When a redevelopment project area is located within a county for which public and individual assistance has been requested by the governor under Section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121, et seq., for an emergency proclaimed by the governor under section 44.100, RSMo, due to a natural

For redevelopment projects or redevelopment plans approved after August 28, 2005, if a retail establishment relocates within one year from one facility within the same county and the governing body of the municipality finds that the retail establishment is a direct beneficiary of tax increment financing, then for the purposes of this subdivision, the economic activity taxes generated by the retail establishment shall equal the total additional revenues from economic activity taxes that are imposed by a municipality or other taxing district over the amount of economic activity taxes generated by the retail establishment in the calendar year prior to its relocation to the redevelopment area;

For redevelopment projects or redevelopment plans approved after August 28, 2005, if a retail establishment relocates within one year from one facility to another facility within the same county and the governing body of the municipality finds that the retail establishment is a direct beneficiary of tax increment financing, then for the purposes of this subdivision, the economic activity taxes generated by the retail establishment shall equal the total additional revenues from economic activity taxes that are imposed by a municipality or other taxing district over the amount of economic activity taxes generated by the retail establishment in the calendar year prior to the relocation to the redevelopment area;

(3) The resident population of the area must be at least four thousand but not more than seventy-two thousand at the time of designation as an enterprise zone if the area lies within a metropolitan statistical area, as established by the United States Census Bureau; or, if the area does not lie within a metropolitan statistical area, the resident population of the area at the time of designation must be at least one thousand but not more than twenty thousand inhabitants. A prerequisite for the designation of a satellite zone shall be the approval by the director of a plan submitted by the local governing authority of the city describing how the satellite zone corresponds to the city's overall enterprise zone strategy.

(2) Any Missouri community classified as a village whose borders lie adjacent to a city with a population in excess of three hundred fifty thousand inhabitants as described in subdivision (1) of this subsection, and which has within the corporate limits of the village a factory, mining operation, office, mill, plant or warehouse which has at least three thousand employees and has an investment in plant, machinery and equipment of at least two hundred million dollars may, upon securing approval of the director and the local governing authorities of the village and the adjacent city which contains an existing state-designated enterprise zone, designate one satellite zone to be located within the corporate limits of the village, such zone to be in addition to the six authorized in subdivision (1) of this subsection.

(3) Any geographical area partially contained within any city not within a county and partially contained within any county of the first classification with a charter form of government with a population of nine hundred thousand or more inhabitants, which area is comprised of a total population of at least four thousand inhabitants but not more than seventy-two thousand inhabitants, and which area consists of at least one fourth class city, and has within its boundaries a military reserve facility and a utility pumping station having a capacity of ten million cubic feet, may, upon securing approval of the director and the appropriate local governing authorities as provided for in section 135.210, be designated as a satellite zone, such zone to be in addition to the six authorized in subdivision (1) of this subsection.

(4) In addition to all other satellite zones authorized in this section, any home rule city with more than seventy-three thousand but less than seventy-five thousand inhabitants, which includes an existing state-designated enterprise zone within the corporate limits of the city, may, upon approval of the local governing authority of the city and director of the department of economic development, designate a satellite zone within its corporate limits. (5) In addition to all other satellite zones authorized in this section, any home rule city with more than one hundred thirteen thousand two hundred but less than one hundred thirteen thousand three hundred inhabitants, which includes an existing state-designated enterprise zone within the corporate limits of the city, may, upon approval of the local governing authority of the city and director of the department of economic development, designate a satellite zone within its corporate limits along the southwest corner of any intersection of two United States interstate highways. A prerequisite for the designation of a satellite zone pursuant to this subdivision shall be the approval by the director of the department of economic development of a plan submitted by the local governing authority of such city describing how the satellite zone corresponds to the city's overall enterprise zone strategy.

(6) In addition to all other satellite zones authorized in this section, any home rule city with more than one hundred fifty-one thousand five hundred but less than one hundred fifty-one thousand six hundred inhabitants which includes an existing state-designated enterprise zone within the corporate limits of the city may, upon approval of the governing authority of the city and the director of the department of economic development, designate one satellite zone within its corporate limits. No satellite zone shall be designated pursuant to this subdivision until the governing authority of the city submits a plan describing how the satellite zone corresponds to the city's overall enterprise zone strategy and the director approves the plan.

(7) In addition to all other satellite zones authorized in this section, any city of the fourth classification with more than three thousand eight hundred but less than four thousand inhabitants and located in more than one county and which city lies adjacent to any home rule city with more than one hundred thirteen thousand two hundred but less than one hundred thirteen thousand three hundred inhabitants and which contains an enterprise zone may, upon approval of the director and the governing authorities of the city of the fourth classification and the home rule city, designate one satellite zone within its corporate limits. The satellite enterprise zone authorized by this **[**subsection**]** **subdivision** shall be designated only if it meets the criteria established by subsection 2 of this section. Retail businesses, as identified by the 1997 North American Industry Classification System (NAICS) sector numbers 44-45, located within the satellite enterprise zone shall be eligible for all benefits provided under the provisions of sections 135.200 to 135.258.

2. For satellite zones designated pursuant to the provisions of subdivisions (1) and (3) of subsection 1 of this section, the satellite zones, in conjunction with the existing state-designated enterprise zone shall meet the following criteria:

(1) The area is one of pervasive poverty, unemployment, and general distress, or one in which a large number of jobs have been lost, a large number of employers have closed, or in which a large percentage of available production capacity is idle. For the purpose of this

subdivision, "large number of jobs" means one percent or more of the area's population according to the most recent decennial census, and "large number of employers" means over five;

(2) At least fifty percent of the residents living in the area have incomes below eighty percent of the median income of all residents within the state of Missouri according to the **[**last decennial census**] United States Census Bureau's American Community Survey, based on the most recent of five-year period estimate data in which the final year of the estimate ends in either zero or five** or other appropriate source as approved by the director;

(3) The resident population of the existing state-designated enterprise zone and its satellite zones must be at least four thousand but not more than seventy-two thousand at the time of designation;

(4) The level of unemployment of persons, according to the most recent data available from the division of employment security or from the United States Bureau of Census and approved by the director, within the area exceeds one and one-half times the average rate of unemployment for the state of Missouri over the previous twelve months, or the percentage of area residents employed on a full-time basis is less than sixty percent of the statewide percentage of residents employed on a full-time basis.

3. A qualified business located within a satellite zone shall be subject to the same eligibility criteria and can be eligible to receive the same benefits as a qualified facility in sections 135.200 to 135.258.

135.230. 1. The exemption or credit established and allowed by section 135.220 and the credits allowed and established by subdivisions (1), (2), (3) and (4) of subsection 1 of section 135.225 shall be granted with respect to any new business facility located within an enterprise zone for a vested period not to exceed ten years following the date upon which the new business facility commences operation within the enterprise zone and such exemption shall be calculated, for each succeeding year of eligibility, in accordance with the formulas applied in the initial year in which the new business facility is certified as such, subject, however, to the limitation that all such credits allowed in sections 135.225 and 135.235 and the exemption allowed in section 135.220 shall be removed not later than fifteen years after the enterprise zone is designated as such. No credits shall be allowed pursuant to subdivision (1), (2), (3) or (4) of subsection 1 of section 135.225 or section 135.235 and no exemption shall be allowed pursuant to section 135.220 unless the number of new business facility employees engaged or maintained in employment at the new business facility for the taxable year for which the credit is claimed equals or exceeds two or the new business facility is a revenue-producing enterprise as defined in paragraph (d) of subdivision (6) of section 135.200. In order to qualify for either the exemption pursuant to section 135.220 or the credit pursuant to subdivision (4) of subsection 1 of section 135.225, or both, it shall be required that at least thirty percent of new business facility

employees, as determined by subsection 4 of section 135.110, meet the criteria established in section 135.240 or are residents of an enterprise zone or some combination thereof, except taxpayers who establish a new business facility by operating a revenue-producing enterprise as defined in paragraph (d) of subdivision (6) of section 135.200 or any taxpayer that is an insurance company that established a new business facility satisfying the requirements of subdivision (8) of section 135.100 located within an enterprise zone after June 30, 1993, and before December 31, 1994, and that employs in excess of three hundred fifty new business facility employees at such facility each tax period for which the credits allowable pursuant to subdivisions (1) to (4) of subsection 1 of section 135.225 are claimed shall not be required to meet such requirement. A new business facility described as SIC 3751 shall be required to employ fifteen percent of such employees instead of the required thirty percent. For the purpose of satisfying the thirty-percent requirement, residents must have lived in the enterprise zone for a period of at least one full calendar month and must have been employed at the new business facility for at least one full calendar month, and persons qualifying because they meet the requirements of section 135.240 must have satisfied such requirement at the time they were employed by the new business facility and must have been employed at the new business facility for at least one full calendar month. The director may temporarily reduce or waive this requirement for any business in an enterprise zone with ten or less full-time employees, and for businesses with eleven to twenty full-time employees this requirement may be temporarily reduced. No reduction or waiver may be granted for more than one tax period and shall not be renewable. The exemptions allowed in sections 135.215 and 135.220 and the credits allowed in sections 135.225 and 135.235 and the refund established and authorized in section 135.245 shall not be allowed to any "public utility", as such term is defined in section 386.020, RSMo. For the purposes of achieving the fifteen-percent employment requirement set forth in this subsection, a new business facility described as NAICS 336991 may count employees who were residents of the enterprise zone at the time they were employed by the new business facility and for at least ninety days thereafter, regardless of whether such employees continue to reside in the enterprise zone, so long as the employees remain employed by the new business facility and residents of the state of Missouri.

2. Notwithstanding the provisions of subsection 1 of this section, motor carriers, barge lines or railroads engaged in transporting property for hire or any interexchange telecommunications company that establish a new business facility shall be eligible to qualify for the exemptions allowed in sections 135.215 and 135.220, and the credits allowed in sections 135.225 and 135.235 and the refund established and authorized in section 135.245, except that trucks, truck-trailers, truck semitrailers, rail or barge vehicles or other rolling stock for hire, track, switches, bridges, barges, tunnels, rail yards and spurs shall not constitute new business

facility investment nor shall truck drivers or rail or barge vehicle operators constitute new business facility employees.

3. Notwithstanding any other provision of sections 135.200 to 135.256 to the contrary, motor carriers establishing a new business facility on or after January 1, 1993, but before January 1, 1995, may qualify for the tax credits available pursuant to sections 135.225 and 135.235 and the exemption provided in section 135.220, even if such new business facility has not satisfied the employee criteria, provided that such taxpayer employs an average of at least two hundred persons at such facility, exclusive of truck drivers and provided that such taxpayer maintains an average investment of at least ten million dollars at such facility, exclusive of rolling stock, during the tax period for which such credits and exemption are being claimed.

4. Any governing authority having jurisdiction of an area that has been designated an enterprise zone may petition the department to expand the boundaries of such existing enterprise zone. The director may approve such expansion if the director finds that:

(1) The area to be expanded meets the requirements prescribed in section 135.207 or 135.210, whichever is applicable;

(2) The area to be expanded is contiguous to the existing enterprise zone; and

(3) The number of expansions do not exceed three after August 28, 1994.

