AMEND Senate Committee Substitute for Senate Bill Nos. 26 and 106, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

“136.055. 1. Any person who is selected or appointed by the state director of revenue as provided in subsection 2 of this section to act as an agent of the department of revenue, whose duties shall be the processing of motor vehicle title and registration transactions and the collection of sales and use taxes when required under sections 144.070 and 144.440, and who receives no salary from the department of revenue, shall be authorized to collect from the party requiring such services additional fees as compensation in full and for all services rendered on the following basis:

(1) For each motor vehicle or trailer registration issued, renewed or transferred--three dollars and fifty cents and seven dollars for those licenses sold or biennially renewed pursuant to section 301.147;

(2) For each application or transfer of title--two dollars and fifty cents;

(3) For each instruction permit, nondriver license, chauffeur's, operator's or driver's license issued for a period of three years or less--two dollars and fifty cents and five dollars for licenses or instruction permits issued or renewed for a period exceeding three years;

(4) For each notice of lien processed--two dollars and fifty cents;

(5) No notary fee or other fee or additional charge shall be paid or collected except for electronic telephone transmission reception--two dollars.

2. The director of revenue shall award fee office contracts under this section through a competitive bidding process. The competitive bidding process shall give priority to organizations and entities that are exempt from taxation under Section 501(c)(3) or 501(c)(6) of the Internal Revenue Code of 1986, as amended, and political subdivisions, including but not limited to, municipalities, counties, and fire protection districts. The director of the department of revenue may promulgate rules and regulations necessary to carry out the provisions of this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subsection shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

3. All fees collected by a tax-exempt organization may be retained and used by the organization.

1           4. All fees charged shall not exceed those in this section. The fees imposed by this section shall  
2 be collected by all permanent offices and all full-time or temporary offices maintained by the department  
3 of revenue.

4           5. Any person acting as agent of the department of revenue for the sale and issuance of  
5 registrations, licenses, and other documents related to motor vehicles shall have an insurable interest in all  
6 license plates, licenses, tabs, window stickers, forms and other documents held on behalf of the  
7 department.

8           6. The fees authorized by this section shall not be collected by motor vehicle dealers acting as  
9 agents of the department of revenue under section 32.095 or those motor vehicle dealers authorized to  
10 collect and remit sales tax under subsection 8 of section 144.070.

11           7. Notwithstanding any other provision of law to the contrary, the state auditor may audit all  
12 records maintained and established by the fee office in the same manner as the auditor may audit any  
13 agency of the state, and the department shall ensure that this audit requirement is a necessary condition for  
14 the award of all fee office contracts. No confidential records shall be divulged in such a way to reveal  
15 personally identifiable information.

16           301.032. 1. Notwithstanding the provisions of sections 301.030 and 301.035 to the contrary, the  
17 director of revenue shall establish a system of registration of all fleet vehicles owned or purchased by a  
18 fleet owner registered pursuant to this section. The director of revenue shall prescribe the forms for such  
19 fleet registration and the forms and procedures for the registration updates prescribed in this section. Any  
20 owner of ten or more motor vehicles which must be registered in accordance with this chapter may  
21 register as a fleet owner. All registered fleet owners may, at their option, register all motor vehicles  
22 included in the fleet on a calendar year or biennial basis pursuant to this section in lieu of the registration  
23 periods provided in sections 301.030, 301.035, and 301.147. The director shall issue an identification  
24 number to each registered owner of fleet vehicles.

25           2. All fleet vehicles included in the fleet of a registered fleet owner shall be registered during  
26 April each year or on a prorated basis as provided in subsection 3 of this section. Fees of all vehicles in  
27 the fleet to be registered on a calendar year basis or on a biennial basis shall be payable not later than the  
28 last day of April of each year, with two years' fees due for biennially-registered vehicles. Notwithstanding  
29 the provisions of section 307.355, an application for registration of a fleet vehicle must be accompanied  
30 by a certificate of inspection and approval issued no more than one hundred twenty days prior to the date  
31 of application. The fees for vehicles added to the fleet which must be licensed at the time of registration  
32 shall be payable at the time of registration, except that when such vehicle is licensed between July first  
33 and September thirtieth the fee shall be three-fourths the annual fee, when licensed between October first  
34 and December thirty-first the fee shall be one-half the annual fee and when licensed on or after January  
35 first the fee shall be one-fourth the annual fee. When biennial registration is sought for vehicles added to  
36 a fleet, an additional year's annual fee will be added to the partial year's prorated fee.

