

## HB 2076 -- Concealed Carry Endorsements

Sponsor: Parson

This bill changes the laws regarding concealed carry endorsements. In its main provisions, the bill:

(1) Increases from three years to five years the period of time from the date of issuance or renewal that a concealed carry endorsement is valid;

(2) Increases the fee that a sheriff must charge for processing an endorsement renewal from not more than \$50 to not more than \$75; and

(3) Requires an endorsement holder to submit an affidavit prior to January 1, 2011, and every three years thereafter, to the Department of Revenue stating that he or she has reviewed the state laws regarding firearms and the justifiable use of force. If an affidavit is not returned by the required date, the department will suspend the endorsement, send notice to the holder, transmit a copy of the notice of suspension to the appropriate local sheriff so that the driver's or nondriver's license showing the concealed carry notation can be surrendered, and report the status change to the Missouri Uniform Law Enforcement System (MULES). For processing the surrender of a driver's or nondriver's license, the sheriff must charge a fee of up to \$25 which will be deposited to the credit of the sheriffs' revolving fund. If the department director reinstates an endorsement after the affidavit requirements have been fulfilled, he or she must return the license with the concealed carry notation and notify the appropriate sheriff that the endorsement has been reinstated. Anyone failing to surrender a driver's or nondriver's license with a concealed carry notation when the endorsement has been suspended will be guilty of a class C misdemeanor.