5. Notwithstanding the fifteen-year limitation as prescribed in subsection 1 of this section, any governing authority having jurisdiction of an area that has been designated as an enterprise zone by the director, except one designated pursuant to this subsection, may file a petition, as prescribed by the director, for redesignation of such area for an additional period not to exceed seven years following the fifteenth anniversary of the enterprise zone's initial designation date; provided:

(1) The petition is filed with the director within three years prior to the date the tax credits authorized in sections 135.225 and 135.235 and the exemption allowed in section 135.220 are required to be removed pursuant to subsection 1 of this section;

(2) The governing authority identifies and conforms the boundaries of the area to be designated a new enterprise zone to the political boundaries established by the latest decennial census, unless otherwise approved by the director;

(3) The area satisfies the requirements prescribed in subdivisions (3)**[**,**]** **and** (4) **[**and (5)**]** of section 135.205 according to the **[**latest decennial census**]** **United States Census Bureau's American Community Survey, based on the most recent of five-year period estimate data in which the final year of the estimate ends in either zero or five** or other appropriate source as approved by the director;

(4) The governing authority satisfies the requirements prescribed in sections 135.210, 135.215 and 135.255;

(5) The director finds that the area is unlikely to support reasonable tax assessment or to experience reasonable economic growth without such designation; and

(6) The director's recommendation that the area be designated as an enterprise zone is approved by the joint committee on economic development policy and planning, as otherwise required in subsection 3 of section 135.210.

6. Any taxpayer having established a new business facility in an enterprise zone except one designated pursuant to subsection 5 of this section, who did not earn the tax credits authorized in sections 135.225 and 135.235 and the exemption allowed in section 135.220 for the full ten-year period because of the fifteen-year limitation as prescribed in subsection 1 of this section, shall be granted such benefits for ten tax years, less the number of tax years the benefits were claimed or could have been claimed prior to the expiration of the original fifteen-year period, except that such tax benefits shall not be earned for more than seven tax periods during the ensuing seven-year period, provided the taxpayer continues to operate the new business facility in an area that is designated an enterprise zone pursuant to subsection 5 of this section. Any taxpayer who establishes a new business facility subsequent to the commencement of the ensuing seven-year period, as authorized in subsection 5 of this section, may qualify for the tax credits authorized in sections 135.225 and 135.235, and the exemptions authorized in sections 135.215 and 135.220, pursuant to the same terms and conditions as prescribed in sections 135.100 to 135.256. In metropolitan statistical areas, the definition shall include areas that were designated as either a federal empowerment zone; or a federal enhanced enterprise community; or a state enterprise zone that was originally designated before January 1, 1986, but shall not include expansions of such state enterprise zones done after March 16, 1988.

135.903. 1. To qualify as a rural empowerment zone, an area shall meet all the following criteria:

(1) The area is one of pervasive poverty, unemployment, and general distress;

(2) At least sixty-five percent of the population has earned income below eighty percent of the median income of all residents within the state according to the **[**last decennial census**]** **United States Census Bureau's American Community Survey, based on the most recent of five-year period estimate data in which the final year of the estimate ends in either zero or five** or other appropriate source as approved by the director;

(5) The area is situated more than ten miles from any existing rural empowerment zone;

(6) The area is situated in a county of the third classification without a township form of government and with more than eight thousand nine hundred twenty-five but less than nine thousand twenty-five inhabitants; and

(7) The area is not situated in an existing enterprise zone.

2. The governing body of any county in which an area may be designated a rural empowerment zone shall submit to the department an application showing that the area complies with the requirements of subsection 1 of this section. The department shall declare the area a rural empowerment zone if upon investigation the department finds that the area meets the requirements of subsection 1 of this section. If the area is found not to meet the requirements, the governing body shall have the opportunity to submit another application for designation as a rural empowerment zone and the department shall designate the area a rural empowerment zone if upon investigation the department finds that the area meets the requirements of subsection 1 of this section.

3. There shall be no more than two rural empowerment zones as created under sections 135.900 to 135.906 in existence at any time.

135.953. 1. For purposes of sections 135.950 to 135.970, an area shall meet the following criteria in order to qualify as an enhanced enterprise zone:

(1) The area shall be a blighted area, have pervasive poverty, unemployment and general distress; and

(2) At least sixty percent of the residents living in the area have incomes below ninety percent of the median income of all residents:

(a) Within the state of Missouri, according to the **[**last decennial census**] United States Census Bureau's American Community Survey, based on the most recent of five-year period estimate data in which the final year of the estimate ends in either zero or five** or other appropriate source as approved by the director; or

(3) The resident population of the area shall be at least five hundred but not more than one hundred thousand at the time of designation as an enhanced enterprise zone if the area lies within a metropolitan statistical area, as established by the United States Census Bureau, or if the area does not lie within a metropolitan statistical area, the resident population of the area at the time of designation shall be at least five hundred but not more than forty thousand inhabitants. If the population of the jurisdiction of the governing authority does not meet the minimum population requirements set forth in this subdivision, the population of the area must be at least fifty percent of the population of the jurisdiction. However, no enhanced enterprise zone shall be created which consists of the total area within the political boundaries of a county; and

(4) The level of unemployment of persons, according to the most recent data available from the United States Bureau of Census and approved by the director, within the area is equal to or exceeds the average rate of unemployment for:

(a) The state of Missouri over the previous twelve months; or

(b) The county or city not within a county over the previous twelve months.

2. Notwithstanding the requirements of subsection 1 of this section to the contrary, an enhanced enterprise zone may be established in an area located within a county for which public and individual assistance has been requested by the governor pursuant to Section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121 et seq., for an emergency proclaimed by the governor pursuant to section 44.100, RSMo, due to a natural disaster of major proportions, if the area to be designated is blighted and sustained severe damage as a result of such natural disaster, as determined by the state emergency management agency. An application for designation as an enhanced enterprise zone pursuant to this subsection shall be made before the expiration of one year from the date the governor requested federal relief for the area sought to be designated.

3. Notwithstanding the requirements of subsection 1 of this section to the contrary, an enhanced enterprise zone may be designated in a county of declining population if it meets the requirements of subdivisions (1), (3) and either (2) or (4) of subsection 1 of this section. For the purposes of this subsection, a "county of declining population" is one that has lost one percent or more of its population as demonstrated by comparing the most recent decennial census population to the next most recent decennial census population for the county.

4. In addition to meeting the requirements of subsection 1, 2, or 3 of this section, an area, to qualify as an enhanced enterprise zone, shall be demonstrated by the governing authority to have either:

(1) The potential to create sustainable jobs in a targeted industry; or

(2) A demonstrated impact on local industry cluster development.

(1) Motor fuel used for nonhighway purposes including fuel for farm tractors or stationary engines owned or leased and operated by any person and used exclusively for agricultural purposes and including, beginning January 1, 2006, bulk sales of one hundred gallons or more of gasoline made to farmers and delivered by the ultimate vender to a farm location for agricultural purposes only. As used in this section, the term "farmer" shall mean any person engaged in farming in an authorized farm corporation, family farm, or family farm corporation as defined in section 350.010, RSMo. At the discretion of the ultimate vender, the refund may be claimed by the ultimate vender on behalf of the consumer for sales made to farmers and to persons engaged in construction for agricultural purposes as defined in section 142.800. After December 31, 2000, the refund may be claimed only by the consumer and may not be claimed by the ultimate vender unless bulk sales of gasoline are made to a farmer after January 1, 2006, as provided in this subdivision and the farmer provides an exemption certificate to the ultimate vender, in which case the ultimate vender may make a claim for refund under section 142.824 but shall be liable for any erroneous refund;

(b) Removed by a licensed distributor for immediate export to a state for which all the applicable taxes and fees (however nominated in that state) of the destination state have been paid to the supplier, as a trustee, who is licensed to remit tax to the destination state; or which is destined for use within the destination state by the federal government for which an exemption has been made available by the destination state subject to procedural rules and regulations promulgated by the director; or

(c) Acquired by a licensed distributor and which the tax imposed by this chapter has previously been paid or accrued either as a result of being stored outside of the bulk transfer system immediately prior to loading or as a diversion across state boundaries properly reported in conformity with this chapter and was subsequently exported from this state on behalf of the distributor; The exemption pursuant to paragraph (a) of this subdivision shall be claimed by a deduction on the report of the supplier which is otherwise responsible for remitting the tax upon removal of the product from a terminal or refinery in this state. The exemption pursuant to paragraphs (b) and (c) of this subdivision shall be claimed by the distributor, upon a refund application made to the director within three years. A refund claim may be made monthly or whenever the claim exceeds one thousand dollars;

Exempt use of undyed kerosene shall be governed by rules and regulations of the director. If no rules or regulations are promulgated by the director, then the exempt use of undyed kerosene shall be governed by rules and regulations of the Internal Revenue Service. A distributor or supplier delivering to a retail facility shall obtain an exemption certificate from the owner or operator of such facility stating that its sales conform to the dispenser requirements of this subdivision. A licensed distributor, having obtained such certificate, may provide a copy to his or her supplier and obtain undyed

kerosene without the tax levied by section 142.803. Having obtained such certificate in good faith, such supplier shall be relieved of any responsibility if the fuel is later used in a taxable manner. An ultimate vendor who obtained undyed kerosene upon which the tax levied by section 142.803 had been paid and makes sales qualifying pursuant to this subsection may apply for a refund of the tax pursuant to application, as provided in section 142.818, to the director provided the ultimate vendor did not charge such tax to the consumer;

(5) **[**Motor fuel sold within an Indian reservation or within Indian country by a federally recognized Indian tribe to a member of that tribe and used in motor vehicles owned by a member of the tribe within Indian country. This exemption does not apply to sales within an Indian reservation or within Indian country by a federally recognized Indian tribe to non-Indian consumers or to Indian consumers who are not members of the tribe selling the motor fuel. This exemption shall be administered as provided in section 142.821;

The exemption for use pursuant to this subdivision shall be claimed by a refund claim filed by the consumer who shall provide evidence of an allocation of use satisfactory to the director;

[(7)**] (6)** Motor fuel acquired by a consumer out-of-state and carried into this state, retained within and consumed from the same vehicle fuel supply tank within which it was imported, except interstate motor fuel users;

[(8)**] (7)** Motor fuel which was purchased tax-paid and which was lost or destroyed as a direct result of a sudden and unexpected casualty or which had been accidentally contaminated so as to be unsalable as highway fuel as shown by proper documentation as required by the director. The exemption pursuant to this subdivision shall be refunded to the person or entity owning the motor fuel at the time of the contamination or loss. Such person shall notify the director in writing of such event and the amount of motor fuel lost or contaminated within ten

173.005. 1. There is hereby created a "Department of Higher Education", and the division of higher education of the department of education is abolished and all its powers, duties, functions, personnel and property are transferred as provided by the Reorganization Act of 1974, Appendix B, RSMo.

