

JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

THIRTY-SIXTH DAY, WEDNESDAY, MARCH 9, 2011

The House met pursuant to adjournment.

Speaker Pro Tem Schoeller in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

The Lord is my light and my salvation; whom shall I fear? (Psalm 27:1)

Eternal God and Father of all, facing responsibilities that tower above us like threatening waves beyond our power to meet adequately - we bow in Your presence, praying for the strengthening uplift of Your Holy Spirit. In quiet confidence we come with humble and contrite hearts, on this Ash Wednesday morning, acknowledging with the Psalmist - *The Lord is the strength of my life, my light, and my salvation.*

As we face the tasks of this day, help us to be conscious of Your presence, and eager to do Your will and to work for the good of our state.

In this time of tumult, through these days of economic uncertainty, give us a steadiness of purpose, a devotion to duty, and a determination to complete the work we are called to do. And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Adam Hart, Jason Hart, Abby Hart, Kyle Bernskoetter, Krista Bernskoetter and Luke Bernskoetter.

The Journal of the thirty-fifth day was approved as printed.

HOUSE COMMITTEE SUBSTITUTE FOR HOUSE CONCURRENT RESOLUTION NO. 17

WHEREAS, the United States Corps of Engineers' five-year study of the Upper Mississippi River Basin, which is everything north of Cairo, Illinois, failed to produce a plan for flood control acceptable to all stakeholders; and

WHEREAS, the Mississippi River Commission did recommend Plan H to the United States Congress; and

WHEREAS, the Corps of Engineers has not recommended this plan to the United States Congress, citing the expense of the construction of 500-year levees along these Rivers (estimated to be \$6 billion) as it does not meet current cost-benefit guidelines for federal funding; and

WHEREAS, the Corps of Engineers additionally determined a need for a better data based upon new hydrology and flow studies and the need to study tributaries to the Mississippi River; and

WHEREAS, the Corps of Engineers indicated that ramifications of the additional 500-year levees and their potential to cause additional flooding would need to be determined, and affected populations and communities informed and advised of the potential impact; and

WHEREAS, the affected counties include the Missouri counties of Lincoln, Pike, and St Charles; and

WHEREAS, Plan H designates only about half of the levees in the Missouri counties of Lincoln, Pike, and St. Charles be raised, while to the north a higher percentage of 500-year levees are recommended for both sides of the River; and

WHEREAS, the stakeholders in the Missouri counties of Lincoln, Pike, and St. Charles desire the protections provided by the 500-year levees; and

WHEREAS, the proposed Plan H, if implemented, denies the benefits of 500-year levees to those making a living along the Mississippi River, negatively impacting agriculture, transportation, businesses, industries, tourism, hunting, fishing, boating, infrastructures, and residences; and

WHEREAS, over 6,500 citizens have signed petitions opposing the proposed Plan H; and

WHEREAS, the Upper Mississippi River Basin should receive funding comparable to funding for the Southern Mississippi River Basin from Cairo, Illinois, to New Orleans, Louisiana:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-sixth General Assembly, First Regular Session, the Senate concurring therein, hereby strongly urge the United States Congress to support a comprehensive plan for the Upper Mississippi River Basin that enhances system-wide flood control without creating adverse impacts on existing levees, levee districts, rural communities, and metropolitan areas. The plan should be based on analysis that quantify the impacts of enhanced flood control measures and acknowledges the importance of keeping agricultural land in production. The proposed Plan H is totally unacceptable to Lincoln, Pike, and St. Charles Counties and we ask the Missouri Congressional Delegation to support modifications of the comprehensive plan, by the Corps of Engineers, to this plan; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for each member of the Missouri Congressional Delegation.

