in the event of a modulation failure;**

13 **(6) The system shall include a sensor mounted with the axis of its sensing element**
14 **perpendicular to a horizontal plane. Headlamp modulation shall cease whenever the level**
15 **of light emitted by a tungsten filament operating at three thousand degrees kelvin is either**
16 **less than two hundred seventy lux of direct light for upward pointing sensors or less than**
17 **sixty lux of reflected light for downward pointing sensors. The light is measured by a**
18 **silicon cell type light meter that is located at the sensor and pointing in the same direction**

19 as the sensor. A photo gray card is placed at ground level to simulate the road surface in
 20 testing downward pointing sensors;

21 (7) Means shall be provided so that both the lower and upper beam function at
 22 design voltage when the headlamp control switch is in either the lower or upper beam
 23 position when the modulator is off.

24 2. Each motorcycle headlamp modulator not intended as original equipment, or its
 25 container, shall be labeled with the maximum wattage, and the minimum wattage
 26 appropriate for its use. Additionally, each such modulator shall comply with the
 27 provisions of subdivisions (1) to (7) of subsection 1 of this section when connected to a
 28 headlamp of the maximum rated power and headlamp of the minimum rated power, and
 29 shall provide means so that the modulated beam functions at design voltage when the
 30 modulator is off. Instructions, with a diagram, shall be provided for mounting the light
 31 sensor including location on the motorcycle, distance above the road surface, and
 32 orientation with respect to the light.

307.155. Any person violating any of the provisions of sections 307.130 to 307.160 shall

 3 not to exceed fifty dollars for each offense.

307.172. 1. No person shall operate any passenger motor vehicle upon the public streets
 2 or highways of this state, the body of which has been altered in such a manner that the front or
 3 rear of the vehicle is raised at such an angle as to obstruct the vision of the operator of the street
 4 or highway in front or to the rear of the vehicle.

5 2. Every motor vehicle which is licensed in this state and operated upon the public streets
 6 or highways of this state shall be equipped with front and rear bumpers if such vehicle was
 7 equipped with bumpers as standard equipment. This subsection shall not apply to motor vehicles
 8 designed or modified primarily for off-highway purposes while such vehicles are in tow or to
 9 motorcycles or motor-driven cycles, or to motor vehicles registered as historic motor vehicles
 10 when the original design of such vehicles did not include bumpers nor shall the provisions of this
 11 subsection prohibit the use of drop bumpers. The superintendent of the Missouri state highway
 12 patrol shall adopt rules and regulations relating to bumper standards. Maximum bumper heights

 14 gross vehicle weight rating (GVWR) measured from a level surface to the highest point of the
 15 bottom of the bumper when the vehicle is unloaded and the tires are inflated to the
 16 manufacturer's recommended pressure. Maximum bumper heights are as follows:

17	Maximum front	Maximum rear
18	bumper height	bumper height

 4 or more plus or minus three percent and a luminous reflectance of thirty-five percent or less plus
 5 or minus three percent. Except as provided in subsection 5 of this section, any sun screening
 6 device applied to front sidewing vents or windows located immediately to the left and right of
 7 the driver in excess of the requirements of this section shall be prohibited without a permit
 8 pursuant to a physician's prescription as described below. A permit to operate a motor vehicle

 10 have a sun screening device, in conjunction with safety glazing material, which permits less light
 11 transmission and luminous reflectance than allowed under the requirements of this subsection,
 12 may be issued by the department of public safety to a person having a serious medical condition
 13 which requires the use of a sun screening device if the permittee's physician prescribes its use.
 14 The director of the department of public safety shall promulgate rules and regulations for the
 15 issuance of the permit. The permit shall allow operation of the vehicle by any titleholder or
 16 relative within the second degree by consanguinity or affinity, which shall mean a spouse, each

24 the equivalent replacement thereof or tinting material applied to the upper portion of the motor
25 vehicle's windshield which is normally tinted by the manufacturer of motor vehicle safety glass.

26 3. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that
27 is created under the authority delegated in this section shall become effective only if it complies
28 with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section
29 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers
30 vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the
31 effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the
32 grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be
33 invalid and void.

34 4. Any person who violates the provisions of this section is guilty of [a class C
35 misdemeanor] **an infraction**.