2. The commission on higher education is abolished and all its powers, duties, personnel and property are transferred by type I transfer to the "Coordinating Board for Higher Education", which is hereby created, and the coordinating board shall be the head of the department. The coordinating board shall consist of nine members appointed by the governor with the advice and consent of the senate, and not more than five of its members shall be of the same political party. None of the members shall be engaged professionally as an educator or educational administrator with a public or private institution of higher education at the time appointed or during his term. The other qualifications, terms and compensation of the coordinating board shall be the same as provided by law for the curators of the University of Missouri. The coordinating board may, in order to carry out the duties prescribed for it in subsections 1, 2, 3, 7, and 8 of this section, employ such professional, clerical and research personnel as may be necessary to assist it in performing those duties, but this staff shall not, in any fiscal year, exceed twenty-five full-time equivalent employees regardless of the source of funding. In addition to all other powers, duties and functions transferred to it, the coordinating board for higher education shall have the following duties and responsibilities:

(1) The coordinating board for higher education shall have approval of proposed new degree programs to be offered by the state institutions of higher education;

(2) The coordinating board for higher education may promote and encourage the development of cooperative agreements between Missouri public four-year institutions of higher education which do not offer graduate degrees and Missouri public four-year institutions of higher education which do offer graduate degrees for the purpose of offering graduate degree programs on campuses of those public four-year institutions of higher education which do not

otherwise offer graduate degrees. Such agreements shall identify the obligations and duties of the parties, including assignment of administrative responsibility. Any diploma awarded for graduate degrees under such a cooperative agreement shall include the names of both institutions inscribed thereon. Any cooperative agreement in place as of August 28, 2003, shall require no further approval from the coordinating board for higher education. Any costs incurred with respect to the administrative provisions of this subdivision may be paid from state funds allocated to the institution assigned the administrative authority for the program. The provisions of this subdivision shall not be construed to invalidate the provisions of subdivision (1) of this subsection;

(3) In consultation with the heads of the institutions of higher education affected and against a background of carefully collected data on enrollment, physical facilities, manpower needs, institutional missions, the coordinating board for higher education shall establish guidelines for appropriation requests by those institutions of higher education; however, other provisions of the Reorganization Act of 1974 notwithstanding, all funds shall be appropriated by the general assembly to the governing board of each public four-year institution of higher education which shall prepare expenditure budgets for the institution;

(4) No new state-supported senior colleges or residence centers shall be established except as provided by law and with approval of the coordinating board for higher education;

(5) The coordinating board for higher education shall establish admission guidelines consistent with institutional missions;

(6) The coordinating board shall establish policies and procedures for institutional decisions relating to the residence status of students;

(7) The coordinating board shall establish guidelines to promote and facilitate the transfer of students between institutions of higher education within the state and shall ensure that as of the 2008-09 academic year, in order to receive increases in state appropriations, all approved public two- and four-year public institutions shall work with the commissioner of higher education to establish agreed-upon competencies for all entry-level collegiate courses in English, mathematics, foreign language, sciences, and social sciences associated with an institution's general education core and that the coordinating board shall establish policies and procedures to ensure such courses are accepted in transfer among public institutions and treated as equivalent to similar courses at the receiving institutions. The department of elementary and secondary education shall align such competencies with the assessments found in section 160.518, RSMo, and successor assessments;

(8) The coordinating board shall collect the necessary information and develop comparable data for all institutions of higher education in the state.

The coordinating board shall use this information to delineate the areas of competence of each of these institutions and for any other purposes deemed appropriate by the coordinating board;

(9) Compliance with requests from the coordinating board for institutional information and the other powers, duties and responsibilities, herein assigned to the coordinating board, shall be a prerequisite to the receipt of any funds which the coordinating board is responsible for administering;

(10) If any institution of higher education in this state, public or private, willfully fails or refuses to follow any lawful guideline, policy or procedure established or prescribed by the coordinating board, or knowingly deviates from any such guideline, or knowingly acts without coordinating board approval where such approval is required, or willfully fails to comply with any other lawful order of the coordinating board, the coordinating board may, after a public hearing, withhold or direct to be withheld from that institution any funds the disbursement of which is subject to the control of the coordinating board, or may remove the approval of the institution as an approved institution within the meaning of section 173.1102. If any such public institution willfully disregards board policy, the commissioner of higher education may order such institution to remit a fine in an amount not to exceed one percent of the institution's current fiscal year state operating appropriation to the board. The board shall hold such funds until such time that the institution, as determined by the commissioner of higher education, corrects the violation, at which time the board shall refund such amount to the institution. If the commissioner determines that the institution has not redressed the violation within one year, the fine amount shall be deposited into the general revenue fund, unless the institution appeals such decision to the full coordinating board, which shall have the authority to make a binding and final decision, by means of a majority vote, regarding the matter. However, nothing in this section shall prevent any institution of higher education in this state from presenting additional budget requests or from explaining or further clarifying its budget requests to the governor or the general assembly; and

(11) (a) As used in this subdivision, the term "out-of-state public institution of higher education" shall mean an education institution located outside of Missouri that:

The rules shall ensure that, as of July 1, 2008, all out-of-state public institutions seeking to offer degrees and courses within the state of Missouri are evaluated in a manner similar to Missouri public higher education institutions. Such out-of-state public institutions shall be held to standards no lower than the standards established by the coordinating board for program approval and the policy guidelines of the coordinating board for data collection, cooperation, and resolution of disputes between Missouri institutions of higher education under this section. Any such out-of-state public institutions of higher education wishing to continue operating within this state must be approved by the board under the rules promulgated under this subdivision. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly under chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

197.318. 1. **[**The provisions of section 197.317 shall not apply to a residential care facility, assisted living facility, intermediate care facility or skilled nursing facility only where the department of social services has first determined that there presently exists a need for additional beds of that classification because the average occupancy of all licensed and available residential care facility, assisted living facility, intermediate care facility and skilled nursing facility beds exceeds ninety percent for at least four consecutive calendar quarters, in a particular county, and within a fifteen-mile radius of the proposed facility, and the facility otherwise appears to qualify for a certificate of need. The department's certification that there is no need for additional beds shall serve as the final determination and decision of the committee. In determining ninety percent occupancy, residential care facility and assisted living facility shall be one separate classification and intermediate care and skilled nursing facilities are another separate classification.

2. The Missouri health facilities review committee may, for any facility certified to it by the department, consider the predominant ethnic or religious composition of the residents to be served by that facility in considering whether to grant a certificate of need.

3. There shall be no expenditure minimum for facilities, beds, or services referred to in subdivisions (1), (2) and (3) of section 197.317. The provisions of this subsection shall expire January 1, 2003.

4.**]** As used in this section, the term "licensed and available" means beds which are actually in place and for which a license has been issued.

[5. The provisions of section 197.317 shall not apply to any facility where at least ninety-five percent of the patients require diets meeting the dietary standards defined by section 196.165, RSMo.

6.**] 2.** The committee shall review all letters of intent and applications for long-term care hospital beds meeting the requirements described in 42 CFR, Section 412.23(e) under its criteria and standards for long-term care beds.

[7.**]** **3.** Sections 197.300 to 197.366 shall not be construed to apply to litigation pending in state court on or before April 1, 1996, in which the Missouri health facilities review committee is a defendant in an action concerning the application of sections 197.300 to 197.366 to long-term care hospital beds meeting the requirements described in 42 CFR, Section 412.23(e).

[8.**]** **4.** Notwithstanding any other provision of this chapter to the contrary:

(1) A facility licensed pursuant to chapter 198, RSMo, may increase its licensed bed capacity by:

(a) Submitting a letter of intent to expand to the division of aging and the health facilities review committee;

(b) Certification from the division of aging that the facility:

a. Has no patient care class I deficiencies within the last eighteen months; and

b. Has maintained a ninety-percent average occupancy rate for the previous six quarters;

(c) Has made an effort to purchase beds for eighteen months following the date the letter of intent to expand is submitted pursuant to paragraph (a) of this subdivision. For purposes of this paragraph, an "effort to purchase" means a copy certified by the offeror as an offer to purchase beds from another licensed facility in the same licensure category; and

(d) If an agreement is reached by the selling and purchasing entities, the health facilities review committee shall issue a certificate of need for the expansion of the purchaser facility upon surrender of the seller's license; or

(e) If no agreement is reached by the selling and purchasing entities, the health facilities review committee shall permit an expansion for:

a. A facility with more than forty beds may expand its licensed bed capacity within the same licensure category by twenty-five percent or thirty beds, whichever is greater, if that same licensure category in such facility has experienced an average occupancy of ninety-three percent or greater over the previous six quarters;

b. A facility with fewer than forty beds may expand its licensed bed capacity within the same licensure category by twenty-five percent or ten beds, whichever is greater, if that same licensure category in such facility has experienced an average occupancy of ninety-two percent or greater over the previous six quarters;

c. A facility adding beds pursuant to subparagraphs a. or b. of this paragraph shall not expand by more than fifty percent of its then licensed bed capacity in the qualifying licensure category;

(2) Any beds sold shall, for five years from the date of relicensure by the purchaser, remain unlicensed and unused for any long-term care service in the selling facility, whether they do or do not require a license;

(3) The beds purchased shall, for two years from the date of purchase, remain in the bed inventory attributed to the selling facility and be considered by the department of social services as licensed and available for purposes of this section;

(4) Any residential care facility licensed pursuant to chapter 198, RSMo, may relocate any portion of such facility's current licensed beds to any other facility to be licensed within the same licensure category if both facilities are under the same licensure ownership or control, and are located within six miles of each other;

(5) A facility licensed pursuant to chapter 198, RSMo, may transfer or sell individual long-term care licensed beds to facilities qualifying pursuant to paragraphs (a) and (b) of subdivision (1) of this subsection. Any facility which transfers or sells licensed beds shall not expand its licensed bed capacity in that licensure category for a period of five years from the date the licensure is relinquished.

[9.**]** **5.** Any existing licensed and operating health care facility offering long-term care services may replace one-half of its licensed beds at the same site or a site not more than thirty miles from its current location if, for at least the most recent four consecutive calendar quarters, the facility operates only fifty percent of its then licensed capacity with every resident residing in a private room. In such case:

(1) The facility shall report to the division of aging vacant beds as unavailable for occupancy for at least the most recent four consecutive calendar quarters;

(2) The replacement beds shall be built to private room specifications and only used for single occupancy; and

(3) The existing facility and proposed facility shall have the same owner or owners, regardless of corporate or business structure, and such owner or owners shall stipulate in writing that the existing facility beds to be replaced will not later be used to provide long-term care services. If the facility is being operated under a lease, both the lessee and the owner of the existing facility shall stipulate the same in writing.

[10.**]** **6.** Nothing in this section shall prohibit a health care facility licensed pursuant to chapter 198, RSMo, from being replaced in its entirety within fifteen miles of its existing site so long as the existing facility and proposed or replacement facility have the same owner or owners regardless of corporate or business structure and the health care facility being replaced remains unlicensed and unused for any long-term care services whether they do or do not require a license from the date of licensure of the replacement facility.

197.366. The **[**provisions of subdivision (8) of section 197.305 to the contrary notwithstanding, after December 31, 2001, the**]** term "health care facilities" in sections 197.300 to 197.366 shall mean:

Such facilities shall be licensed in accordance with all other standards and regulations promulgated under sections 198.003 to 198.096. **[**The department shall survey all such facilities and shall prepare a report for submission to the general assembly on actions and standards necessary to bring such facilities into full compliance. The report shall be filed with the speaker of the house and the president pro tem of the senate by January 1, 1982.**]**

198.087. To ensure uniformity of application of regulation standards in long-term care facilities throughout the state, the department of social services shall:

(1) Evaluate the requirements for inspectors or surveyors of facilities, including the eligibility, training and testing requirements for the position. Based on the evaluation, the department shall develop and implement additional training and knowledge standards for inspectors and surveyors;

(2) Periodically evaluate the performance of the inspectors or surveyors regionally and statewide to identify any deviations or inconsistencies in regulation application. At a minimum, the Missouri on-site surveyor evaluation process, and the number and type of actions overturned by the informal dispute resolution process and formal appeal shall be used in the evaluation. Based on such evaluation, the department shall develop standards and a retraining process for the region, state, or individual inspector or surveyor, as needed;

(3) In addition to the provisions of subdivisions (1) and (2) of this section, the department shall develop a single uniform comprehensive and mandatory course of instruction for inspectors/surveyors on the practical application of enforcement of statutes, rules and regulations. Such course shall also be open to attendance by administrators and staff of facilities licensed pursuant to this chapter;

(4) With the full cooperation of and in conjunction with the department of health and senior services, evaluate the implementation and compliance of the provisions of subdivision (3) of subsection 1 of section 198.012 in which rules, requirements, regulations and standards

pursuant to section 197.080, RSMo, for assisted living facilities, intermediate care facilities and skilled nursing facilities attached to an acute care hospital are consistent with the intent of this chapter. **[**A report of the differences found in the evaluation conducted pursuant to this subdivision shall be made jointly by the departments of social services and health and senior services to the governor and members of the general assembly by January 1, 2008**]**; and

(5) With the full cooperation and in conjunction with the department of health and senior services, develop rules and regulations requiring the exchange of information, including regulatory violations, between the departments to ensure the protection of individuals who are served by health care providers regulated by either the department of health and senior services or the department of social services.

