

HB 1887 -- Accreditation of Vascular Laboratories

Sponsor: Zerr

This bill requires all noninvasive vascular laboratories to be certified by the Intersocietal Commission for the Accreditation of Vascular Laboratories or the American College of Radiology. Vascular laboratories must submit an application for accreditation to either one of the certifying entities by July 1, 2011. Documentation confirming the accreditation must be provided to the Department of Health and Senior Services by October 1, 2011. A laboratory that fails to attain or loses accreditation cannot charge, bill, or be compensated for any services.