5 304.013, RSMo;

6 (2) An equilateral triangular emblem, to be mounted on the rear of such vehicle at least
7 two feet above the roadway when such vehicle is operated upon any street or highway pursuant
8 to section 300.348, RSMo, or 304.013, RSMo. The emblem shall be constructed of substantial
9 material with a fluorescent yellow-orange finish and a reflective, red border at least one inch in
10 width. Each side of the emblem shall measure at least ten inches;

11 (3) A braking system maintained in good operating condition;

12 (4) An adequate muffler system in good working condition, and a United States Forest

2 or used at any location other than therein designated and every permit shall be posted in a
3 conspicuous place at the location designated. The superintendent of the Missouri state highway
4 patrol shall design and furnish each official inspection station, at no cost, one official sign made
5 of metal or other durable material to be displayed in a conspicuous location to designate the

8 supplied with one or more posters which must be displayed in a conspicuous location at the place
9 of inspection and which informs the public that required repairs or corrections need not be made
10 at the inspection station.

11 2. No person operating an official inspection station pursuant to the provisions of
12 sections 307.350 to 307.390 may issue a certificate of inspection and approval for any vehicle
13 except upon an official form furnished by the superintendent of the Missouri state highway patrol
14 for that purpose and only after inspecting the vehicle and determining that its brakes, lighting
15 equipment, signaling devices, steering mechanisms, horns, mirrors, windshield wipers, tires,
16 wheels, exhaust system, glazing, air pollution control devices, fuel system and any other safety
17 equipment as required by the state are in proper condition and adjustment to be operated upon
18 the public highways of this state with safety to the driver or operator, other occupants therein,
19 as well as other persons and property upon the highways, as provided by sections 307.350 to
20 307.390 and the regulations prescribed by the superintendent of the Missouri state highway
21 patrol. Brakes may be inspected for safety by means of visual inspection or computerized brake
22 testing. No person operating an official inspection station shall furnish, loan, give or sell a
23 certificate of inspection and approval to any other person except those entitled to receive it under
24 provisions of sections 307.350 to 307.390. No person shall have in such person's possession any
25 certificate of inspection and approval and/or inspection sticker with knowledge that the
26 certificate and/or inspection sticker has been illegally purchased, stolen or counterfeited.

27 3. The superintendent of the Missouri state highway patrol may require officially
28 designated stations to furnish reports upon forms furnished by the superintendent for that purpose
29 as the superintendent considers reasonably necessary for the proper and efficient administration
30 of sections 307.350 to 307.390.

31 4. If, upon inspection, defects or unsafe conditions are found, the owner may correct
32 them or shall have them corrected at any place the owner chooses within twenty days after the

33 defect or unsafe condition is found, and shall have the right to remove the vehicle to such place
34 for correction, but before the vehicle is operated thereafter upon the public highways of this state,
35 a certificate of inspection and approval must be obtained. The inspecting personnel of the
36 official inspection station must inform the owner that the corrections need not be made at the
37 inspection station.

38 5. A fee, not to exceed twelve dollars, as determined by each official inspection station,
39 may be charged by an official inspection station for each official inspection including the
40 issuance of the certificate of inspection and approval, sticker, seal or other device and a total fee,
41 not to exceed ten dollars, as determined by each official inspection station, may be charged for
42 an official inspection of a trailer or motorcycle, which shall include the issuance of the certificate
43 of inspection and approval, sticker, seal or other device. Such fee shall be conspicuously posted
44 on the premises of each such official inspection station. No owner shall be charged an additional
45 inspection fee upon having corrected defects or unsafe conditions found in an inspection
46 completed within the previous twenty consecutive days, excluding Saturdays, Sundays and
47 holidays, if such follow-up inspection is made by the station making the initial inspection. Every
48 inspection for which a fee is charged shall be a complete inspection, and upon completion of the
49 inspection, if any defects are found the owner of the vehicle shall be furnished a list of the
50 defects and a receipt for the fee paid for the inspection. If the owner of a vehicle decides to have
51 any necessary repairs or corrections made at the official inspection station, the owner shall be
52 furnished a written estimate of the cost of such repairs before such repairs or corrections are
53 made by the official inspection station. The written estimate shall have plainly written upon it
54 that the owner understands that the corrections need not be made by the official inspection
55 station and shall have a signature line for the owner. The owner must sign below the statement
56 on the signature line before any repairs are made.