All federal moneys received by the state of Missouri from the National Historic Preservation Act of 1966, Public Law 89-665, shall be deposited in the fund.

3. Moneys deposited in the fund shall, upon appropriation by the general assembly to the department of natural resources, be received and expended by the department of natural resources for the purpose of assuring preservation and protection of sites listed on the National Register of Historic Places, with private citizens, societies, associations, corporations, municipalities and state and federal agencies.

4. Any unexpended balance in the national historic preservation fund at the end of any appropriation period shall not be transferred to the general revenue fund of the state treasury and, accordingly, shall be exempt from the provisions of section 33.080, RSMo, relating to transfer of funds to the general revenue funds of the state by the state treasurer.**]**

260.370. 1. Where proven technology is available and the economic impact is reasonable, pursuant to rules and regulations promulgated by the commission, the hazardous

waste management commission shall encourage that every effort is made to effectively treat, recycle, detoxify, incinerate or otherwise treat hazardous waste to be disposed of in the state of Missouri in order that such wastes are not disposed of in a manner which is hazardous to the public health and the environment. Where proven technology is available with respect to a specific hazardous waste and the economic impact is reasonable, pursuant to rules and regulations promulgated by the commission, the hazardous waste management commission shall direct that disposal of the specific hazardous wastes using land filling as the primary method is prohibited.

2. The hazardous waste management commission shall, by rules and regulations, categorize hazardous waste by taking into account toxicity, persistence and degradability in nature, potential for accumulation in tissue, and other related factors such as flammability, corrosiveness and other hazardous characteristics. The commission shall by rules and regulations further establish within each category the wastes which may or may not be disposed of through alternative hazardous waste management technologies including, but not limited to, treatment facilities, incinerators, landfills, landfarms, storage facilities, surface impoundments, recycling, reuse and reduction. The commission shall specify, by rule and regulation, the frequency of inspection for each method of hazardous waste management and for the different waste categories at hazardous waste management sites. The inspection may be daily when the hazardous waste management commission deems it necessary. The hazardous waste management commission shall specify, by rule, fees to be paid to the department by owners or operators of hazardous waste facilities who have obtained, or are required to obtain, a hazardous waste facility permit and who accept, on a commercial basis for remuneration, hazardous waste from off-site sources, but not including wastes generated by the same person at other sites located in Missouri or within a metropolitan statistical area located partially in Missouri and owned or operated by the same person and transferred to the hazardous waste facility, for treatment, storage or disposal, for inspections conducted by the department to determine compliance with sections 260.350 to 260.430 and the regulations promulgated thereunder. Funds derived from these inspection fees shall be used for the purpose of funding the inspection of hazardous waste facilities, as specified in subsection 3 of section 260.391. Such fees shall not exceed twelve thousand dollars per year per facility and the commission shall establish a graduated fee scale based on the volume of hazardous waste accepted with reduced fees for facilities accepting smaller volumes of hazardous waste. The department shall furnish, upon request, to the person, firm or corporation operating the hazardous waste facility a complete, full and detailed accounting of the cost of the department's inspections of the facility for the twelve-month period immediately preceding the request within forty-five days after receipt of

the request. Failure to provide the accounting within forty-five days shall require the department to refund the inspection fee paid during the twelve-month-time period.

3. In addition to any other powers vested in it by law, the commission shall have the following powers:

(1) From time to time adopt, amend or repeal, after due notice and public hearing, standards, rules and regulations to implement, enforce and carry out the provisions of sections 260.350 to 260.430 and any required of this state by any federal hazardous waste management act and as the commission may deem necessary to provide for the safe management of hazardous wastes to protect the health of humans and the environment. In implementing this subsection, the commission shall consider the variations within this state in climate, geology, population density, quantities and types of hazardous wastes generated, availability of hazardous waste facilities and such other factors as may be relevant to the safe management of hazardous wastes. Within two years after September 28, 1977, the commission shall adopt rules and regulations including the following:

(a) Rules and regulations establishing criteria and a listing for the determination of whether any waste or combination of wastes is hazardous for the purposes of sections 260.350 to 260.430, taking into account toxicity, persistence and degradability in nature, potential for accumulation in tissue, and other related factors such as flammability, corrosiveness and other hazardous characteristics;

(b) Rules and regulations for the storage, treatment and disposal of hazardous wastes;

(c) Rules and regulations for the transportation, containerization and labeling of hazardous wastes, which shall be consistent with those issued by the Missouri public service commission;

(d) Rules and regulations establishing standards for the issuance, modification, suspension, revocation or denial of such licenses and permits as are consistent with the purposes of sections 260.350 to 260.430;

(e) Rules and regulations establishing standards and procedures for the safe operation and maintenance of hazardous waste facilities in order to protect the health of humans and other living organisms;

(f) Rules and regulations listing those wastes or combinations of wastes, for which criteria have been established under paragraph (a) of this subdivision and which are not compatible and which may not be stored or disposed of together;

(g) Rules and regulations establishing procedures and requirements for the reporting of the generation, storage, transportation, treatment or disposal of hazardous wastes;

(2) Adopt and publish, after notice as required by the provisions of chapter 536, RSMo, pertaining to administrative rulemaking, and public hearing, a state hazardous waste management

plan to provide for the safe and effective management of hazardous wastes within this state. This plan shall be adopted within two years after September 28, 1977, and revised at least once every five years thereafter;

(3) Hold hearings, issue notices of hearings and subpoenas requiring the attendance of witnesses and the production of evidence, administer oaths and take testimony as the commission deems necessary to accomplish the purposes of sections 260.350 to 260.430 or as required by any federal hazardous waste management act. Unless otherwise specified in sections 260.350 to 260.430, any of these powers may be exercised on behalf of the commission by any members thereof or a hearing officer designated by it;

(4) Grant individual variances in accordance with the provisions of sections 260.350 to 260.430;

(5) Make such orders as are necessary to implement, enforce and effectuate the powers, duties and purposes of sections 260.350 to 260.430.

4. No rule or portion of a rule promulgated under the authority of sections 260.350 to 260.480 and sections 260.565 to 260.575 shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.

5. To the extent there is a conflict concerning authority for risk-based remediation rules between this section and section 644.143, RSMo, or subdivision (8) of section 644.026, RSMo, this section shall prevail.

[6. Beginning July 1, 2004, a joint committee appointed by the speaker of the house of representatives and the president pro tem of the senate shall consider proposals for restructuring the fees paid by hazardous waste generators and hazardous waste facilities. The committee shall consider options for expanding the fee structure to more fairly apportion the cost of services provided among all those that benefit from those services. The committee shall prepare and submit a report including its recommendation for changes to the governor, the house of representatives, and the senate no later than December 31, 2004.**]**

288.090. 1. Contributions shall accrue and become payable by each employer for each calendar year in which he is subject to this law. Such contributions shall become due and be paid by each employer to the division for the fund on or before the last day of the month following each calendar quarterly period of three months except when regulation requires monthly payment. Any employer upon application, or pursuant to a general or special regulation, may be granted an extension of time, not exceeding three months, for the making of his or her quarterly contribution and wage reports or for the payment of such contributions. Payment of contributions due shall be made to the treasurer designated pursuant to section 288.290.

(1) In the payment of any contributions due, a fractional part of a cent shall be disregarded unless it amounts to one-half cent or more, in which case it shall be increased to one cent;

(2) Contributions shall not be deducted in whole or in part from the wages of individuals in employment.

2. As of June thirtieth of each year, the division shall establish an average industry contribution rate for the next succeeding calendar year for each of the industrial classification divisions listed in the industrial classification system established by the federal government. The average industry contribution rate for each standard industrial classification division shall be computed by multiplying total taxable wages paid by each employer in the industrial classification division during the twelve consecutive months ending on June thirtieth by the employer's contribution rate established for the next calendar year and dividing the aggregate product for all employers in the industrial classification division by the total of taxable wages paid by all employers in the industrial classification division during the twelve consecutive months ending on June thirtieth. Each employer will be assigned to an industrial classification code division as determined by the division in accordance with the definitions contained in the industrial classification system established by the federal government, and shall pay contributions at the average industry rate established for the preceding calendar year for the industrial classification division to which it is assigned or two and seven-tenths percent of taxable wages paid by it, whichever is the greater, unless there have been at least twelve consecutive calendar months immediately preceding the calculation date throughout which its account could have been charged with benefits. The division shall classify all employers meeting this chargeability requirement for each calendar year in accordance with their actual experience in the payment of contributions on their own behalf and with respect to benefits charged against their accounts, with a view to fixing such contribution rates as will reflect such experience. The division shall determine the contribution rate of each such employer in accordance with sections 288.113 to 288.126. Notwithstanding the provisions of this subsection, any employing unit which becomes an employer pursuant to the provisions of subsection 7 or 8 of section 288.034 shall pay contributions equal to one percent of wages paid by it until its account has been chargeable with benefits for the period of time sufficient to enable it to qualify for a computed rate on the same basis as other employers.

3. Benefits paid to employees of any governmental entity and nonprofit organizations shall be financed in accordance with the provisions of this subsection. For the purpose of this subsection, a "nonprofit organization" is an organization (or group of organizations) described in Section 501(c)(3) of the United States Internal Revenue Code which is exempt from income tax under Section 501(a) of such code.

(1) A governmental entity which, pursuant to subsection 7 of section 288.034, or nonprofit organization which, pursuant to subsection 8 of section 288.034, is, or becomes, subject to this law on or after April 27, 1972, shall pay contributions due under the provisions of subsections 1 and 2 of this section unless it elects, in accordance with this subdivision, to pay to the division for the unemployment compensation fund an amount equal to the amount of regular benefits and of one-half of the extended benefits paid, that is attributable to service in the employ of such governmental entity or nonprofit organization, to individuals for weeks of unemployment which begin during the effective period of such election; except that, with respect to benefits paid for weeks of unemployment beginning on or after January 1, 1979, any such election by a governmental entity shall be to pay to the division for the unemployment compensation fund an amount equal to the amount of all regular benefits and all extended benefits paid that is attributable to service in the employ of such governmental entity.

(a) A governmental entity or nonprofit organization which is, or becomes, subject to this law on or after April 27, 1972, may elect to become liable for payments in lieu of contributions for a period of not less than one calendar year, provided it files with the division a written notice of its election within the thirty-day period immediately following the date of the determination of such subjectivity. The provisions of paragraphs (a) through (e) of subdivision (4) of subsection 1 of section 288.100 shall not apply in the calendar year 1998 and each calendar year thereafter, in the case of an employer who has elected to become liable for payments in lieu of contributions.

