

HB 1325 -- Telemarketing No-Call List

Sponsor: Bringer

This bill expands the No-call List to include all calls regardless of their content and prohibits using an automatic dialing announcing device (ADAD) when calling a residential subscriber who is on the list.

ADAD equipment cannot be used unless it disconnects within 10 seconds after the subscriber ends the phone call.

These provisions do not apply to telephone calls:

- (1) From school districts to students, parents, or employees;
- (2) To subscribers with whom the caller has had a business contact within the past 180 days or a current business or personal relationship; or
- (3) To employees advising them of work schedules.