37           3. At any time during the calendar year in which an owner of a fleet purchases or otherwise  
38 acquires a vehicle which is to be added to the fleet or transfers plates to a fleet vehicle, the owner shall  
39 present to the director of revenue the identification number as a fleet number and may register the vehicle  
40 for the partial year as provided in subsection 2 of this section. The fleet owner shall also be charged a

1 transfer fee of two dollars for each vehicle so transferred pursuant to this subsection.

2 4. Except as specifically provided in this subsection, all fleet vehicles registered pursuant to this  
3 section shall be issued a special license plate which shall have the words "Fleet Vehicle" in place of the  
4 words "Show-Me State" in the manner prescribed by the advisory committee established in section  
5 301.129. Alternatively, for a one-time additional five dollar per-vehicle fee beyond the regular  
6 registration fee, owners of fleet vehicles may apply for fleet license plates bearing a company name or  
7 logo. All fleet license plates shall be made with fully reflective material with a common color scheme and  
8 design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section  
9 301.130. Fleet vehicles shall be issued multiyear license plates as provided in this section which shall not  
10 require issuance of a renewal tab or window sticker. Upon payment of appropriate registration fees, the  
11 director of revenue shall issue a registration certificate or other suitable evidence of payment of the annual  
12 or biennial fee, and such evidence of payment shall be carried at all times in the vehicle for which it is  
13 issued. The director of revenue shall promulgate rules and regulations establishing the procedure for  
14 application and issuance of fleet vehicle license plates.

15 5. Notwithstanding the provisions of sections 307.350 to 307.390 to the contrary, a fleet vehicle  
16 registered in Missouri is exempt from the requirements of sections 307.350 to 307.390, if at the time of  
17 the annual fleet registration, such fleet vehicle is situated outside the state of Missouri.

18 301.130. 1. The director of revenue, upon receipt of a proper application for registration,  
19 required fees and any other information which may be required by law, shall issue to the applicant a  
20 certificate of registration in such manner and form as the director of revenue may prescribe and a set of  
21 license plates, or other evidence of registration, as provided by this section. Each set of license plates  
22 shall bear the name or abbreviated name of this state, the words "SHOW-ME STATE", the month and  
23 year in which the registration shall expire, and an arrangement of numbers or letters, or both, as shall be  
24 assigned from year to year by the director of revenue. The plates shall also contain fully reflective  
25 material with a common color scheme and design for each type of license plate issued pursuant to this  
26 chapter. The plates shall be clearly visible at night, and shall be aesthetically attractive. Special plates for  
27 qualified disabled veterans will have the "DISABLED VETERAN" wording on the license plates in  
28 preference to the words "SHOW-ME STATE" and special plates for members of the national guard will  
29 have the "NATIONAL GUARD" wording in preference to the words "SHOW-ME STATE".

30 2. The arrangement of letters and numbers of license plates shall be uniform throughout each  
31 classification of registration. The director may provide for the arrangement of the numbers in groups or  
32 otherwise, and for other distinguishing marks on the plates.

33 3. All property-carrying commercial motor vehicles to be registered at a gross weight in excess of  
34 twelve thousand pounds, all passenger-carrying commercial motor vehicles, local transit buses, school  
35 buses, trailers, semitrailers, motorcycles, motortricycles, motorscooters and driveaway vehicles shall be  
36 registered with the director of revenue as provided for in subsection 3 of section 301.030, or with the state  
37 highways and transportation commission as otherwise provided in this chapter, but only one license plate  
38 shall be issued for each such vehicle.