(b) A governmental entity or nonprofit organization which makes an election in accordance with paragraph (a) of this subdivision will continue to be liable for payments in lieu of contributions until it files with the division a written notice terminating its election not later than thirty days prior to the beginning of the calendar year for which such termination shall first be effective.

(c) A governmental entity or any nonprofit organization which has been paying contributions under this law for a period subsequent to January 1, 1972, may change to a reimbursable basis by filing with the division not later than thirty days prior to the beginning of any calendar year a written notice of election to become liable for payments in lieu of contributions. Such election shall not be terminable by the organization for that and the next calendar year.

(d) The division, in accordance with such regulations as may be adopted, shall notify each governmental entity or nonprofit organization of any determination of its status of an employer and of the effective date of any election which it makes and of any termination of such election. Such determination shall be subject to appeal as is provided in subsection 4 of section 288.130.

(2) Payments in lieu of contributions shall be made in accordance with the provisions of paragraph (a) of this subdivision, as follows:

(a) At the end of each calendar quarter, or at the end of any other period as determined by the director, the division shall bill the governmental entity or nonprofit organization (or group of such organizations) which has elected to make payments in lieu of contributions for an amount equal to the full amount of regular benefits plus one-half of the amount of extended benefits paid during such quarter or other prescribed period that is attributable to service in the employ of such organization; except that, with respect to extended benefits paid for weeks of unemployment beginning on or after January 1, 1979, which are attributable to service in the employ of a governmental entity, the governmental entity shall be billed for the full amount of such extended benefits.

(b) Payment of any bill rendered under paragraph (a) of this subdivision shall be due and shall be made not later than thirty days after such bill was mailed to the last known address of the governmental entity or nonprofit organization or was otherwise delivered to it.

(c) Payments made by the governmental entity or nonprofit organization under the provisions of this subsection shall not be deducted or deductible, in whole or in part, from the remuneration of individuals in the employ of the organization.

(d) Past due payments of amounts in lieu of contributions shall be subject to the same interest and penalties that apply to past due contributions. Also, unpaid amounts in lieu of contributions, interest, penalties and surcharges are subject to the same assessment, civil action and compromise provisions of this law as apply to unpaid contributions. Further, the provisions of this law which provide for the adjustment or refund of contributions shall apply to the adjustment or refund of payments in lieu of contributions.

(3) If any governmental entity or nonprofit organization fails to timely file a required quarterly wage report, the division shall assess such entity or organization a penalty as provided in subsections 1 and 2 of section 288.160.

(4) Except as provided in subsection 4 of this section, each employer that is liable for payments in lieu of contributions shall pay to the division for the fund the amount of regular benefits plus the amount of one-half of extended benefits paid that are attributable to service in the employ of such employer; except that, with respect to benefits paid for weeks of unemployment beginning on or after January 1, 1979, a governmental entity that is liable for payments in lieu of contributions shall pay to the division for the fund the amount of all regular benefits and all extended benefits paid that are attributable to service in the employ of such employer. If benefits paid to an individual are based on wages paid by more than one employer in the base period of the claim, the amount chargeable to each employer shall be obtained by

multiplying the benefits paid by a ratio obtained by dividing the base period wages from such employer by the total wages appearing in the base period.

(5) Two or more employers that have become liable for payments in lieu of contributions, in accordance with the provisions of subdivision (1) of this subsection, may file a joint application to the division for the establishment of a group account for the purpose of sharing the cost of benefits paid that are attributable to service in the employ of such employers. Each such application shall identify and authorize a group representative to act as the group's agent for the purposes of this subdivision. Upon approval of the application, the division shall establish a group account for such employers effective as of the beginning of the calendar quarter in which the application was received and shall notify the group's representative of the effective date of the account. Such account shall remain in effect for not less than two years and thereafter until terminated at the discretion of the director or upon application by the group. [11.**] 6.** (1) For the purposes of this chapter, a common paymaster arrangement will not exist unless approval has been obtained from the division. To receive a division-approved common paymaster arrangement, the related corporation designated to be the common paymaster for the related corporations must notify the division in writing at least thirty days prior to the beginning of the quarter in which the common paymaster reporting is to be effective. The common paymaster shall furnish the name and account number of each corporation in the related group that will be utilizing the one corporation as the common paymaster. The common paymaster shall also notify the division at least thirty days prior to any change in the related group of corporations or termination of the common paymaster arrangement. The common paymaster shall be responsible for keeping books and records for the payroll with respect to its own employees and the concurrently employed individuals of the related corporations. In order for remuneration to be eligible for the provisions applicable to a common paymaster, the individuals must be concurrently employed and the remuneration must be disbursed through the common paymaster. The common paymaster shall have the primary responsibility for remitting all required quarterly contribution and wage reports, contributions due with respect to the remuneration it disburses as the common paymaster and/or payments in lieu of contributions. The common paymaster shall compute the contributions due as though it were the sole employer of the concurrently employed individuals. If the common paymaster fails to remit the quarterly contribution and wage reports, contributions due and/or payments in lieu of contributions, in whole or in part, it shall remain liable for submitting the quarterly contribution and wage reports and the full amount of the unpaid portion of the contributions due and/or payments in lieu of contributions. In addition, each of the related corporations using the common paymaster shall be jointly and severally liable for submitting quarterly contribution and wage reports, its share of the contributions due and/or payments in lieu of contributions, penalties, interest and surcharges which are not submitted and/or paid by the common paymaster. All contributions due, payments in lieu of contributions, penalties, interest and surcharges which are not timely

paid to the division under a common paymaster arrangement shall be subject to the collection provisions of this chapter.

(2) For the purposes of this subsection, "concurrent employment" means the simultaneous existence of an employment relationship between an individual and two or more related corporations for any calendar quarter in which employees are compensated through a common paymaster which is one of the related corporations, those corporations shall be considered one employing unit and be subject to the provisions of this chapter.

(3) For the purposes of this subsection, "related corporations" means that corporations shall be considered related corporations for an entire calendar quarter if they satisfy any one of the following tests at any time during the calendar quarter:

(a) The corporations are members of a "controlled group of corporations". The term "controlled group of corporations" means:

a. Two or more corporations connected through stock ownership with a common parent corporation, if the parent corporation owns stock possessing at least fifty percent of the total combined voting power of all classes of stock entitled to vote or at least fifty percent of the total value of shares of all classes of stock of each of the other corporations; or

b. Two or more corporations, if five or less persons who are individuals, estates or trusts own stock possessing at least fifty percent of the total combined voting power of all classes of stock entitled to vote or at least fifty percent of the total value of shares of all classes of stock of each of the other corporations; or

(b) In the case of corporations which do not issue stock, at least fifty percent of the members of one corporation's board of directors are members of the board of directors of the other corporations; or

(c) At least fifty percent of one corporation's officers are concurrently officers of the other corporations; or

(d) At least thirty percent of one corporation's employees are concurrently employees of the other corporations.

The affidavit need not be notarized, but it shall be acknowledged by the person processing the form. The affidavit shall state clearly and in bold print the following: "Any false affidavit is a crime under section 575.050 of Missouri law.". In addition, every motor vehicle owner shall show proof of such financial responsibility by presenting his or her insurance identification card, as described in section 303.024, or a copy thereof, or some other proof of financial responsibility in the form prescribed by the director of revenue at the time of registration unless such owner registers his vehicle in conjunction with a reciprocity agreement entered into by the Missouri highway reciprocity commission pursuant to sections 301.271 to 301.279, RSMo, or unless the owner insures the vehicle according to the requirements of the division of motor carrier and railroad safety pursuant to section 390.126, RSMo.

3. To ensure compliance with this chapter, the director may utilize a variety of sampling techniques including but not limited to random samples of registrations subject to this section, uniform traffic tickets, insurance information provided to the director at the time of motor vehicle registration, and persons who during the preceding year have received a disposition of court-ordered supervision or suspension. The director may verify the financial responsibility of any person sampled or reported.

(1) Beginning January 1, 2001, the director may require such information, as in his or her discretion is necessary to enforce the requirements of subdivision (1) of subsection 1 of this section, to be submitted from the person's insurer or insurance company. When requested by the director of revenue, all licensed insurance companies in this state which sell private passenger (noncommercial) motor vehicle insurance policies shall report information regarding the issuance, nonrenewal and cancellation of such policies to the director, excluding policies issued to owners of fleet or rental vehicles or issued on vehicles that are insured pursuant to a commercial line policy. Such information shall be reported electronically in a format as prescribed by the director of the department of revenue by rule except that such rule shall provide

for an exemption from electronic reporting for insurers with a statistically insignificant number of policies in force.

(2) **[**The director may require the data described in subsection 2 of section 303.412 to be reported by insurance companies and require reporting periods of at least once per month.**]** When required by the director of revenue, each insurance company shall provide to the department a record of each policy issued, canceled, terminated or revoked during the period since the previous report. Nothing in this section shall prohibit insurance companies from reporting more frequently than once per month.

(3) The director may use reports described in subdivision (1) of this subsection for sampling purposes as provided in this section.

4. Information provided to the department by an insurance company for use in accordance with this section is the property of the insurer and is not subject to disclosure pursuant to chapter 610, RSMo. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are

subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2000, shall be invalid and void.

6. Any person or agency who knowingly discloses information received from insurance companies pursuant to this section for any purpose, or to a person, other than those authorized in this section is guilty of a class A misdemeanor. No insurer shall be liable to any person for performing its duties pursuant to this section unless and to the extent the insurer commits a willful and wanton act of omission.

7. The department of revenue shall notify the department of insurance, financial institutions and professional registration of any insurer who violates any provisions of this section. The department of insurance, financial institutions and professional registration may, against any insurer who knowingly fails to comply with this section, assess an administrative penalty up to five hundred dollars per day of noncompliance. The department of insurance, financial institutions and professional registration may excuse the administrative penalty if an assessed insurer provides acceptable proof that such insurer's noncompliance was inadvertent, accidental or the result of excusable neglect. The penalty provisions of this section shall become effective six months after the rule issued pursuant to subsections 3 and 5 of this section is published in the code of state regulations.

8. To verify that financial responsibility is being maintained, the director shall notify the owner or operator of the need to provide, within fifteen days, proof of the existence of the required financial responsibility.

The request shall require the owner or the operator to state whether or not the motor vehicle was insured on the verification date stated in the director's request. The request may include but not be limited to a statement of the names and addresses of insurers, policy numbers and expiration date of insurance coverage. Failure to provide such information shall result in the suspension of the registration of the owner's motor vehicle, and where applicable, the owner's or the operator's driving privilege, for failing to meet such requirements, as is provided in this chapter.

This section shall not apply to any reinsurance, group annuity purchased under a retirement plan or plan of deferred compensation established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended, premium deposit fund, variable annuity, investment annuity, immediate annuity, any deferred annuity contract after annuity payments have commenced, or reversionary annuity, nor to any contract which shall be delivered outside this state through an agent or other representative of the company issuing the contract.

