

HB 2260 -- Absent Uniformed Services and Overseas Voters

Sponsor: Todd

This bill requires the Secretary of State to establish procedures for absent uniformed services voters and overseas voters to request voter registration applications and absentee ballot applications. At least one form of electronic communication for use by absent uniformed services and overseas voters must be designated for requesting voter registration applications and absentee ballots. These voters may request and designate a preferred method of electronic transmission of these applications and ballots or request receipt by mail. The Secretary of State must also develop, in coordination with local election authorities, a free access system by which these voters may determine whether an absentee ballot has been received by the appropriate election authority.

A sufficient quantity of paper ballots for federal elections must be printed and available for these voters within 45 days prior to the election. Registration applications and paper ballots cannot be rejected by an election authority because of any restriction on the paper or envelope type. Missouri is required to use the special write-in absentee ballot provided in Section 115.292, RSMo, for all elections for federal office as authorized by federal law.