39 4. The plates issued to manufacturers and dealers shall bear the letters and numbers as prescribed  
40 by section 301.560, and the director may place upon the plates other letters or marks to distinguish

commercial motor vehicles and trailers and other types of motor vehicles.

5. No motor vehicle or trailer shall be operated on any highway of this state unless it shall have displayed thereon the license plate or set of license plates issued by the director of revenue or the state highways and transportation commission and authorized by section 301.140. Each such plate shall be securely fastened to the motor vehicle or trailer in a manner so that all parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof are not impaired. Each such plate may be encased in a transparent cover so long as the plate is plainly visible and its reflective qualities are not impaired. License plates shall be fastened to all motor vehicles except trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds on the front and rear of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. The license plates on trailers, motorcycles, motortricycles and motorscooters shall be displayed on the rear of such vehicles, with the letters and numbers thereon right side up. The license plate on buses, other than school buses, and on trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds shall be displayed on the front of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up or if two plates are issued for the vehicle pursuant to subsection 3 of this section, displayed in the same manner on the front and rear of such vehicles. The license plate or plates authorized by section 301.140, when properly attached, shall be prima facie evidence that the required fees have been paid.

6. (1) Beginning January 1, 2012, the director of revenue shall issue annually or biennially a [tab or set of tabs] window sticker, to be placed on the front windshield of the motor vehicle, as provided by law as evidence of the annual payment of registration fees and the current registration of a vehicle in lieu of the set of plates. Notwithstanding the provisions of this section, motorcycles and trailers shall be issued license plate tabs in lieu of window stickers. Beginning January 1, 2010, the director may prescribe any additional information recorded on the tab or tabs or window sticker to ensure that the tab or tabs or the window sticker positively correlate with the license plate or plates issued by the department of revenue for such vehicle. Such tabs or window stickers shall be produced in each license bureau office.

(2) [The vehicle owner to whom a tab or set of tabs is issued shall affix and display such tab or tabs in the designated area of the license plate, no more than one per plate] The window sticker shall be placed on the inside front window in an area prescribed by the director of revenue. Tabs issued to motorcycles and trailers shall be affixed and displayed in the designated area of the license plate.

(3) A tab or [set of tabs] window sticker issued by the director of revenue when attached to a vehicle in the prescribed manner shall be prima facie evidence that the registration fee for such vehicle has been paid.

(4) Except as otherwise provided in this section, the director of revenue shall issue plates for a period of at least six years.

(5) For those commercial motor vehicles and trailers registered pursuant to section 301.041, the plate issued by the highways and transportation commission shall be a permanent nonexpiring license plate for which no tabs or window sticker shall be issued. Nothing in this section shall relieve the owner of any vehicle permanently registered pursuant to this section from the obligation to pay the annual registration fee due for the vehicle. The permanent nonexpiring license plate shall be returned to the

1 highways and transportation commission upon the sale or disposal of the vehicle by the owner to whom  
2 the permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement  
3 commercial motor vehicle when the owner files a supplemental application with the Missouri highways  
4 and transportation commission for the registration of such replacement commercial motor vehicle. Upon  
5 payment of the annual registration fee, the highways and transportation commission shall issue a  
6 certificate of registration or other suitable evidence of payment of the annual fee, and such evidence of  
7 payment shall be carried at all times in the vehicle for which it is issued.

8 (6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon  
9 the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such vehicle  
10 shall be returned to the highways and transportation commission and shall not be valid for operation of  
11 such vehicle, or the plate may be transferred to a replacement vehicle when the owner files a supplemental  
12 application with the Missouri highways and transportation commission for the registration of such  
13 replacement vehicle. If a vehicle which is permanently registered under this section is sold, wrecked or  
14 otherwise disposed of, or the lease terminated, the registrant shall be given credit for any unused portion  
15 of the annual registration fee when the vehicle is replaced by the purchase or lease of another vehicle  
16 during the registration year.