2. In the case of contracts issued on or after the operative date of this section as defined in subsection 11 of this section, no contract of annuity, except as stated in subsection 1 of this section, shall be delivered or issued for delivery in this state unless it contains in substance the following provisions, or corresponding provisions which in the opinion of the director are at least as favorable to the contractholder, upon cessation of payment of considerations under the contract:

(1) That upon cessation of payment of considerations under a contract, the company will grant a paid-up annuity benefit on a plan stipulated in the contract of such value as is specified in subsections 4, 5, 6, 7, and 9 of this section;

(2) If a contract provides for a lump sum settlement at maturity, or at any other time, that upon surrender of the contract at or prior to the commencement of any annuity payments, the company will pay in lieu of any paid-up annuity benefit a cash surrender benefit of such amount as is specified in subsections 4, 5, 7, and 9 of this section. The company shall reserve the right to defer the payment of such cash surrender benefit for a period of six months after demand therefor with surrender of the contract;

(3) A statement of the mortality table, if any, and interest rates used in calculating any minimum paid-up annuity, cash surrender or death benefits that are guaranteed under the contract, together with sufficient information to determine the amounts of such benefits;

(4) A statement that any paid-up annuity, cash surrender or death benefits that may be available under the contract are not less than the minimum benefits required by any statute of the state in which the contract is delivered and an explanation of the manner in which such benefits

are altered by the existence of any additional amounts credited by the company to the contract, any indebtedness to the company on the contract or any prior withdrawals from or partial surrenders of the contract. Notwithstanding the requirements of this section, any deferred annuity contract may provide that if no considerations have been received under a contract for a period of two full years and the portion of the paid-up annuity benefit at maturity on the plan stipulated in the contract arising from considerations paid prior to such period would be less than twenty dollars monthly, the company may at its option terminate such contract by payment in cash of the then present value of such portion of the paid-up annuity benefit, calculated on the basis of the mortality table, if any, and interest rate specified in the contract for determining the paid-up annuity benefit, and by such payment shall be relieved of any further obligation under such contract.

3. The minimum values as specified in subsections 4, 5, 6, 7, and 9 of this section of any paid-up annuity, cash surrender or death benefits available under an annuity contract shall be based upon minimum nonforfeiture amounts as defined in this section.

(1) With respect to contracts providing for flexible considerations, the minimum nonforfeiture amount at any time at or prior to the commencement of any annuity payment shall be equal to an accumulation up to such time at a rate of interest of three percent per annum of percentages of the net considerations (as hereinafter defined) paid prior to such time, decreased by the sum of:

(a) Any prior withdrawals from or partial surrenders of the contract accumulated at a rate of interest of three percent per annum; and

(b) The amount of any indebtedness to the company on the contract, including interest due and accrued and increased by any existing additional amounts credited by the company to the contract. The net considerations for a given contract year used to define the minimum nonforfeiture amount shall be an amount not less than zero and shall be equal to the corresponding gross considerations credited to the contract during that contract year less an annual contract charge of thirty dollars and less a collection charge of one dollar and twenty-five cents per consideration credited to the contract during that contract year. The percentages of net considerations shall be sixty-five percent of the net consideration for the first contract year and eighty-seven and one-half percent of the net considerations for the second and later contract years. Notwithstanding the provisions of the preceding sentence, the percentage shall be sixty-five percent of the portion of the total net consideration for any renewal contract year which exceeds by not more than two times the sum of those portions of the net considerations in all prior contract years for which the percentage was sixty-five percent;

(2) With respect to contracts providing for fixed scheduled considerations, minimum nonforfeiture amounts shall be calculated on the assumption that considerations are paid annually

in advance and shall be defined as for contracts with flexible considerations which are paid annually with two exceptions:

(a) The portion of the net consideration for the first contract year to be accumulated shall be the sum of sixty-five percent of the net consideration for the first contract year plus twenty-two and one-half percent of the excess of the net consideration for the first contract year over the lesser of the net considerations for the second and third contract years;

(b) The annual contract charge shall be the lesser of thirty dollars or ten percent of the gross annual consideration;

(3) With respect to contracts providing for a single consideration, minimum nonforfeiture amounts shall be defined as for contracts with flexible considerations except that the percentage of net consideration used to determine the minimum nonforfeiture amount shall be equal to ninety percent, and the net consideration shall be the gross consideration less a contract charge of seventy-five dollars;

(4) Notwithstanding any other provision of this subsection, for any contract issued on or after July 1, 2002, and before July 1, 2006, the interest rate at which net considerations, prior withdrawals, and partial surrenders shall be accumulated, for the purpose of determining minimum nonforfeiture amounts, shall be one and one-half percent per annum.

4. Any paid-up annuity benefit available under a contract shall be such that its present value on the date annuity payments are to commence is at least equal to the minimum nonforfeiture amount on that date. Such present value shall be computed using the mortality table, if any, and the interest rate specified in the contract for determining the minimum paid-up annuity benefits guaranteed in the contract.

5. For contracts which provide cash surrender benefits, such cash surrender benefits available prior to maturity shall not be less than the present value as of the date of surrender of that portion of the maturity value of the paid-up annuity benefit which would be provided under the contract at maturity arising from considerations paid prior to the time of cash surrender reduced by the amount appropriate to reflect any prior withdrawals from or partial surrenders of the contract, such present value being calculated on the basis of an interest rate not more than one percent higher than the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, decreased by the amount of any indebtedness to the company on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the company to the contract. In no event shall any cash surrender benefit be less than the minimum nonforfeiture amount at that time. The death benefit under such contracts shall be at least equal to the cash surrender benefit.

6. For contracts which do not provide cash surrender benefits, the present value of any paid-up annuity benefit available as a nonforfeiture option at any time prior to maturity shall not

be less than the present value of that portion of the maturity value of the paid-up annuity benefit provided under the contract arising from considerations paid prior to the time the contract is surrendered in exchange for, or changed to, a deferred paid-up annuity, such present value being calculated for the period prior to the maturity date on the basis of the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, and increased by any existing additional amounts credited by the company to the contract. For contracts which do not provide any death benefits prior to the commencement of any annuity payments, such present values shall be calculated on the basis of such interest rate and the mortality table specified in the contract for determining the maturity value of the paid-up annuity benefit. However, in no event shall the present value of a paid-up annuity benefit be less than the minimum nonforfeiture amount at that time.

7. For the purpose of determining the benefits calculated under subsections 5 and 6 of this section, in the case of annuity contracts under which an election may be made to have annuity payments commence at optional maturity date, the maturity date shall be deemed to be the latest date for which election shall be permitted by the contract, but shall not be deemed to be later than the anniversary of the contract next following the annuitant's seventieth birthday or the tenth anniversary of the contract, whichever is later.

8. Any contract which does not provide cash surrender benefits or does not provide death benefits at least equal to the minimum nonforfeiture amount prior to the commencement of any annuity payments shall include a statement in a prominent place in the contract that such benefits are not provided.

9. Any paid-up annuity, cash surrender or death benefits available at any time, other than on the contract anniversary under any contract with fixed scheduled considerations, shall be calculated with allowance for the lapse of time and the payment of any scheduled considerations beyond the beginning of the contract year in which cessation of payment of considerations under the contract occurs.

10. For any contract which provides, within the same contract by rider or supplemental contract provision, both annuity benefits and life insurance benefits that are in excess of the greater of cash surrender benefits or a return of the gross considerations with interest, the minimum nonforfeiture benefits shall be equal to the sum of the minimum nonforfeiture benefits for the annuity portion and the minimum nonforfeiture benefits, if any, for the life insurance portion computed as if each portion were a separate contract. Notwithstanding the provisions of subsections 4, 5, 6, 7, and 9 of this section, additional benefits payable in the event of total and permanent disability, as reversionary annuity or deferred reversionary annuity benefits, or as other policy benefits additional to life insurance, endowment and annuity benefits, and considerations for all such additional benefits, shall be disregarded in ascertaining the minimum

nonforfeiture amounts, paid-up annuity, cash surrender and death benefits that may be required by this section. The inclusion of such additional benefits shall not be required in any paid-up benefits, unless such additional benefits separately would require minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits.

11. After September 28, 1979, any company may file with the director a written notice of its election to comply with the provisions of this section after a specified date before September 28, 1981. After the filing of such notice, then upon such specified date, which shall be the operative date of this section for such company, this section shall become operative with respect to annuity contracts thereafter issued by such company. If a company makes no such election, the operative date of this section for such company shall be September 28, 1981.

12. The provisions of this section shall **[**expire on**] not apply to any new contract entered into after** July 1, 2006.

488.5345. In case of any prisoner confined in any jail in this state on a charge of felony being in want of needful and necessary clothing, it shall be the duty of the jailer to procure the same, and to present his or her account therefor to the court having criminal jurisdiction for the county; and on such court being satisfied of the correctness of such account, shall certify the same for payment **[**as provided in section 221.140, RSMo,**]** as other costs in criminal cases, to the state **[**auditor**]**.

537.675. 1. As used in sections 537.675 through 537.693, the following terms mean:

(5)**]** "Punitive damage final judgment", an award for punitive damages excluding interest that is no longer subject to review by courts of this state or of the United States;

[(6)**] (5)** "Uncompensated tort victim", a person who:

(a) Is a party in a personal injury or wrongful death lawsuit; or is a tort victim whose claim against the tort-feasor has been settled for the policy limits of insurance covering the liability of such tort-feasor and such policy limits are inadequate in light of the nature and extent of damages due to the personal injury or wrongful death;

(b) Unless described in paragraph (a) of this subdivision:

a. Has obtained a final monetary judgment in that lawsuit described in paragraph (a) of this subdivision against a tort-feasor for personal injuries, or wrongful death in a case in which all appeals are final;

b. Has exercised due diligence in enforcing the judgment; and

c. Has not collected the full amount of the judgment;

(c) Is not a corporation, company, partnership or other incorporated or unincorporated commercial entity;

(d) Is not any entity claiming a right of subrogation;

2. There is created the "Tort Victims' Compensation Fund". Unexpended moneys in the fund shall not lapse at the end of the biennium as provided in section 33.080, RSMo.

3. Any party receiving a judgment final for purposes of appeal for punitive damages in any case filed in any division of any circuit court of the state of Missouri shall notify the attorney general of the state of Missouri of such award, except for actions claiming improper health care pursuant to chapter 538, RSMo. The state of Missouri shall have a lien for deposit into the tort victims' compensation fund to the extent of fifty percent of the punitive damage final judgment which shall attach in any such case after deducting attorney's fees and expenses. In each case, the attorney general shall serve a lien notice by certified mail or registered mail upon the party or parties against whom the state has a claim for collection of its share of a punitive damage final judgment. On a petition filed by the state, the court, on written notice to all interested parties, shall adjudicate the rights of the parties and enforce the lien. The lien shall not be satisfied out of any recovery until the attorney's claim for fees and expenses is paid. The state can file its lien in all cases where punitive damages are awarded upon the entry of the judgment final for purposes of appeal. The state cannot enforce its lien until there is a punitive damage final judgment. Cases resolved by arbitration, mediation or compromise settlement prior to a punitive damage final judgment are exempt from the provisions of this section. Nothing in this section shall hinder or in any way affect the right or ability of the parties to any claim or lawsuit to compromise or settle such claim or litigation on any terms and at any time the parties desire.

4. The state of Missouri shall have no interest in or right to intervene at any stage of any judicial proceeding pursuant to this section, except to enforce its lien rights as provided in subsection 3 of this section.

5. Twenty-six percent of all payments deposited into the tort victims' compensation fund**[**,**]** **and** all interest accruing on the principal regardless of source or designation**[**, and any moneys remaining in the legal services for low-income people fund as of August 28, 2008,**]** shall be transferred to the basic civil legal services fund established in section 477.650, RSMo. Moneys in the tort victims' compensation fund shall not be used to pay any portion of a refund mandated by article X, section 18 of the constitution.

537.684. 1. A claim for compensation may be filed by a person eligible for compensation or, if the person is an incapacitated or disabled person, or a minor, by the person's spouse, parent, conservator or guardian.

