

HB 385 -- Next of Kin Database

Sponsor: Parkinson

This bill requires the Driver License Bureau within the Department of Revenue to establish, by August 1, 2010, a database of the next of kin persons who are issued driver's licenses, intermediate driver's licenses, commercial driver's licenses, temporary instruction permits, and identification cards. Information in the database will be accessible only to employees of the bureau and to criminal justice agencies responding to the scene of an accident or incident for the purpose of notifying the next of kin contact person of the situation.
