FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Agriculture, Department of Natural Resources, State Tax Commission, and University of Missouri** assume the proposal will have no fiscal impact on their organizations.

In response to identical legislation from the current session (HCR 7), officials from the **Department of Revenue, Missouri House of Representatives, and Missouri Senate** assumed the proposal will have no fiscal impact on their organizations.

Officials from the **Office of Secretary of State (SOS)** state the fiscal impact for this proposal is less than \$2,500. The SOS does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the SOS can sustain within its core budget. Therefore, the SOS reserves the right to request funding for the costs of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the Governor.

<u>FISCAL IMPACT - State Government</u>	FY 2011 (10 Mo.)	FY 2012	FY 2013

<u>FISCAL IMPACT - Local Government</u>	FY 2011 (10 Mo.)	FY 2012	FY 2013

FISCAL IMPACT - Small Business

If the State Tax Commission's recommendations are implemented, those recommendations will have a direct negative fiscal impact on small business farmers due to increased property taxes.

FISCAL DESCRIPTION

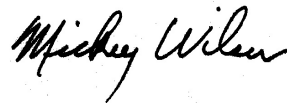

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