57 6. Certificates of inspection and approval, sticker, seal or other device shall be purchased
58 by the official inspection stations from the superintendent of the Missouri state highway patrol.
59 The superintendent of the Missouri state highway patrol shall collect a fee of one dollar and fifty
60 cents for each certificate of inspection, sticker, seal or other device issued to the official
61 inspection stations, except that no charge shall be made for certificates of inspection, sticker, seal
62 or other device issued to official inspection stations operated by governmental entities. All fees
63 collected shall be deposited in the state treasury with one dollar of each fee collected credited to
64 the state highway fund and, for the purpose of administering and enforcing the state motor
65 vehicle laws and traffic regulations, fifty cents credited to the "Highway Patrol Inspection Fund"
66 which is hereby created. The moneys collected and deposited in the highway patrol inspection
67 fund shall be expended subject to appropriations by the general assembly for the administration

68 and enforcement of sections 307.350 to 307.390 by the Missouri state highway patrol. The
69 unexpended balance in the fund at the end of each biennium exceeding the amount of the
70 appropriations from the fund for the first two fiscal years shall be transferred to the state road
71 fund, and the provisions of section 33.080, RSMo, relating to the transfer of funds to the general
72 revenue fund at the end of the biennium, shall not apply to the fund.

73 7. The owner or operator of any inspection station who discontinues operation during
74 the period that a station permit is valid or whose station permit is suspended or revoked shall
75 return all official signs and posters and any current unused inspection stickers, seals or other
76 devices to the superintendent of the Missouri state highway patrol and shall receive a full refund
77 on request except for official signs and posters, provided the request is made during the calendar
78 year or within sixty days thereafter in the manner prescribed by the superintendent of the
79 Missouri state highway patrol. Stations which have a valid permit shall exchange unused
80 previous year issue inspection stickers and/or decals for an identical number of current year
81 issue, provided the unused stickers and/or decals are submitted for exchange not later than April
82 thirtieth of the current calendar year, in the manner prescribed by the superintendent of the
83 Missouri state highway patrol.

84 **8. Notwithstanding the provisions of section 307.390 to the contrary, a violation of**
85 **this section shall be a class C misdemeanor.**

307.375. 1. The owner of every bus used to transport children to or from school in
2 addition to any other inspection required by law shall submit the vehicle to an official inspection
3 station, and obtain a certificate of inspection, sticker, seal or other device annually, but the
4 inspection of the vehicle shall not be made more than sixty days prior to operating the vehicle
5 during the school year. The inspection shall, in addition to the inspection of the mechanism and
6 equipment required for all motor vehicles under the provisions of sections 307.350 to 307.390,
7 include an inspection to ascertain that the following items are correctly fitted, adjusted, and in
8 good working condition:

27 (14) The emergency door buzzer;

28 (15) All hand hold grips;

29 (16) The interior glazing of the bus.

30 2. In addition to the inspection required by subsection 1 of this section, the Missouri state
31 highway patrol shall conduct an inspection after February first of each school year of all vehicles
32 required to be marked as school buses under section 304.050, RSMo. This inspection shall be

43 section are found, the owner or operator shall have them corrected in ten days and notify the
44 superintendent of the Missouri state highway patrol or those persons authorized by the
45 superintendent. If the defects or unsafe conditions found constitute an immediate danger, the bus
46 shall not be used until corrections are made and the superintendent of the Missouri state highway
47 patrol or those persons authorized by the superintendent are notified.

48 4. The Missouri highway patrol may inspect any school bus at any time and if such
49 inspection reveals a deficiency affecting the safe operation of the bus, the provisions of
50 subsection 3 of this section shall be applicable.

51 **5. Notwithstanding the provisions of section 307.390 to the contrary, a violation of**
52 **this section shall be a class C misdemeanor.**

307.390. 1. Any person who violates any provision of sections 307.350 to 307.390 is
2 guilty of [a misdemeanor] **an infraction** and upon [conviction] **plea or finding of guilt** shall be
3 punished as provided by law.