2. A claim shall be filed not later than two years after the judgment upon which it is based becomes final and all appeals are final**[**, except with regard to the initial claims period**]**. If there is no judgment, claims must be filed within time limits prescribed pursuant to section 516.120, RSMo, except for cases resulting in death, in which case claims must be filed within time limits prescribed pursuant to section 537.100**[**, except with regard to the initial claims period. With regard to the initial claims period, any claim may be filed that is based upon a judgment that is not expired or that is based upon a claim not reduced to judgment for a reason allowed by subsection 2 of section 537.678, and which would not be barred by the applicable statute of limitations if the tort-feasor could be served with process or had not taken bankruptcy**]**.

3. Each claim shall be filed in person or by mail. The division shall investigate such claim prior to the opening of formal proceedings. The director of the division shall assign an administrative law judge, associate administrative law judge or legal advisor within the division to hear any claim for compensation filed. The claimant shall be notified of the date and time of any hearing on the claim. In determining the amount of compensation for which a claimant is eligible, the division shall:

(1) Consider the facts stated on the application filed pursuant to section 537.678;

(2) Obtain a copy of the final judgment, if any, from the appropriate court;

(3) Determine the amount of the loss to the claimant, or the victim's survivors or dependents; and

(4) If there is no final judgment, determine the degree or extent to which the victim's acts or conduct provoked, incited or contributed to the injuries or death of the victim.

4. The claimant may present evidence and testimony on his or her own behalf or may retain counsel.

5. Prior to any hearing, the person filing a claim shall submit reports, if available, from all hospitals, physicians or surgeons who treated or examined the victim for the injury for which compensation is sought. If, in the opinion of the division, an examination of the injured victim or a report on the cause of death of the victim would be of material aid, the division may appoint

a duly qualified, impartial physician to make an examination and report. A finding of the judge or jury in the underlying case shall be considered as evidence.

6. Each and every payment shall be exempt from attachment, garnishment or any other remedy available to creditors for the collection of a debt, provided however, this section shall not in any way affect the right of any attorney who represents or represented any claimant to collect any fee or expenses to which he or she is entitled.

7. Payments of compensation shall not be made directly to any person legally incompetent to receive them but shall be made to the parent, guardian or conservator for the benefit of such minor, disabled or incapacitated person.

8. **For** payment of all claims from the fund **[**shall be made on the following basis, to wit:

(1) With regard to all claims that are made during the initial claims period, the division shall determine the aggregated amount of all awards made on these claims. Such determination shall be made on or before June 30, 2003. If the aggregate value of the awards does not exceed the total amount of money in the fund, then the awards shall be paid in full on or before September 30, 2003. If the aggregate value of the awards does exceed the total amount of money in the fund, then the awards shall be paid on a pro rata basis on or before September 30, 2003;

(2) With regard to all claims that are made after the initial claims period**]**, the division shall determine the aggregate amount of all awards made on those claims filed during an annual claims period. Such determination shall be made on or before the thirtieth day of June in the next succeeding year. If the aggregate value of the awards does not exceed the total amount of money in the fund, then the awards shall be paid in full on or before the thirtieth day of September in the next succeeding year. If the aggregate value of the awards does exceed the total amount of money in the fund, then the awards shall be paid on a pro rata basis on or before the thirtieth day of September in the next succeeding year.

9. If there are no funds available, then no claim shall be paid until funds have accumulated in the tort victims' compensation fund and have been appropriated to the division for payment to uncompensated tort victims. When sufficient funds become available for payment of claims of uncompensated tort victims, awards that have been determined but have not been paid shall be paid in chronological order with the oldest paid first, based upon the date on which the application was filed with the division. Any award pursuant to this subsection that cannot be paid due to a lack of funds appropriated for payment of claims of uncompensated tort victims shall not constitute a claim against the state.

10. In the event there are no funds available for payment of claims, then the division may suspend all action related to valuing claims and granting awards until such time as funds in excess of one hundred thousand dollars have accumulated in the tort victims' compensation fund, at which time the division shall resume its claim processing duties.

620.1023. 1. There is hereby created in the state treasury a revolving fund to be administered by the department of economic development to be known as the "Business Extension Service Team Fund". The fund shall consist of all moneys which may be appropriated to it by the general assembly, gifts, contributions, grants or bequests received from federal,

Whereupon the commissioner of administration shall certify the amount **[**to the state auditor, and the state auditor shall issue his warrant upon**]** **and transmit the warrant to** the state treasurer **for payment from the state treasury** therefor in favor of the president of the board of fund commissioners, payable out of the water pollution control bond and interest fund; and the warrant so drawn shall be delivered to the state treasurer who shall transmit the amount of money therein specified to the paying agent named in the bonds with instructions to place such money to the credit of the board of fund commissioners for the payment of interest or principal of such bonds. Whenever in the opinion of the board of fund commissioners it is advisable to do so, and there are sufficient funds therefor, the board may redeem any of the bonds before maturity if the holders thereof agree thereto, and may also purchase any of the bonds in the open market whenever funds are available and in the opinion of the board it is to the advantage of the state to do so; but, in the event any of the bonds are redeemed before maturity, the purchase price shall not exceed the face value of said bonds plus accrued interest not previously paid.

[142.821. The exemption for motor fuel sold within an Indian reservation or Indian country under section 142.815 shall be administered as follows:

(1) At the discretion of the director the exemption from taxation set forth in this section shall be administered as set out in either paragraph (a) or (b) of this subdivision. In the event a court of competent jurisdiction should strike down, enjoin, or issue any form of temporary restraining order against either paragraph (a) or (b) of this subdivision, then the remaining paragraph shall immediately become effective and shall be administered by the director. The two alternative methods are as follows:

(a) The tribal member shall apply for a refund with respect to the motor fuel purchased in this state for consumption within Indian country in this state as to which the tax imposed by this chapter has previously been paid and no refund previously issued; or

(b) The director shall determine, by the procedure set out herein, the annual probable demand for motor fuel for consumption by tribal members within Indian country for each ultimate vendor location owned and operated by a federally recognized Indian tribe on Indian country. Tribally owned and operated ultimate vendors shall be permitted a monthly allocation equal to one-twelfth the annual probable demand. No motor fuel shall be removed from a terminal or imported into this state tax free for sale at a tribally owned and operated location except pursuant to this section. The director shall issue exemption certificate coupons equal to the probable demand to each federally recognized tribe which owns and operates an ultimate vendor location in Indian country. The tribally owned and operated ultimate vendor shall transmit the coupons to its distributor who shall grant the ultimate vendor a credit in the amount of the tax exemption equal to the amount which would be due pursuant to section 142.803 absent the coupons. The distributor shall transmit said used coupons up its chain of distribution to the supplier charged with precollection of tax in accordance with this chapter who has granted the same tax exemption to the distributor. The supplier shall then claim the coupons as a credit against the tax liability otherwise owing on motor fuel removed from its terminals;

(2) The probable demand used in the method described in paragraph (b) of subdivision (1) of this section shall be determined in the first instance by the director by multiplying the number of members of the tribe which owns and operates an ultimate vendor location in Indian country who live within the service area of that location by the average per capita motor fuel consumption for residents of this state by a ratio whose numerator is the amount of motor fuel consumed in nonhighway uses (not on state maintained highways) and whose denominator is the amount of that motor fuel consumed in this state;

(3) In determining the number of members of the tribe living within the service area, the director may rely upon information including, but not limited to:

(a) Verified information voluntarily submitted by the affected tribe;

(b) Data derived from the most recent U.S. decennial census; and

(c) Data derived from the U.S. Bureau of Indian Affairs;

(4) The service area of a tribally owned and operated ultimate vendor location shall be presumed to be a radius around the location with a diameter of:

(a) Ten miles in counties whose population exceeds three hundred fifty thousand; and

(b) Twenty-five miles in counties whose population does not exceed three hundred fifty thousand. An affected tribe may rebut this presumption by competent evidence in a proceeding to adjust the probable demand determination pursuant to subdivision (7) of this subsection;

(5) In determining the per capita consumption of motor fuel and the ratio of nonhighway use of fuel to that consumed the director may rely upon information including, but not limited to:

(a) Filings with the director regarding total fuels removed from terminals versus the amount used upon highways in this state;

(b) Fuel consumption reports issued by the Federal Highway Administration; and

(c) Energy consumption reports issued by the U.S. Energy Information Service;

(6) The director may adjust his determination of probable demand periodically at his discretion, but not less often than upon receipt of a new federal decennial census;

(7) Should any affected federally recognized Indian tribe wish to contest the director's determination of probable demand, it may do so before the administrative hearing commission. At such hearing the tribe shall have the right to submit witnesses and evidence and shall have the burden of proof by a preponderance of the evidence to establish error in the director's determination and by establishing the tribe's own calculation. At the conclusion of such hearing, the administrative law judge shall prepare findings of fact, conclusions of law and an order which shall be subject to any and all rights of appeal enjoyed by the director or any other taxpayers. In such a hearing the affected tribe may introduce testimony under oath or other competent evidence to establish:

(a) The number of its tribal members living within the service area of a tribally owned and operated ultimate vendor location;

(b) The actual radius of the service area of the location, if different from those distances presumed in subdivision (4) of this section;

Whenever the motor carrier and railroad safety division of the department of economic development, pursuant to section 389.640, RSMo, orders the installation, construction or reconstruction of automatic signals or other safety devices or other safety improvements at crossings at grade of railroads and public roads, highways or streets, the cost thereof, which the division apportions against the state, county, municipality or other public authority in interest, shall be paid out of the grade crossing fund; provided, however, that when any part of such cost can be paid from funds available under any federal or federal aid highway act such part shall not be paid from the grade crossing fund; and provided, further, that no more than ninety percent of the cost of protecting any grade crossing shall be paid out of the grade crossing fund. The motor carrier and railroad safety division of the department of economic development shall, in cooperation with other governmental agencies of the state, determine if any such cost can be paid from funds available under any federal or federal aid highway act. However, such payments annually shall not exceed in any one county an amount equal to the distribution as set forth in section 152.050, unless the motor carrier and railroad safety division of the department of economic development makes a specific finding of facts and conclusions of law that a situation highly dangerous to the public does exist.

A school district may exclude transportation and school safety and security expenditures from the current operating cost calculation of the base year and the year or years for which the compliance percentage is calculated. The base school year certificated salary percentage shall be the two-year average percentage of the 1991-92 and 1992-93 school years except as otherwise established by the state board under subsection 4 of this section; except that, for any school district experiencing, over a period of three consecutive years, an average yearly increase in average daily attendance of at least three percent, the base school year certificated salary percentage may be the two-year average percentage of the last two years of such period of three consecutive years, at the discretion of the school district.

2. Beginning with the 1997-98 school year, a school district shall:

(1) Expend, as a percentage of current operating cost, as determined in subsection 1 of this section, for tuition, teacher retirement and compensation of certificated staff, a percentage that is no less than two percentage points less than the base school year certificated salary percentage; or

(2) For any year in which no payment of a penalty is required for the district under subsection 6 of this section, have an unrestricted fund balance in the combined incidental and teachers' funds on June thirtieth which is equal to or less than ten percent of the combined expenditures for the year from those funds.

