FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Labor and Industrial Relations** and the **Department of Public Safety – Missouri State Highway Patrol** assume the proposal would have no fiscal impact on their agencies.

Officials from the **Office of the Attorney General** assume any potential costs arising from this proposal can be absorbed within existing resources.

Officials from the **Office of State Courts Administrator** assume the proposed legislation would have no fiscal impact on the courts.

Officials from the **Department of Corrections (DOC)** assume the penalty provision component of this bill, resulting in potential fiscal impact for DOC, is for a class B penalty.

DOC did not have any commitments for illegal immigration in FY 2009.

DOC cannot currently predict the number of new commitments which may result from the creation of the offense(s) outlined in this proposal. An increase in commitments depends on the utilization by prosecutors and the actual sentences imposed by the court.

If additional persons are sentenced to the custody of the DOC due to the provisions of this legislation, the DOC will incur a corresponding increase in direct offender cost either through incarceration (FY09 average of \$16.04 per offender per day, or an annual cost of \$5,855 per inmate) or through supervision provided by the Board of Probation and Parole (FY09 average of \$3.71 per offender per day, or an annual cost of \$1,354 per offender).

The need for capital improvements is not anticipated at this time. It must be noted that the cumulative effect of various new legislation, if passed into law, could result in the need for additional capital improvements funding if the total number of new offenders exceeds current planned capacity.

In summary, supervision by the DOC through probation or incarceration would result in additional unknown costs to the department. Eighteen (18) persons would have to be incarcerated per fiscal year to exceed \$100,000 annually. Due to the narrow scope of this new crime, it is assumed the impact would be less than \$100,000 per year for the DOC.

ASSUMPTION (continued)

Officials from the **Office of the State Public Defender (SPD)** assume increasing penalties on existing crimes, or creating new crimes, will require more SPD resources. While the number of new cases (or cases with increased penalties) may be too few or uncertain to request additional appropriations for this specific bill, the SPD will continue to request sufficient appropriations to provide competent and effective representation in all its cases. SPD assumes a minimal unknown impact.

Oversight assumes the Office of the State Public Defender (SPD) could absorb the costs of the proposed legislation within existing resources. Oversight assumes any significant increase in the workload of the SPD would be reflected in future budget requests.

Officials from the Office of Prosecution Services did not respond to Oversight's request for fiscal impact.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation creates the crime of trafficking for the purpose of illegal immigration if a person, in exchange for anything of value, knowingly transports or assists in the transport of an illegal immigrant within Missouri with the intent to violate federal immigration laws under Title 8 of the United States Code. Anyone who commits this crime will be guilty of a class B felony.

The proposal also makes it a crime for a person to conceal, harbor, or shelter from detection any illegal alien knowing or in reckless disregard of the fact that the illegal alien has entered or remained in the country illegally. It is also a crime for an illegal alien to transport himself or herself in the state of Missouri. Anyone who commits this crime will be guilty of a felony punishable by not less than one year's imprisonment, a fine of not less than \$1,000, or both.

This legislation is not federally mandated, would not duplicate any other program, and would not require additional capital improvements or rental space.