17 7. The director of revenue and the highways and transportation commission may prescribe rules  
18 and regulations for the effective administration of this section. [No rule or portion of a rule promulgated  
19 under the authority of this section shall become effective unless it has been promulgated pursuant to the  
20 provisions of section 536.024.] Any rule or portion of a rule, as that term is defined in section 536.010,  
21 that is created under the authority delegated in this section shall become effective only if it complies with  
22 and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and  
23 chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to  
24 chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held  
25 unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28,  
26 2011, shall be invalid and void.

27 8. Notwithstanding the provisions of any other law to the contrary, owners of motor vehicles  
28 other than apportioned motor vehicles or commercial motor vehicles licensed in excess of eighteen  
29 thousand pounds gross weight may apply for special personalized license plates. Vehicles licensed for  
30 eighteen thousand pounds that display special personalized license plates shall be subject to the provisions  
31 of subsections 1 and 2 of section 301.030.

32 9. No later than January 1, 2009, the director of revenue shall commence the reissuance of new  
33 license plates of such design as directed by the director consistent with the terms, conditions, and  
34 provisions of this section and this chapter. Except as otherwise provided in this section, in addition to all  
35 other fees required by law, applicants for registration of vehicles with license plates that expire during the  
36 period of reissuance, applicants for registration of trailers or semitrailers with license plates that expire  
37 during the period of reissuance and applicants for registration of vehicles that are to be issued new license  
38 plates during the period of reissuance shall pay the cost of the plates required by this subsection. The  
39 additional cost prescribed in this subsection shall not be charged to persons receiving special license  
40 plates issued under section 301.073 or 301.443. Historic motor vehicle license plates registered pursuant

1 to section 301.131 and specialized license plates are exempt from the provisions of this subsection.  
2 Except for new, replacement, and transfer applications, permanent nonexpiring license plates issued to  
3 commercial motor vehicles and trailers registered under section 301.041 are exempt from the provisions of  
4 this subsection.

5 301.140. 1. Upon the transfer of ownership of any motor vehicle or trailer, the certificate of  
6 registration and the right to use the number plates shall expire and the number plates and window sticker  
7 shall be removed by the owner at the time of the transfer of possession, and it shall be unlawful for any  
8 person other than the person to whom such number plates were originally issued to have the same in his or  
9 her possession whether in use or not, unless such possession is solely for charitable purposes; except that  
10 the buyer of a motor vehicle or trailer who trades in a motor vehicle or trailer may attach the license plates  
11 from the traded-in motor vehicle or trailer to the newly purchased motor vehicle or trailer. The operation  
12 of a motor vehicle with such transferred plates shall be lawful for no more than thirty days. A window  
13 sticker shall not be required during the thirty-day time frame. As used in this subsection, the term  
14 "trade-in motor vehicle or trailer" shall include any single motor vehicle or trailer sold by the buyer of the  
15 newly purchased vehicle or trailer, as long as the license plates for the trade-in motor vehicle or trailer are  
16 still valid.

17 2. In the case of a transfer of ownership the original owner may register another motor vehicle  
18 under the same number, upon the payment of a fee of two dollars, and payment of a fee as prescribed in  
19 section 301.300 for a replacement window sticker, if the motor vehicle is of horsepower, gross weight or  
20 (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that  
21 originally registered. When such motor vehicle is of greater horsepower, gross weight or (in the case of a  
22 passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed,  
23 applicant shall pay a transfer fee of two dollars, the fee prescribed in section 301.300 for a replacement  
24 window sticker, and a pro rata portion for the difference in fees. When such vehicle is of less horsepower,  
25 gross weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a  
26 lesser fee is prescribed, applicant shall not be entitled to a refund.

27 3. License plates may be transferred from a motor vehicle which will no longer be operated to a  
28 newly purchased motor vehicle by the owner of such vehicles. The owner shall pay a transfer fee of two  
29 dollars, and payment of a fee as prescribed in section 301.300 for a replacement window sticker, if the  
30 newly purchased vehicle is of horsepower, gross weight or (in the case of a passenger-carrying  
31 commercial motor vehicle) seating capacity, not in excess of that of the vehicle which will no longer be  
32 operated. When the newly purchased motor vehicle is of greater horsepower, gross weight or (in the case  
33 of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed,  
34 the applicant shall pay a transfer fee of two dollars, the fee prescribed in section 301.300 for a  
35 replacement window sticker, and a pro rata portion of the difference in fees. When the newly purchased  
36 vehicle is of less horsepower, gross weight or (in the case of a passenger-carrying commercial motor  
37 vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a  
38 refund.

