

## HB 2332 -- School Residency Requirements

Sponsor: Witte

This bill allows certain active-duty, military parents who are designated as key and essential military personnel, as specified in the bill, to elect once per school year to send their children to a public school within a 30-mile radius of the parent's military installation. If there is no existing bus route to provide transportation in the receiving district, the parents will be responsible for transporting the child to the school of choice. Anyone who knowingly provides false information to satisfy the bill's requirements will be guilty of a class A misdemeanor and subject to a civil action by the receiving school district to recover school attendance costs of the child.