4 2. The superintendent of the Missouri state highway patrol may assign qualified persons
5 who are not highway patrol officers to investigate and enforce motor vehicle safety inspection
6 laws and regulations pursuant to sections 307.350 to 307.390 and sections 643.300 to 643.355,
7 RSMo. A person assigned by the superintendent pursuant to the authority granted by this
8 subsection shall be designated a motor vehicle inspector and shall have limited powers to issue
9 a uniform complaint and summons for a violation of the motor vehicle inspection laws and
10 regulations. A motor vehicle inspector shall not have authority to exercise the power granted in
11 this subsection until such inspector successfully completes training provided by, and to the
12 satisfaction of, the superintendent.

307.400. 1. It is unlawful for any person to operate any commercial motor vehicle as
2 defined in Title 49, Code of Federal Regulations, Part 390.5, either singly or in combination with
3 a trailer, as both vehicles are defined in Title 49, Code of Federal Regulations, Part 390.5, unless
4 such vehicles are equipped and operated as required by Parts 390 through 397, Title 49, Code
5 of Federal Regulations, as such regulations have been and may periodically be amended, whether
6 intrastate transportation or interstate transportation. Members of the Missouri state highway
7 patrol are authorized to enter the cargo area of a commercial motor vehicle or trailer to inspect
8 the contents when reasonable grounds exist to cause belief that the vehicle is transporting
9 hazardous materials as defined by Title 49 of the Code of Federal Regulations. The director of
10 the department of public safety is hereby authorized to further regulate the safety of commercial
11 motor vehicles and trailers as he deems necessary to govern and control their operation on the
12 public highways of this state by promulgating and publishing rules and regulations consistent
13 with this chapter. Any such rules shall, in addition to any other provisions deemed necessary by
14 the director, require:

15 (1) Every commercial motor vehicle and trailer and all parts thereof to be maintained in
16 a safe condition at all times;

17 (2) Accidents arising from or in connection with the operation of commercial motor
18 vehicles and trailers to be reported to the department of public safety in such detail and in such
19 manner as the director may require. Except for the provisions of subdivisions (1) and (2) of this
20 subsection, the provisions of this section shall not apply to any commercial motor vehicle
21 operated in intrastate commerce and licensed for a gross weight of sixty thousand pounds or less
22 when used exclusively for the transportation of solid waste or forty-two thousand pounds or less
23 when the license plate has been designated for farm use by the letter "F" as authorized by the

24 Revised Statutes of Missouri, unless such vehicle is transporting hazardous materials as defined
25 in Title 49, Code of Federal Regulations.

26 2. Notwithstanding the provisions of subsection 1 of this section to the contrary, Part
27 391, Subpart E, Title 49, Code of Federal Regulations, relating to the physical requirements of
28 drivers shall not be applicable to drivers in intrastate commerce, provided such drivers were
29 licensed by this state as chauffeurs to operate commercial motor vehicles on May 13, 1988.
30 Persons who are otherwise qualified and licensed to operate a commercial motor vehicle in this
31 state may operate such vehicle intrastate at the age of eighteen years or older, except that any
32 person transporting hazardous material must be at least twenty-one years of age.

33 3. Commercial motor vehicles and drivers of such vehicles may be placed out of service
34 if the vehicles are not equipped and operated according to the requirements of this section.
35 Criteria used for placing vehicles and drivers out of service are the North American Uniform
36 Out-of-Service Criteria adopted by the Commercial Vehicle Safety Alliance and the United
37 States Department of Transportation, as such criteria have been and may periodically be
38 amended.

39 4. Notwithstanding the provisions of subsection 1 of this section to the contrary, Part
40 395, Title 49, Code of Federal Regulations, relating to the hours of drivers, shall not apply to any
41 vehicle owned or operated by any public utility, rural electric cooperative or other public service
42 organization, or to the driver of such vehicle, while providing restoration of essential utility
43 services during emergencies and operating intrastate. For the purposes of this subsection, the
44 term "essential utility services" means electric, gas, water, telephone and sewer services.