Committee on Economic Development, Chairman Zerr reporting:

HOUSE COMMITTEE SUBSTITUTE
FOR
HOUSE CONCURRENT RESOLUTION NO. 23

WHEREAS, bicycling and walking are essential to millions of Missourians as basic transportation and enjoyed by millions of Missourians as healthful recreation and as part of a healthy lifestyle; and

WHEREAS, encouraging and promoting a complete network of safe bicycle and pedestrian ways and routes is essential for those Missourians who rely on bicycling and walking for transportation, recreation, and health; and

WHEREAS, a safe and complete bicycle and pedestrian system is important for Missouri's economy and economic development; and

WHEREAS, world-class bicycling and walking facilities help promote Missouri as a leading tourist and recreation destination; and

WHEREAS, walking and bicycling improve the public health and reduce treatment costs for conditions associated with reduced physical activity, including obesity, heart disease, lung disease, and diabetes; and

WHEREAS, the United Health Foundation estimates direct medical costs associated with physical inactivity in Missouri at \$1.9 billion in 2008, and projects an annual cost for Missouri of over \$8 billion per year by 2018 if current trends continue; and

WHEREAS, the annual per capita cost of obesity is \$450 per Missourian, among the highest per capita costs of any state in the United States; and

WHEREAS, promoting walking and bicycling for transportation improves Missouri's environment, reduces congestion, reduces the need for expensive expansion of our road and highway systems, and reduces our dependence on foreign energy supplies; and

WHEREAS, creating healthy, walkable, bicycleable, and livable communities helps keep Missouri competitive in the global competition for high quality businesses and motivated, creative workers who consider transportation and recreation options an essential part of a healthy community; and

WHEREAS, Missourians who reach retirement age choose more often to walk and bicycle for fitness, recreation, enjoyment, and transportation; and

WHEREAS, citizens with disabilities often rely on walking, bicycling, and transit to meet basic transportation needs and to make connections with the transit system, face great obstacles within our current transportation system, and benefit greatly from complete and well designed accommodations for bicycling and walking; and

WHEREAS, all transit users depend on walking and bicycling to complete at least part of each transit trip; and

WHEREAS, the number of Missouri students who walk and bicycle to school has dropped dramatically over the past forty years, with 50% of students walking or bicycling in 1975 but only 15% in 2005. In the same period, the percentage of children clinically defined as overweight has increased from 8% to 25%; and

WHEREAS, the principles of Complete Streets are designed to create a transportation network that meets the needs of all users of the state's transportation system: pedestrians of all ages and abilities, bicyclists, disabled persons, public transportation vehicles and patrons, and those who travel in trucks, buses, and automobiles; and

WHEREAS, the term "Complete Streets" means creating roads, streets, and communities where all road users can feel safe, secure, and welcome on our roads and streets and throughout our communities; and

WHEREAS, the terms "livable streets" and "comprehensive street design" are also used to identify these same concepts; and

WHEREAS, coordination and cooperation among many different agencies and municipalities is required to fully implement Complete Streets and create a complete, connected, and safe transportation network for walking and bicycling; and

WHEREAS, the cities of Elsberry, Pevely, Herculaneum, Crystal City, Festus, De Soto, Ferguson, Columbia, Lee's Summit, Kansas City, and St. Louis City have adopted Complete Streets or Livable Streets policies; and

WHEREAS, metropolitan planning organizations in the St. Joseph area, the Kansas City area, and the St. Louis area have adopted Complete Streets policies as part of the long-range planning process:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-sixth General Assembly, First Regular Session, the Senate concurring therein, hereby declare our support for Complete Streets policies and urge their adoption at the local, metropolitan, regional, state, and national levels; and

BE IT FURTHER RESOLVED that the General Assembly encourages and urges the United States Department of Transportation, the Missouri Department of Transportation, the governing bodies of Metropolitan Planning Organizations, and Regional Planning Commissions, municipalities, and other organizations and agencies that build, control, maintain, or fund roads, highways, and bridges in Missouri to adopt Complete Streets policies and to plan, design, build, and maintain their road and street system to provide complete, safe access to all road users; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for Ray LaHood, Secretary of the United States Department of Transportation; members of the Missouri Highway and Transportation Commission; the director of each Metropolitan Planning Agency and Regional Planning Commission in the State of Missouri; and the Missouri Municipal League.
