

## HB 1671 -- Medical Malpractice Insurance

Sponsor: Cooper

This bill specifies that any licensed physician who is the medical director of a Special Weapons and Tactics (SWAT) team which has written medical protocols or rendered medical services in the field will be eligible for medical malpractice insurance for the services rendered. The physician or his or her agents or employees acting in their professional capacity will be immune from civil liability for any damages or administrative sanctions for certain specified services but will be liable for damages due to willful or wanton acts or omissions in rendering these services.