45 5. Part 395, Title 49, Code of Federal Regulations, relating to the hours of drivers, shall
46 not apply to drivers transporting agricultural commodities or farm supplies for agricultural
47 purposes in this state if such transportation:

48 (1) Is limited to an area within a one hundred air mile radius from the source of the
49 commodities or the distribution point for the farm supplies; and

50 (2) Is conducted during the planting and harvesting season within this state, as defined
51 by the department of public safety by regulation.

52 6. The provisions of Part 395.8, Title 49, Code of Federal Regulations, relating to
53 recording of a driver's duty status, shall not apply to drivers engaged in agricultural operations
54 referred to in subsection 5 of this section, if the motor carrier who employs the driver maintains
55 and retains for a period of six months accurate and true records showing:

56 (1) The total number of hours the driver is on duty each day; and

57 (2) The time at which the driver reports for, and is released from, duty each day.

58 7. Notwithstanding the provisions of subsection 1 of this section to the contrary, Parts
59 390 through 397, Title 49, Code of Federal Regulations shall not apply to commercial motor
60 vehicles operated in intrastate commerce to transport property, which have a gross vehicle weight
61 rating or gross combination weight rating of twenty-six thousand pounds or less. The exception
62 provided by this subsection shall not apply to vehicles transporting hazardous materials or to
63 vehicles designed to transport sixteen or more passengers including the driver as defined by Title
64 49 of the Code of Federal Regulations. Nothing in this subsection shall be construed to prohibit
65 persons designated by the department of public safety from inspecting vehicles defined in this
66 subsection.

67 8. Violation of any provision of this section or any rule promulgated as authorized
68 therein is [a class B misdemeanor] **an infraction**.

69 9. No rule or portion of a rule promulgated under the authority of this chapter shall
70 become effective unless it has been promulgated pursuant to the provisions of section 536.024,
71 RSMo.

 311.326. After a period of not less than one year, or upon reaching the age of twenty-one,
2 whichever occurs first, a person who has pleaded guilty to or has been found guilty of violating
3 section 311.325 for the first time, and who since such conviction has not been convicted of any
4 other alcohol-related offense, may apply to the court in which he or she was sentenced for an
5 order to expunge all official records of his or her arrest, plea, trial and conviction. **No records**
6 **shall be expunged if the person who has plead guilty to or has been found guilty of**
7 **violating section 311.325 is licensed as a commercial motor vehicle driver or was operating**
8 **a commercial motor vehicle as defined in section 302.700, RSMo, at the time of the**
9 **violation.** If the court determines, upon review, that such person has not been convicted of any
10 other alcohol-related offense at the time of the application for expungement, and the person has
11 had no other alcohol-related enforcement contacts, as defined in section 302.525, RSMo, the
12 court shall enter an order of expungement. The effect of such an order shall be to restore such
13 person to the status he or she occupied prior to such arrest, plea or conviction, as if such event
14 had never happened. No person as to whom such order has been entered shall be held thereafter
15 under any provision of any law to be guilty of perjury or otherwise giving a false statement by
16 reason of his or her failure to recite or acknowledge such arrest, plea, trial, conviction or
17 expungement in response to any inquiry made of him or her for any purpose whatsoever. A
18 person shall be entitled to only one expungement pursuant to this section. Nothing contained in
19 this section shall prevent courts or other state officials from maintaining such records as are
20 necessary to ensure that an individual receives only one expungement pursuant to this section.

407.584. 1. Any motor vehicle manufacturer selling new motor vehicles in this state shall allow a nonauthorized dealership or nonauthorized motor vehicle repair facility to perform warranty work or repairs that are generally required to be performed by an authorized dealership or an authorized motor vehicle repair facility provided that:

(1) The authorized dealership or authorized motor vehicle repair facility that would have performed the warranty work or repairs has discontinued doing such warranty work or repairs;

(2) No other authorized dealership or authorized motor vehicle repair facility is located within seventy-five miles of the authorized dealership or authorized motor vehicle repair facility that has discontinued performing warranty work or repairs;

(3) The nonauthorized dealership or nonauthorized motor vehicle repair facility is located within seventy-five miles of the current authorized dealership or authorized motor vehicle repair facility that has discontinued performing warranty work or repairs; and

(4) The nonauthorized dealership or nonauthorized motor vehicle repair facility is certified by the National Institute for Automotive Service Excellence.