3. Beginning with the 1999-00 school year:

(1) As used in this subsection, "fiscal instructional ratio of efficiency" or "FIRE" means the quotient of the sum of the district's current operating costs, which for this section shall mean all expenditures for instruction and support services, excluding capital outlay and debt service expenditures less the revenue from federal categorical sources, food service, student activities, and payments from other districts, for all kindergarten through grade twelve direct instructional

and direct pupil support service functions plus the costs of improvement of instruction and the cost of purchased services and supplies for operation of the facilities housing those programs, and excluding student activities, divided by the sum of the district's current operating cost, as defined in this subdivision, for kindergarten through grade twelve, plus all tuition revenue received from other districts minus all noncapital transportation and school safety and security costs;

(2) A school district shall show compliance with this section in school year 1998-99 and thereafter by the method described in subsections 1 and 2 of this section, or by maintaining or increasing its fiscal instructional ratio of efficiency compared to its FIRE for the 1997-98 base year.

4. (1) The state board of education may exempt a school district from the requirements of this section upon receiving a request for an exemption by a school district. The request shall show the reason or reasons for the noncompliance, and the exemption shall apply for only one school year. Requests for exemptions under this subdivision may be resubmitted in succeeding years.

(2) A school district may request of the state board a one-time, permanent revision of the base school year certificated salary percentage. The request shall show the reason or reasons for the revision.

5. Any school district requesting an exemption or revision under subsection 4 of this section must notify the certified staff of the district in writing of the district's intent. Prior to granting an exemption or revision, the state board shall consider comments from certified staff of the district. The state board decision shall be final.

6. Any school district which is determined by the department to be in violation of the requirements of subsection 1 or 2 of this section, or both, shall compensate the building-level administrative staff and nonadministrative certificated staff during the year following the notice of violation by an additional amount which is equal to one hundred ten percent of the amount necessary to bring the district into compliance with this section for the year of violation. In any year in which a penalty is paid, the district shall pay the penalty specified in this subsection in addition to the amount required under this section for the current school year.

7. Any additional transfers from the teachers' or incidental fund to the capital projects fund beyond the transfers authorized by state law and state board policy in effect on January 1, 1996, shall be considered expenditures from the teachers' or incidental fund for the purpose of determining compliance with the provisions of subsections 1, 2 and 3 of this section.

8. The provisions of this section shall not apply to any district wherein the local effort is greater than its weighted average daily attendance multiplied by the state adequacy target multiplied by the dollar value modifier under section 163.031, RSMo.

9. The provisions of subsections 1 to 8 of this section shall not apply to any district that has unrestricted fund balances in the combined incidental and teacher funds on June thirtieth of the preceding year which are equal to or less than seventeen percent of the combined expenditure for the preceding year from these funds in any year in which state funds distributed pursuant to subsections 1 and 2 of section 163.031, RSMo, are no more than ninety-six percent of such state funds distributed in fiscal year 2002.

10. The provisions of subsections 1 to 8 of this section shall not apply to any district which meets the following criteria:

(1) With ten percent or more of its assessed valuation that is owned by one person or corporation as commercial or personal property who is delinquent in a property tax payment;

(2) With unrestricted fund balances in the combined incidental and teacher funds on June thirtieth of the preceding year which are equal to or less than one-half of the local property tax revenue for the previous year; and

(3) In any year in which state funds distributed pursuant to subsections 1 and 2 of section 163.031, RSMo, are no more than ninety-six percent of such state funds distributed in fiscal year 2002.

(1) Grants to local school districts, state-supported institutions of higher education and public television stations as defined in section 37.205, RSMo, for equipment and instruction;

On August 28, 1992, the committee shall designate nine of its members to serve a term of one year, ten of its members to serve a term of two years, and ten of its members to serve a term of three years. All subsequent appointments shall be for three years. All members shall receive no compensation for their services, but shall be reimbursed for the actual and necessary expenses incurred while serving on the committee out of funds appropriated for that purpose. The committee shall meet at least quarterly and shall annually issue a report together with its recommendations to the state board of education and the general assembly.

4. The state board of education shall accredit courses offered through this program at the elementary and secondary education level. The coordinating board for higher education shall approve courses taught at the postsecondary level.

5. In any fiscal year, moneys in the fund shall be used first to ensure that any and all school districts, community college districts and state institutions of higher education seeking aid under this program shall receive telecommunications equipment including computers and modems necessary to participate in the satellite learning process or instructional television video; second to provide the school districts, community college districts and state institutions of higher education with access to subjects at the advanced level or the remedial level or which are not taught in the schools of the district or the service area or campus, which subjects shall include courses in continuing education necessary for maintenance or renewal of licenses for all such licensed health care providers; and third to provide enrichment classes for all pupils of the district. "Without charge or fee" shall not require the providing of equipment to transmit or receive telecommunications instruction or the providing of commercial cable television service. If the instructional program involves two-way, interactive communication between the instructor and the participant, the district or institution operating the program may prescribe academic prerequisites and limit the number of persons who may enroll in the specific program and give preference to residents of the district or institutional attendance area who are age twenty-one or younger but shall not discriminate

Such local exchange telecommunications companies shall seek commission authorization to provide local service at rates lower than those charged for business and residential service in effect when the tariff is filed, provided that the proposed rates may not be below the actual cost of providing the service. Upon approval of the public service commission, the rates shall not be classified as discriminatory for the purposes of chapter 392, RSMo.

[173.715. The following compact, as amended, is approved and this state is declared to be a party thereto; and agreements, covenants and obligations therein are binding upon the state of Missouri.

THE REGIONAL COMPACT

1. Whereas, the said states desire to enter into a compact with each other providing for the planning and establishment of regional educational facilities;

2. Now, therefore, in consideration of the mutual agreements, covenants and obligations assumed by the respective states who are parties hereto (hereinafter referred as "states"), the said several states do hereby form a geographical district or region consisting of the areas lying within the boundaries of the contracting states which, for the purpose of this compact, shall constitute an area for regional education supported by public funds derived from taxation by the constituent states and derived from other sources for the establishment, acquisition, operation and maintenance of regional educational schools and institutions for the benefit of citizens of the respective states residing within the region so established as may be determined from time to time in accordance with the terms and provisions of this compact.

(1) The states do further hereby establish and create a joint agency which shall be known as the board of control for southern regional education (hereinafter referred to as the "board"), the members of which board shall consist of the governor of each state, ex officio, and four additional citizens of each state to be appointed by the governor thereof, at least one of whom shall be selected from the field of education, and at least one of whom shall be a member of the legislature of that state. The governor shall continue as a member of the board during his tenure of office as governor of the state, but the members of the board appointed by the governor shall hold office for a period of four years except that in the original appointments, one board member so appointed by the governor shall be designated at the time of his appointment to serve an initial term of one year; one board member to serve an initial term of two years; one board member to serve an initial term of three years; and the remaining board member to serve the full term of four years; but thereafter the successor of each appointed board member shall serve the full term of four years. Vacancies on the board caused

by death, resignation, refusal or inability to serve, shall be filled by appointment by the governor for the unexpired portion of the term. The officers of the board shall be a chairman, a vice chairman, a secretary, a treasurer, and such additional officers as may be created by the board from time to time. The board shall meet annually and officers shall be elected to hold office until the next annual meeting. The board shall have the right to formulate and establish bylaws not inconsistent with the provisions of this compact to govern its own actions in the performance of the duties delegated to it including the right to create and appoint an executive committee and a finance committee with such powers and authority as the board may delegate to them from time to time. The board may, within its discretion, elect as its chairman a person who is not a member of the board, provided such person resides within a signatory state, and upon such election such person shall become a member of the board with all the rights and privileges of such membership.

(2) It shall be the duty of the board to submit plans and recommendations to the states from time to time for their approval and adoption by appropriate legislative action for the development, establishment, acquisition, operation and maintenance of educational schools and institutions within the geographical limits of the regional area of the states, of such character and type and for such educational purposes, professional, technological, scientific, literary, or otherwise, as they may deem and determine to be proper, necessary or advisable. Title to all such educational institutions when so established by appropriate legislative actions of the states and to all properties and facilities used in connection therewith shall be vested in said board as the agency of and for the use and benefit of the said states and the citizens thereof, and all such educational institutions shall be operated, maintained and financed in the manner herein set out, subject to any provisions or limitations which may be contained in the legislative acts of the states authorizing the creation, establishment and operation of such educational institutions.

(3) In addition to the power and authority heretofore granted, the board shall have the power to enter into such agreements or arrangements with any of the states and with educational institutions or agencies, as may be required in the judgment of the board, to provide adequate services and facilities for graduate, professional and technical education for the benefit of the citizens of the respective states residing within the region, and such additional and general power and authority as may be vested in the board from time to time by legislative enactment of the said states.

(4) Any two or more states who are parties of this compact shall have the right to enter into supplemental agreements providing for the establishment, financing and operation of regional educational institutions for the benefit of citizens residing within an area which constitutes a portion of the general region herein created, such institutions to be financed exclusively by such states and to be controlled exclusively by the members of the board representing such states

provided such agreement is submitted to and approved by the board prior to the establishment of such institutions.

(5) Each state agrees that, when authorized by the legislature, it will from time to time make available and pay over to said board such funds as may be required for the establishment, acquisition, operation and maintenance of such regional educational institutions as may be authorized by the states under the terms of this compact, the contribution of each state at all times to be in the proportion that its population bears to the total combined population of the states who are parties hereto as shown from time to time by the most recent official published report of the Bureau of Census of the United States of America; or upon such other basis as may be agreed upon.

(6) This compact shall not take effect or be binding upon any state unless and until it shall be approved by proper legislative action of as many as six or more of the states whose governors have subscribed hereto within a period of eighteen months from the date hereof. When and if six or more states shall have given legislative approval to this compact within said eighteen months' period, it shall be and become binding upon such six or more states sixty days after the date of legislative approval by the sixth state and the governors of such six or more states shall forthwith name the members of the board from their states as hereinabove set out, and the board shall then meet on call of the governor of any state approving this compact, at which time the board shall elect officers, adopt bylaws, appoint committees and otherwise fully organize. Other states whose names are subscribed hereto shall thereafter become parties hereto upon approval of this compact by legislative action within two years from the date hereof, upon such conditions as may be agreed upon at the time. Provided, however, that with respect to any state whose constitution may require amendment in order to permit legislative approval of the compact, such state or states shall become parties hereto upon approval of this compact by legislative action within seven years from the date hereof, upon such conditions as may be agreed upon at the time.

(7) After becoming effective this compact shall thereafter continue without limitation of time provided, however, that it may be terminated at any time by unanimous action of the states and provided further that any state may withdraw from this compact if such withdrawal is approved by its legislature, such withdrawal to become effective two years after written notice thereof to the board accompanied by a certified copy of the requisite legislative action, but such withdrawal shall not relieve the withdrawing state from its obligations hereunder accruing up to the effective date of such withdrawal. Any state so withdrawing shall ipso facto cease to have any claim to or ownership of any of the property held or vested in the board or to any of the funds of the board held under the terms of this compact.

(8) If any state shall at any time become in default in the performance of any of its obligations assumed herein or with respect to any obligation imposed upon said state as authorized by and in compliance with the terms and provisions

of this compact, all rights, privileges and benefits of such defaulting state, its members on the board and its citizens shall ipso facto be and become suspended from and after the date of such default. Unless such default shall be remedied and made good within a period of one year immediately following the date of such default this compact may be terminated with respect to such defaulting state by an affirmative vote of three-fourths of the members of the board (exclusive of the members representing the state in default), from and after which time such state shall cease to be a party to this compact and shall have no further claim to or ownership of any of the property held by or vested in the board or to any of the funds of the board held under the terms of this compact, but such termination shall in no manner release such defaulting state from any accrued obligation or otherwise affect this compact or the rights, duties, privileges or obligations of the remaining states thereunder.
