## FISCAL ANALYSIS

### ASSUMPTION

Officials from the **State Auditor's Office** and the **City of Springfield** each assume there will be no fiscal impact to their respective agencies.

Officials from the **Office of the Secretary of State (SOS)** state many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Officials from **Greene County** did not respond to our request for a fiscal impact.

The following fire districts did not respond to **Oversight's** request for a fiscal impact: **Bois D Arc Rural Fire Department, Battlefield Fire Protection District, Pleasant View Fire Protection District, and Walnut Grove Fire Protection District.**