2. For purposes of this section, a new motor vehicle is defined as any motor vehicle being transferred for the first time from a manufacturer, distributor, or new vehicle dealer, which has not been registered or titled in this state or any other state and which is offered for sale, barter, or exchange by a dealer who is franchised to sell, barter, or exchange that particular make of new motor vehicle. The term "new motor vehicle" shall include only those vehicles propelled by power other than muscular power, but the term shall not include vehicles used as a commercial motor vehicle, off-road vehicles, mopeds, motorcycles, or recreational motor vehicles as defined in section 301.010, RSMo, except for the chassis, engine, and power train of commercial motor vehicles and recreational motor vehicles. The term "new motor vehicle" shall also include demonstrators or lease-purchase vehicles as long as a manufacturer's warranty was issued as a condition of sale.

3. Any dealership or repair facility completing warranty work and repairs for the manufacturer shall use original equipment manufacturer parts if required by the manufacturer to retain the warranty unless the original equipment manufacturer parts will not arrive within five business days. If the original equipment parts will not arrive within five business days, aftermarket parts may be used but only if they would arrive prior to the original equipment parts.

4. Under this section, the use of aftermarket parts shall not void the manufacturer warranty nor shall aftermarket parts be covered by the manufacturer warranty.

476.385. 1. The judges of the supreme court may appoint a committee consisting of at least seven associate circuit judges, who shall meet en banc and establish and maintain a schedule of fines to be paid for violations of sections 210.104, 577.070, and 577.073, RSMo, and chapters 252, 301, 302, 304, 306, 307 and 390, RSMo, with such fines increasing in proportion to the severity of the violation. The associate circuit judges of each county may meet en banc and adopt the schedule of fines and participation in the centralized bureau pursuant to this section. Notice of such adoption and participation shall be given in the manner provided by supreme court rule. Upon order of the supreme court, the associate circuit judges of each county may meet en banc and establish and maintain a schedule of fines to be paid for violations of municipal ordinances for cities, towns and villages electing to have violations of its municipal ordinances heard by associate circuit judges, pursuant to section 479.040, RSMo; and for traffic court divisions established pursuant to section 479.500, RSMo. The schedule of fines adopted for violations of municipal ordinances may be modified from time to time as the associate circuit judges of each county en banc deem advisable. No fine established pursuant to this subsection may exceed the maximum amount specified by statute or ordinance for such violation.

2. In no event shall any schedule of fines adopted pursuant to this section include offenses involving the following:

- (1) Any violation resulting in personal injury or property damage to another person;
- (2) Operating a motor vehicle while intoxicated or under the influence of intoxicants or drugs;
- (3) Operating a vehicle with a counterfeited, altered, suspended or revoked license;
- (4) Fleeing or attempting to elude an officer.

3. There shall be a centralized bureau to be established by supreme court rule in order to accept pleas of not guilty or guilty and payments of fines and court costs for violations of the laws and ordinances described in subsection 1 of this section, made pursuant to a schedule of fines established pursuant to this section. The centralized bureau shall collect, with any plea of guilty and payment of a fine, all court costs which would have been collected by the court of the jurisdiction from which the violation originated.

4. If a person elects not to contest the alleged violation, the person shall send payment in the amount of the fine and any court costs established for the violation to the centralized bureau. Such payment shall be payable to the "central violations bureau", shall be made by mail or in any other manner established by the centralized bureau, and shall constitute a plea of guilty, waiver of trial and a conviction for purposes of section 302.302, RSMo, and for purposes of imposing any collateral consequence of a criminal conviction provided by law. **By paying the fine and costs, the person also consents to attendance at any driver-improvement program**

36 **or motorcycle-rider training course ordered by the court and consents to verification of**
37 **such attendance as directed by the bureau.** Notwithstanding any provision of law to the
38 contrary, the prosecutor shall not be required to sign any information, ticket or indictment if
39 disposition is made pursuant to this subsection. In the event that any payment is made pursuant
40 to this section by credit card or similar method, the centralized bureau may charge an additional
41 fee in order to reflect any transaction cost, surcharge or fee imposed on the recipient of the credit
42 card payment by the credit card company.

43 5. If a person elects to plead not guilty, such person shall send the plea of not guilty to
