

HB 1629 -- Governor's Dropout Advisory Commission

Sponsor: Nasheed

This bill establishes the Governor's Dropout Advisory Commission and specifies its membership which is to consist of urban and rural citizens who are concerned with the social costs and quality of life that results from dropping out of school. The duties of the commission include advising the Governor, General Assembly, and relevant state agencies on dropout prevention and recovery issues and making recommendations for a comprehensive state plan for dropout services. The Department of Elementary and Secondary Education must provide administrative and staff support for the commission.