39 4. Upon the sale of a motor vehicle or trailer by a dealer, a buyer who has made application for  
40 registration, by mail or otherwise, may operate the same for a period of thirty days after taking possession

1 thereof, if during such period the motor vehicle or trailer shall have attached thereto, in the manner  
2 required by section 301.130, number plates issued to the dealer. Upon application and presentation of  
3 proof of financial responsibility as required under subsection 5 of this section and satisfactory evidence  
4 that the buyer has applied for registration, a dealer may furnish such number plates to the buyer for such  
5 temporary use. In such event, the dealer shall require the buyer to deposit the sum of ten dollars and fifty  
6 cents to be returned to the buyer upon return of the number plates as a guarantee that said buyer will  
7 return to the dealer such number plates within thirty days. The director shall issue a temporary permit  
8 authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days of the date  
9 of purchase.

10 5. The temporary permit shall be made available by the director of revenue and may be purchased  
11 from the department of revenue upon proof of purchase of a motor vehicle or trailer for which the buyer  
12 has no registration plate available for transfer and upon proof of financial responsibility, or from a dealer  
13 upon purchase of a motor vehicle or trailer for which the buyer has no registration plate available for  
14 transfer. The director shall make temporary permits available to registered dealers in this state or  
15 authorized agents of the department of revenue in sets of ten permits. The fee for the temporary permit  
16 shall be seven dollars and fifty cents for each permit or plate issued. No dealer or authorized agent shall  
17 charge more than seven dollars and fifty cents for each permit issued. The permit shall be valid for a  
18 period of thirty days from the date of purchase of a motor vehicle or trailer, or from the date of sale of the  
19 motor vehicle or trailer by a dealer for which the purchaser obtains a permit as set out above. No permit  
20 shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility.

21 6. The permit shall be issued on a form prescribed by the director and issued only for the  
22 applicant's use in the operation of the motor vehicle or trailer purchased to enable the applicant to legally  
23 operate the vehicle while proper title and registration plate are being obtained, and shall be displayed on  
24 no other vehicle. Temporary permits issued pursuant to this section shall not be transferable or renewable  
25 and shall not be valid upon issuance of proper registration plates for the motor vehicle or trailer. The  
26 director shall determine the size and numbering configuration, construction, and color of the permit.

27 7. The dealer or authorized agent shall insert the date of issuance and expiration date, year, make,  
28 and manufacturer's number of vehicle on the permit when issued to the buyer. The dealer shall also insert  
29 such dealer's number on the permit. Every dealer that issues a temporary permit shall keep, for inspection  
30 of proper officers, a correct record of each permit issued by recording the permit or plate number, buyer's  
31 name and address, year, make, manufacturer's vehicle identification number on which the permit is to be  
32 used, and the date of issuance.

33 8. Upon the transfer of ownership of any currently registered motor vehicle wherein the owner  
34 cannot transfer the license plates due to a change of vehicle category, the owner may surrender the license  
35 plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee  
36 against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the  
37 license plates are surrendered. No refunds shall be made on the unused portion of any license plates  
38 surrendered for such credit.

39 301.160. Upon approval of the application for registration of a motor vehicle or trailer and when  
40 the required fee has been paid to the department of revenue, the department shall forward or deliver to the

1 applicant the registration receipt and the number of license plates prescribed for the vehicle or trailer by  
2 section 301.130, or renewal tabs or window stickers if appropriate. The attachment to the motor vehicle  
3 or trailer specified in the application of current license plates shall be prima facie evidence that the fees  
4 have been paid for such license.

5 301.290. 1. Correctional enterprises of the department of corrections shall purchase, erect and  
6 maintain all of the machinery and equipment necessary for the manufacture of the license plates [and],  
7 tabs, and window stickers issued by the director of revenue, and of signs used by the state transportation  
8 department. [Beginning on January 1, 2011, correctional enterprises shall no longer erect and maintain  
9 tabs for the department of revenue.]

10 2. The director of revenue shall procure all plates issued by [him] the director, and the state  
11 transportation department shall procure all signs used by it from correctional enterprises, unless an  
12 emergency arises and correctional enterprises cannot furnish the plates, tabs, window stickers, or signs.

13 3. Correctional enterprises shall furnish the plates and signs at such a price as will not exceed the  
14 price at which such plates and signs may be obtained upon the open market, but in no event shall such  
15 price be less than the cost of manufacture, including labor and materials.

16 4. All moneys derived from the sale of the plates, tabs, window stickers, and signs shall be paid  
17 into the state treasury to the credit of the working capital revolving fund as provided in section 217.595.

18 301.300. 1. In event of the loss, theft, mutilation or destruction of any certificate of ownership,  
19 number plate, tab [or set of tabs] or window sticker issued by the director of revenue, the lawful holder  
20 thereof shall, within five days, file with the director of revenue, an affidavit showing such fact, and shall,  
21 on the payment of a fee of eight dollars and fifty cents, obtain a duplicate or replacement of such plate,  
22 certificate, tab [or set of tabs] or window sticker. Any duplicate certificate issued for any "motor vehicle  
23 primarily for business use", as defined in section 301.010, shall be issued only to the owner of record.

24 2. Upon filing affidavit of lost, stolen, mutilated or destroyed certificate of registration, the  
25 director of revenue shall issue to the lawful owner a duplicate or replacement thereof upon payment of a  
26 fee of eight dollars and fifty cents.

27 3. Vehicle owners who elect not to transfer or renew multiyear plates shall be charged a fee equal  
28 to that charged for a lost plate in addition to the registration fee prescribed by law at the time the new  
29 plate or plates are issued.

30 4. Notwithstanding subsection 1 of this section, a new or used motor vehicle dealer may obtain a  
31 duplicate or replacement title in the owner's name if the owner's title has been lost, stolen, mutilated, or  
32 destroyed and is not available for assignment. In order to obtain the duplicate or replacement title from  
33 the department of revenue, the licensed dealer shall procure a power of attorney from the owner  
34 authorizing the dealer to obtain a duplicate or replacement title in the owner's name and sign any title  
35 assignments on the owner's behalf. The application to the department of revenue for the duplicate or  
36 replacement title shall be accompanied by the executed power of attorney, or a copy thereof, and the  
37 application shall contain the appropriate mailing address of the dealer. The director of the department of  
38 revenue is authorized to make all necessary rules and regulations for the administration of this subsection,  
39 and shall design all necessary forms required by this subsection. No rule or portion of a rule promulgated  
40 pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to

1 the provisions of chapter 536. Any rule or portion of a rule, as that term is defined in section 536.010,  
2 that is created under the authority delegated in this section shall become effective only if it complies with  
3 and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and  
4 chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to  
5 chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held  
6 unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28,  
7 2005, shall be invalid and void.

8 301.301. 1. Any person replacing a stolen license plate tab or window sticker issued on or after  
9 January 1, 2009, may receive at no cost up to two [sets of two] license plate tabs or window stickers per  
10 year when the application for the replacement tab or sticker is accompanied with a police report that is  
11 corresponding with the stolen license plate tab or window sticker.

12 2. Any person replacing a stolen license plate tab issued prior to January 1, 2009, may receive at  
13 no cost up to two sets of two license plate tabs per year when the application for the replacement tab is  
14 accompanied with a notarized affidavit verifying that such license plate tab or tabs were stolen.

15 301.302. A citation shall not be issued to any person stopped by law enforcement for a missing  
16 license plate tab or [tabs] window sticker if such person indicates that the tab or [tabs have] window  
17 sticker has been stolen and a check on such person's vehicle registration reveals that the vehicle is  
18 properly registered. A law enforcement officer may issue a warning under these circumstances. In the
